## WHY WATSON WAS NOMINATED J. W. Binke, a Nebraska Populist Leader

Says He Was Named Merely to Preserve the Party's Identity-Bryan Declines to be Interviewed.

LINCOLN, Nob., July 20.-A notable feature of yesterday was a visit from a num-bor of federal officials who had come t bor of federal officials who had come a long distance to visit Mr. Bryan as the Democratic presidential candidate. The visitors included Frank M. Porch, of Bridgeton, N. J. United States revenue agent, who is making a tour of the west inspecting the offices of collectors. Chairman T. T. Lane, of the national committee of the Silver party, arrived in Lincoin last evening, and with Delegates George Nixon and Sam Davis dined with Mr. Bryan last night. The political sit-

of a social nature. Chairman Lane said that no arrangements had as yet been made for national headquarters, but they would probably be located in Washington J. W. Blake, formerly chairman of th Populist state central committee in this state, and an active factor in Nebrasha Populism, thinks he can see away out of the present entangling alliance of the Democrats and the Populists in the ar-rangement of the electoral ticket so that

rangement of the electorial belows so that but one set of candidates will be necessary. His plan is the same as that suggested by Senator Jones, chairman of the Demo-cratio national committee. He says that the selection of the candidates for the electoral college must be left to the good sense of the Populists and Democrats of the respective states.

"The Populists have nominated Mr. Wateon," he said, "merely to preserve the identity of the party. Populists will not care, in most of the states if all the electors put upon the joint fields in Sowall mon. This is especially true in the north-cra states, and in the southern states it will make little difference, as far as Bryan is concorned. Even if the vote on Bryan and Sewall is divided in the electoral col-menthesis is not a state and the the state is and loge there is not any doubt that the Sewall votes will be largely in the majority. The votes will be largely in the majority. The tickots will be put up in the respective states with the agreement that if the Democratic vice presidential candidate has more supporters in the electoral col-lege than the Populist candidate the votes for the latter shall be east for the formus and discusse." former, and vice versa." Mr. Blake says that there will be no per-

plexities arising from the nomination of Watson, and that Mr. Bryan will prob-ably never have to either accept or reject

ably never have to other accept or reject the Populists nomination, as it is the plan of the Populists to chect Mr. Sewall. He says that the relative strength of the Domocrate and Populists in the electoral collage of the respective states will prob-ably be regulated by the relative voting strength of the parties, which will give a large majority of the vote to Sewall. In relation to the reparticle graphed east from Jufferson City, Me., as to the likeli-hood of Chairman Jones, of the Demo-cratic national committee, withdrawing Mr. Hryan's name from the Populist teles, the nomines would not talk. He was asked if he had consented to the withdrawal of his name, but said he would not be inter-viewed on the subject at all. viewed on the subject at all.
