CLEVELAND, July 31.—By a roundabout way news has been received by friends and relatives in this city of the recent movements of David R. Paige, the most notorious American fugitive in South America. Not for a day has there been a cessation of the efforts being made to meet the forged paper he put in circulation to bolster up his big New York aqueduct contract. The amount of the paper bearing the forged name of John Huntington was originally \$800,000, and it is said that only \$70,000 is now outstanding. Paige is eager to return to the United States, and has been living mostly in the suburbs of Buenos Ayres, Argentine Republic. Recently, however, he has been in London, and it is thought also that he has been in Paris and Canada. There are also certain indications that he was in New York for a few days.

The police are now searching for the other two robbers, whose identity has been established.

Brutal Indiana Whitecaps. BLOOMINGTON, Ind., July 31.—At Modesto, a small town north of this city, thirty whitecaps called at the residence of Mrs. Nettie Chisman, forced the door open, and Mrs. Chisman was taken from her home, robed only in her nightgown, and hanged by her wrists to the limb of a tree. She received a terrible beating with switches. Not content with their work the gang carried all of her household goods and deposited them in the highway, and then fired the residence. No reason is given for the outrage other than an unfounded rumor concerning the woman's character. She is in a precarious condition.

Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION, whose labors so severely tax the nervous system, as that of the ministry. The derangement of the nervous centers of the brain by overwork, frequently brings on attacks of heart trouble, and nervous prostration. Rev. J. P. Keizer, M. D., Pastor U. B. Church, London Mills, Ill., himself a physician, writes Feb. 25, 1895: "Heart affection and nervous prostration had become so serious last fall that a little over work in the pulpit would accomplish prostrate me. Dr. Miles' Heart Cure immediately relieved me. I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would ask me if I did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nerve and derived the greatest possible benefit. I have just closed revival work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand."
