CURRENCY PER CAPITA.

As given in the report of the Director of the United States Mint for 1903 the per capita circulation of money in the principal countries of the world on January 1, 1895, was as follows:

Table with columns for Country and Per Capita Circulation. Includes entries for United States, France, Germany, Belgium, Switzerland, Greece, Italy, Spain, Portugal, Romania, Serbia, and Austro-Hungary.

Per capita circulation is not important where credit is good, for then nearly all business is done by check or note. Portugal has as great a per capita circulation as the United States, and is the poorest of European countries with nearly all her people in poverty.

EX-GOVERNOR FLOWER, of New York, says that the issue presented is a business issue and he intends to meet it as a business man, and though his Democracy may be disappointed, he intends to follow his convictions.

A Day or Two ago we editorially commented on the effort that is being made by certain men within the Republican ranks to secure the adoption of a straddle by the county convention on the currency question.

FORTY-SEVEN WERE KILLED.

cannot be found, and who are not among the unidentified dead or injured. The center of interest yesterday was the improvised morgue and a strange spectacle for this city of proverbial gaiety was the continual procession of undertaker's wagons bowing along Atlantic avenue.

The morgue triage scenes were enacted throughout the day. A few incidents there will suffice to picture the general happenings of the dreadful task of identification.

A young man named Morris Peters, with his father, Joseph, were on the excursion from Bridgeton. Both were killed. Yesterday the mother and daughter came down to look for their loved ones.

Such scenes as this continued all day. A father looking for a little child, mothers in search of their loved ones, staidward, but broken-hearted men hoping, yet dreading, to find their wives, and so on to the end, picturing the direst work that can befall human creatures.

A pathetic fact which has come to light is that the "rat" which ended Knight Ferris' life was to have ended his career as a milkman and established him as a stockbroker. Five years he and his wife had scraped and winced their meagre income to save enough to set them up in business.

BRIDGETON'S SORROW. Business at a Standstill in the stricken New Jersey City. BRIDGETON, N. J., Aug. 1.—The bodies of the victims of the railroad horror who lived here were brought from Atlantic City last evening. Three thousand people were at the West Jersey railroad depot when the train came. It was an intensely painful scene.

Funeral of Robert Garrett. BALTIMORE, Aug. 1.—The funeral services and burial of the late Robert Garrett took place in this city yesterday at Grace Protestant Episcopal church. The sanctuary was crowded with old friends of the deceased, among them being a large proportion of those who are prominent in Baltimore's business and social life.

Johnson's Victim Dead. NEW YORK, Aug. 1.—Michael Lehman, the advertising agent who was shot while trying to break into his wife's room on Tuesday morning by Mrs. Lehman's brother, Charles A. Johnson, died yesterday at the hospital to which he was taken after the shooting. The actions of Lehman, which led to the tragedy, are attributed to his being addicted to the use of morphine.

POTTSVILLE LETTER. POTTSVILLE, August 1. The following deeds were recorded: From John W. Brock to Mary Fitzpatrick, lot in Ashland. From Annie Blaker, admx. of Frederick Grosser, to George W. Gearhart, lot in Ashland. From Anthony Benzins to Michael Kneusky, lot in Shenandoah. From Margaret Coyle to Andrew Wroblewski, part of lot in Shenandoah. From Mary Lynch to Andrew Wroblewski, part of lot in Shenandoah.

MARRIAGE LICENSES. Luke McGinn and Winnie Doyle, both of Healy township. John Shigimpe and Ellen Hutz, of Porter township. Franciszek Jedala and Maryanna Barz, both of Shenandoah. George Horn, of East Union township, committed John Long to jail in default of \$500 bail, on oath of William Shamp, charged with assault and threatening to kill. John Kelly, of Shenandoah, greeted friends here to-day.

Preparing Their Report. Miss Inspectors Stein, of town; James Roderick, of Scranton, and Edward Brannan, of Shamokin, appointed by Gov. Hastings to inquire into the disaster at Pittston mines, held a consultation at Shamokin to-day. The inspectors closed their investigation Friday of last week. Much interest is being manifested on the report by the people from all over the anthracite region, and also in the state, but it will not be made public until given through Governor Hastings.

SOME OF THESE SALVATIONISTS ARE LYING.

NEW YORK, Aug. 1.—Ballington Booth, commander of the Volunteers of America, made the following statement in reply to a statement made by Commander Booth-Tucker: "I am amazed that Commander Booth-Tucker dare to continue so flagrantly to misrepresent the cause of the Volunteers. Booth-Tucker knows he misleads the public when stating that we have only two posts of our strength. We have 100 officers, organized, separate posts. He again willfully seeks to injure the Volunteers by asserting we have many more foreign officers than Americans. In our headquarters and New York regiment alone we have 121 officers, of whom ninety-four are American born. Such statements as the above are either the result of gross ignorance or a willful intent to damage an American institution. The Volunteer movement progresses beyond all expectations."

Tammany for Bryan and Sewall. NEW YORK, Aug. 1.—Tammany Hall will endorse Bryan and Sewall without waiting. The executive committee yesterday afternoon passed by acclamation a resolution to that effect, after defeating a motion to postpone action by a vote of 71 to 4. Immediately immense pictures of the Democratic nominees were raised on the outside of the building and preparations begun for active work. A resolution introduced by John C. Sheehan, and passed, declares that "the executive committee of the Democratic organization of the city and county of New York accepts and approves the nomination of Bryan and Sewall as the wise determination of the Democratic national convention, and pledges our loyal support of their candidacy."

Death of Federal Judge Carpenter. PROVIDENCE, Aug. 1.—Judge Carpenter died here yesterday. George M. Carpenter was a native of Rehoboth, Mass. He was graduated with the degree of bachelor of arts at Brown university in 1854. He was later a reporter, studied law and in 1867 was admitted to the Rhode Island bar. In 1880 he was one of the commissioners to revise the public laws of Rhode Island, and resigned Jan. 1, 1885, and on the following day took oath as United States district judge for the Rhode Island district.

Mrs. Maybrick's Case. LONDON, Aug. 1.—The home secretary, Sir Matthew White Ridley, replying in the house of commons to a question as to whether the government would lay on the table the statement of the Lord Chief Justice Baron Russell of Killowen, regarding the case of Mrs. Florence Maybrick, said that the government would not do so, as the course was unusual and undesirable, and as the letter was written in his private capacity and not in his capacity as a judge.

Secretary Morton to Speak in Nebraska. NEBRASKA CITY, Neb., Aug. 1.—Hon. J. Sterling Morton will speak at the opera house tonight. It is presumed that in his address he will give his idea of the new ticket advocated by the gold standard Democrats, and also his views in connection with the use of his name as the presidential nominee on such a ticket, if it be decided to put one in the field.

Lynched by an Unmasked Mob. CLARENDON, Ark., Aug. 1.—A hundred and fifty men took Geoffrey Gould from the officers Thursday night. At this place, as they were attempting to spirit him away, and hanged him to a tree. Gould is the man who committed an assault on Florence Wright, a white woman in Brinkley, a few days ago. None of the mob were masked.

The Serbia Breaks All Records. BOSTON, Aug. 1.—The Cunard steamer Serbia, which arrived at East Boston yesterday morning with the Ancient and Honorable Artillery company on board, broke all records on her trip from Queenstown to this port. The time made was six days and seventeen hours, and had it not been for fog the vessel would have arrived Thursday night.

The Gold Standard Democrats. INDIANAPOLIS, Aug. 1.—It is now believed that about thirty states will be represented at the meeting of the provisional national committee of gold standard Democrats here next Friday. The Indiana managers have been informed that eleven states have already selected committees, and that the others will select them next week.

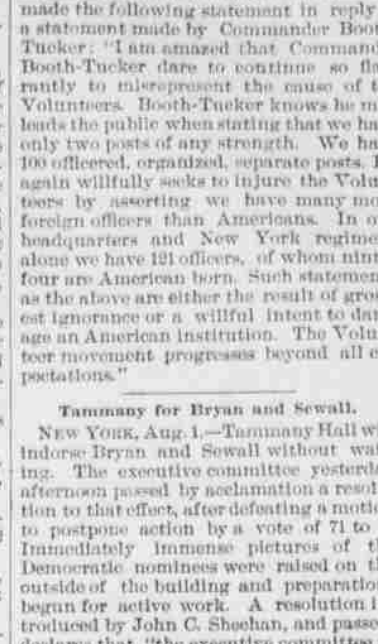

California Fruit in London. LONDON, Aug. 1.—The second shipment of 5,000 boxes of California pears and the few boxes of plums, which arrived here on Thursday in good order, were sold yesterday. The pears brought from 5s. 9d. to 7s. 9d., a better average throughout than was the case with the shipment of last week. The best plums realized 2s. higher.

"DR. MILES, Through His Nerveine is a Benefactor to Thousands."

A WIDELY known Wisconsin publisher, who resides at Green Bay, writes March 6th, 1895, as follows: "Five years ago I became so nervous that mental work was a burden. I could not rest at night on account of sleeplessness. My attention was called to Dr. Miles' Restorative Nerveine, and I commenced to use it with the very best effect. Since then I have kept a bottle in my house and use it whenever my nerves become unstrung, with always the same good results. My son also takes it for nervousness with like never failing success. I have recommended it to many and it cures them. All who suffer from nerve troubles should try it. It is free from narcotics, perfectly harmless, and yet soothes and strengthens. Dr. Miles, through his Nerveine is a benefactor to thousands."
