A Young Girl Assaulted.
 Miss Jennie Greiger and several companions from Taylorsville went out on Broad mountain to gather berries. The former became separated from her companions, and drove towards home for the purpose of organizing a searching party. When near home she was assaulted by two men, who took from the wagon the berries. When her companions reached home a party was organized and search made for Miss Greiger. She was found in a dying condition near her home. Her assailants drove off with the wagon and berries.

PITTY POINTS.
Happenings Throughout the Region Chronicled for Hasty Perusal.

The Pottsville base ball team will play no more games this season.
 The Scheppe orchestra will hold their regular dance to night at Columbia Park.
 The American Hose Company, of Ashland, will run an excursion to Atlantic City on August 13.
 Edward Kear, formerly operator at Girard colliery, has accepted a similar position at the Mahanoy Plane weigh scales.
 L. J. Wilkinson, this morning placed a new sign on his awning at the new building, corner of Main and Lloyd streets.

 Seven citizens of Sunbury want to be postmaster. The commission of the present incumbent expired on Saturday. His salary is \$2,100.
 Waldron, the horseman, who recently disposed of two carloads at the Commercial hotel, is in town to-day, billing a sale for Pottsville next week.
 There is some talk in Mt. Carmel of getting up a debate on the money question. L. S. Walter, Esq., for the gold standard, and William Wilhelm, Esq., of Pottsville, for free silver, would doubtless attract a large audience.—Mt. Carmel News.

Elmer B. Reinhold will address the Young Men's Republican Club, of Mahanoy City, on Tuesday evening on the gold side of the financial question. Arrangements are underway to secure some good talkers to discuss the other side some time in the near future.

Horsemen Appeal.
 Not considering the great pains and efforts the various horsemen about town have taken in repairing the track at the Trotting park, some miscreant last evening drove a heavy truck wagon containing three tons of stone over the newly repaired part, making it full of ruts and damaging it to such an extent that the repairing was of no avail. The horsemen have no objection to anybody using the track for sporting purposes, of any kind, but make a plea in behalf of the sporting fraternity that all owners of truck wagons should keep on the outside of the track.

The Mahanoy City Squires.
 The Squires in Mahanoy City against whom injunctions were served yesterday, accepted the papers under protest. Fear of the number declare they will continue to conduct business until a decision is rendered upon their appeal from the opinion of the district court. The Justices have consulted their attorneys, and it is probable that they will make a test case of the matter by trying a case. They will also make an effort to secure a decision from the county court upon the legality of the election of the Borough Justices.

Drawing to a Close.
 The huckleberry season, which has been in full blast for the past six weeks, is rapidly drawing to a close and it is likely another week will see the last of these luscious berries.
 Telephone for 913.
 The Bell Telephone Company has a rival in Baltimore, who proposes to place telephones in that city at a charge not exceeding \$15 per year for service. By the competition the rates of the present system will be greatly reduced.

POTTSVILLE LETTER.
 POTTSVILLE, July 25.
 The Hlythe township election contest adjourned yesterday afternoon to meet Tuesday, August 4th, when the further examination of witnesses will be resumed. Beside the regular examination of witnesses as to their eligibility to vote, etc., several were called to testify on the proposition of wages on the election. At the next session the contestants will make a special effort to have the ballot box of Cambria district opened and the ballots counted, as they claim that more parties have sworn that they voted for Delaney and Murray, the contestants, than were returned.
 Word was received here this morning that the Third Brigade broke camp at Lewistown at 11 a. m., and the Pottsville troops will arrive home about 6 p. m. The Shenandoah and Mahanoy City troops will get home about 7 p. m.
 Dr. and Mrs. Delville, of Germantown, are visiting their son-in-law, W. K. Woodbury, Esq., of Mahanoy street. Dr. Delville will preach in the First Presbyterian church, of Catsanqua, to-morrow.

Threatened Cave-in at Lost Creek.
 Many houses at Lost Creek are being damaged by the settling of the ground over the workings of the collieries in that vicinity. The Catholic church and the parsonial residence of Rev. P. F. BERNARD CONWAY,

THE NERVES IN SUMMER.
Tired Men and Women Are Made Well Again by Paine's Celery Compound.

Everything out of doors, from grass to sky, urges tired men and women to think of health.
 The listless, worked-out system naturally looks to days like these to undo the mischief done to the year past. Thousands of tired eyes brighten at the thought of rest and recuperation.
 But any thinking person must feel how powerless a few days outing or a paltry, short vacation is against the steady drain on strength and vitality that has been going on so long.
 Only a positive, downright invigorator and purifier can arouse the body out of its bad habit of poor health.
 Paine's celery compound will do what a vacation is powerless to do.
 It will build up the exhausted, nervous organization, give tone to the entire digestive system, and assist it to fill the body with fresh life-blood, abundant and rich.
 Paine's celery compound confidently cures nervous diseases by overcoming the faulty nutrition of these over-exerted parts. It attacks rheumatism, neuralgia, and blood impurities in the same profound manner; rouses the excretory organs to sweep out the annoying bad humors, and thoroughly ride the body of the last trace of impurity.
 This extraordinary remedy is the one means

of wide practice to be relied on in cases of debility arising from whatever cause. It is the only remedy prepared under the eyes of the medical profession and in strict accordance with the directions of a physician of acknowledged ability.
 Paine's celery compound was first used and prescribed by no less eminent a man than America's greatest physician, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth Medical School.
 No ordinary help, no well-meaning but unprofessional ennesation, sarsaparilla or blood purifier could do what Paine's celery compound is able to accomplish; cure men and women of such serious diseases as kidney troubles, liver complaint, dyspepsia, or permanently drive away—and there's the point that no sufferer should lose sight of—permanently drive out of the system, rheumatism, neuralgia, and all skin affections.
 Nerves and brain can be worked out. This is the condition of thousands of exhausted nervous systems that have been almost worked to death in school, counting rooms, factories, and stores. Shaky nerves, flabby muscles, muddy complexions, and the general appearance of weariness and pain tell the story of exhaustion. Persistent headaches go with nervous debility. That terrible throbbing of the heart comes from a wretched condition of
