The Cake Does Its Work.
Among the numerous "spook-cases" in
Butler township, there is one at the farm
conducted by a widow that has a peculiar style
of advertising its wares. According to a
resident of that locality when a stock is on
hand a sweet cake, such as is sold in the
stores, is placed in the window of the
"Shedden," and when the place is dry the
cake is removed. The sign never fails in its
alluring qualities, and its meaning is thor-
oughly understood by lovers of a "stap" who
prefer giving their patronage to places of this
kind rather than to legitimized hostilities.

The Shamokin Elks' Official.
The Labor Day Elks' Official at Shamokin on
September 24th is attracting much interest
among the male choirs. D. J. Lewis, of
Shamokin, has been in Wilkes-Barre the
past few days in the interest of the elks.
Minors' Mills Choral Union expects to go
down 150 strong to compete on that beau-
tiful chorus, "Worthy is the Lamb." Wilkes-
Barre will be represented by the Dr. Mason
Glee Club, which has won many a trophy.

Has Disbanded.
From a reliable source it is learned the
Hazleton Plumbers' Association, organized
about a year ago, and which gave promise of
doing considerable good, has disbanded. As
near as can be learned the chief cause for it
is jealousy, but what hastened it is a bid
made by all of them for the plumbing of
Attorney Weaver's new house. When Mr.
Weaver asked for bids, they all bid \$1250,
and a certain few, if they secured the con-
tract, were to pay a bonus of \$25 to the other
members. —Hazleton Standard.

Rivalry Among Stage Drivers.
There has existed for some time a great
rivalry between Messrs. Dyke and Golds-
worthy, of Central, both of whom are pro-
prietors of stage lines between that place and
Ashland. The rivalry yesterday culminated
in a fight between the drivers of the respec-
tive lines, and one of them used a blackjack
quite freely on his antagonist. Warrants
have been issued. In this connection it
might be stated that the article appearing in
these columns in reference to Shenandoah
parties being attacked by stones while riding
in one of the coaches was strictly true. We
can furnish the name of a Shenandoah lady,
if necessary, who was struck with a stone.
Brother They will please take note.

The True Americans.
At the last state camp of the Sons of
America a resolution was passed inviting the
True Americans to become auxiliaries.
The invitation was accepted by the latter at
their state convention in Shamokin this
week. The committee on Appropriations re-
commended that \$4 per month be added to
Secretary Harris' annual salary of \$400 for
office rent. The salary of the State Asso-
ciated President at \$25 and the Treasurer
\$25. It was also recommended that \$10 be
given each person organizing a camp.
The committee on resolutions recommended
that a special effort be made to secure an or-
phanage in this state during the coming year;
that a special endeavor be made to organize
new camps and that recruiting committees be
appointed by the different subordinate camps.
Lizzie Bartsch, Mary Mader, Tillie
Evans and B. G. Hess were elected delegates
to the National Camp at Berwick.

Cannot Carry Letters.
Beginning with yesterday a new order went
into effect on the Lehigh Valley railroad.
This order is from the United States Post
Office Department, at Washington, and is to
the effect that the company in the future is
not to carry any letters for the Lehigh Valley
Coal Company under consideration, unless
they strictly pertain to railroad business.
These letters, and there have been quite a
number of them, must in the future go
through the mail. If the company refuse to
comply with the law their mail contracts
will be forfeited. The Coal and Iron Works
were furnished with strict instructions yester-
day, and if they detect the company dis-
obeying the law they must report promptly
to the U. S. Postal Department.

The County's Finances.
The county treasury is empty, and yester-
day the County Commissioner, were com-
pelled to issue a temporary loan of \$5000
from an individual, whose name was not
made public. Last month's almshouse or-
ders, amounting to \$15,000, are still outstand-
ing, and another loan will be necessary.
About \$30,000 is due from the state, but it
is not known when this money will be forth-
coming.

affections? If so by all means advise them to

they use this medicine according to instruc-
tions and learn that it positively cures all
diseases it claims, and especially diphtheria,
which is the most dreaded of all diseases.

Employing Cheap Labor.
There are rumors of coming storms at the
North Ashland stripping, all because Con-
tractor Troutman is finding that it is dollars
in his pocket to employ cheap foreign labor
at ninety cents a day, to the exclusion of
American laborers at \$1.30. The question of
whether it will be cheaper in the end re-
mains to be seen.

To Recommend Bardsley's Pardon.
HARRISBURG, July 24.—The next regular
meeting of the board of pardons has been
postponed until Sept. 23. Bardsley's case
will likely be taken up at that time and
acted upon favorably. It is believed that
the members are delaying action in the
case in the hope that the governor will
change his mind and consent to Bardsley's
pardon on account of ill health and the
strong public sentiment which his friends
say exists in favor of his release from
prison.

Forger Fraser Escapes from Prison.
WILLIAMSPORT, Pa., July 24.—Fraser,
the forger, who was recently arrested for
passing a number of bad checks in this
section of the state, cut his way out of the
county jail here. With the aid of a rope
he climbed over the high stone wall and
made good his escape. There is no clew
to his whereabouts.

Bleeked His Life for His Hat.
LANCASTER, Pa., July 24.—John Ploster
jumped off a Pennsylvania railroad train
at Leaman, a few miles east of this city,
last night in order to get his hat, which
had blown off. He landed on his head and
fractured his skull. He will die from his
injuries.

The Coal Trade.
The Anthracite coal trade appears to be
very quiet just at present, and no one is
inclined to do very much business, even under
the stimulus of a further advance in prices.
It seems as if the average retailer had pur-
chased coal some time ago at less than the
current price and that until he is able to get
rid of this coal to what one of the sales
agents calls the "ultimate consumer" there is
not likely to be any great rush for a further
supply. The statistics show that the output
has been about 1,500,000 tons less than in the
first half of this year than in an even period
in 1895, but in spite of all this, market con-
ditions at this time of the year are as quiet
as they can possibly be, and there is no doubt
that the local tonnage produced last year
was sufficient to carry over quite a large stock
into this year. It will be just as well if the
disposition on the part of some of the pro-
ducers of Anthracite coal to boom both ton-
nage and price should be curbed, for it is evi-
dent that this is not a year when a large ton-
nage can be placed. High prices induce
economies or the substitution of other fuels
than Anthracite at distant points where the
prices of coal, hard and soft, diverge so widely
as is the case. If the present circular price
can actually be realized at any time during
this year it will yield a handsome profit to the
producer and carrier, and in any event the
great result of this year's workings will show a
capacity for earning a dividend superior to
1895. —From Seward's Journal.

Another Blow at Gordon.
If, as has been said, through not officially,
the Philadelphia & Reading Railroad Com-
pany intend transferring their soft coal traffic
to the Catawissa branch of their system, in-
stead of shipping it via Gordon as heretofore,
it means more to that town than appears on
the surface. Many of the men at Gordon
are employed in the transportation of this
traffic, and to change the shipment to the
Catawissa division means that they are going
to lose their employment, or else must be
transferred to some other more convenient
point on the system. —Ashland Telegram.
