A horse driven by Superintendent Daniel Thomas, of Morea, ran away yesterday afternoon on the way from Frackville to town and the carriage collided with one in which Mr. and Mrs. E. Anstook, of this place, were riding, breaking the axle and throwing wheels and causing the occupants to be thrown to the ground. Fortunately nobody was seriously hurt.

A horse belonging to Purcell, the candy dealer, of West Cherry street, ran away on West Coal street this morning while the driver was delivering goods in a house. The wagon collided with another vehicle and tore a hind wheel off the latter. Purcell's wagon was badly damaged.

THE BOARD OF HEALTH.

Final Meeting of the Fiscal Year Held Last Night.

The Board of Health held its last regular meeting of the fiscal year in the Council Chamber last night. All the members were in attendance.

There were 12 cases of contagious diseases and 33 deaths since the last meeting, held on June 20th. Of the disease 10 were scarlet fever, 1 diphtheria and 1 typhoid fever. Only one placid is up in town and that is in a case of scarlet fever. Out of the deaths 19 were due to children dying from cholera infantum.

Health Officer Conry submitted a written report on a statement of nuisances.

The sanitary condition of the lockup was discussed and it was resolved that the Borough Council should appoint a janitor to take charge of the place.

Secretary Curtin presented a statistical report for the six months ending June 30 as follows: There were 128 deaths against 156 for the same period in 1895, a decrease of 18 per cent.; 192 burial permits were issued. Of these 42 were for non-resident deaths and 150 for still births. The interments in the local cemeteries aggregated 173, divided as follows: Old Follows, 54; Lithuanian, 53; Annunciation, 30; Polish, 26; Greek Catholic, 10.

The total births to June 29th were 223 against 193 for the same period in 1895, an increase of 14 per cent.

The Board will meet again on Monday evening next, to re-organize, when Mr. P. D. Holman will take his seat on the Board as successor to T. F. Miles, whose term as representative from the Fourth ward expires.

ALMOST A RIOT.

Tax Collector Scanlan Met a Warm Reception This Afternoon.

As to-day was pay day at the P. & R. collieries Tax Collector M. J. Scanlan concluded it would be a good time to try and get in some money at the breakers and he went down to the Shenandoah City colliery pay office. When he asked some Poles and Lithuanians to pay taxes a dispute arose. The argument grew warm and terminated in Scanlan being knocked down by a blow on the head from an oil can. The collector was also kicked several times while on the ground. Several men went to his assistance and a general fight started. Chief of Police Toth, Constable Dando, Specials Michael Hughes and John Downey and a number of others championed the cause of the collector and succeeded in landing five Poles and Lithuanians in the lockup. When the HERALD went to press they were engaged in hunting for more of the men who started and took part in the fight. Scanlan received a bad cut on the side of the head and his clothing was badly damaged.

If you want a fine wedding cake, let Otto make it for you.

Boston Run Colliery Flooded.

An old mine branch near St. Nicholas jig house, that was filled by the recent heavy rains, caved in yesterday morning and a large portion of the workings of Boston Run colliery was flooded. The water descended through the counter chute and passed through several breasts. Daniel Winter, who was loading a car on the bottom split gangway at the time, was covered with the mud and debris and had his face, hands and back badly cut. Cyrus Reimiller, a driver, was thrown from the back of a mule, that became frightened and received painful injuries. Reimiller Patrick Winter and Daniel Reimiller, were closed in a breast three hours.

New Power at Alaska.

Within a few weeks a locomotive operated by compressed air will be placed in operation in the inside workings of Alaska colliery. The long distance it is necessary to haul the coal from the different parts of the mine to the shaft makes it impractical to use the mules alone. The officials have been thinking for some time of introducing electrical power but have finally decided in favor of compressed air, as being less dangerous and more practical and adaptable for mining purposes.

Drillers May Be Stopped.

The bore hole at the Ashland reservoir has reached a depth of 515 feet. Council appropriated \$2,000 for the purpose, and that amount will be expended when 700 feet is reached. The results so far are not satisfactory, the flow not exceeding 2,000 gallons in each twenty-four hours. The water has not increased in volume the past two weeks, and at the next meeting of council a recommendation will be made to stop the boring.

The Mines to Resume.

The supply of coal ready for market is small and as the winter is approaching the consumption of coal will be greatly increased, and the mines must resume to meet the demand. During the coming year our young people can prepare for better fields of labor by spending their evenings in Wood's College. The equipment is superb and the faculty the best. A large patronage warrants a liberal expenditure.

A Pavilion for High Point.

An amicable agreement has been arrived at between the Washington Hook & Ladder Company, of Mahanoy City, and the Lakeside Railway Company, whereby the former gives the latter the privilege to build upon its grounds at High Point a suitable pavilion for the accommodation of the public. The structure will be 50 feet long by 50 feet wide and will be erected in a first-class manner. Its erection will be begun at once and will cost when completed \$1,200.

Republican Headquarters.

The headquarters Monday prior to the County Convention will be at the Merchants' Hotel in the sample room, facing Mahanoy street. Here all delegates should report for enrollment as soon as they arrive in Pottsville, so that the roll may be completed in time and not delay the convention, which from all appearances will be a protracted one.

Hilarity Out of Politics.

PHILADELPHIA, Aug. 1.—William F. Harrity, until recently the chairman of the Democratic national committee, and for years a leader in the party councils, stated yesterday that he has retired from active politics. Mr. Harrity said: "Yes; it is true that I have determined to withdraw from active participation in political affairs. I shall continue to take a general interest in politics, and shall always be ready to do whatever I reasonably and consistently can to promote the success of the Democratic party; but I shall absolutely refrain from any participation whatever in matters that relate to party organization and management."

VICTORIA MAY RETIRE.

Rumor That the Venerable Queen Contemplates Abdicating.

LONDON, Aug. 1.—The rumor that Queen Victoria intends to retire in favor of the Prince of Wales is again current to-day. It is added that court circles are greatly troubled regarding the condition of the queen's health. Such reports frequently have appeared of recent years, only to be semi-officially contradicted later. But it now seems that there may be some actual foundation for the statements made.

It is added that her majesty has decided to spend her time in future at Balmoral or at Osborne, and that she will give the Prince and Princess of Wales the use of Buckingham Palace and Windsor Castle.

There is no doubt that the queen feels greatly the weight of her years and her retirement, and her majesty is quoted as having repeatedly remarked during her last stay in this city, at Buckingham Palace, upon the occasion of the recent marriage of Princess Maud of Wales to Prince Charles of Denmark: "This is my last visit to London."

Color is given to the rumors in circulation by the deep emotion displayed by the queen as she bowed in reply to the enthusiastic cheers of the multitudes which lined the route from Buckingham Palace to the railroad station, where she took the train for Windsor after the marriage ceremonies.

A JEALOUS HUSBAND'S CRIME.

His Victim, While Looking for a Supposed Burglar, Met His Death.

WILLIAMSPORT, Pa., Aug. 1.—Farnham Lyon, a prosperous farmer, who lives just across the line in Potter county, murdered George Patterson, a carpenter, early Thursday. Patterson was engaged by Lyon to build a house, for which he was to receive so much per day and his board. Lyon peddled meat through the country and was often away from home. He suspected Patterson of being too intimate with his wife, and on Wednesday night planned to ascertain whether or not his suspicions were groundless. He started as usual on one of his trips, but when he had driven a short distance he tied his horse, and with a big skinning knife went to his home.

He stole quietly up stairs and found Patterson in the hallway. Without a word of warning he stabbed Patterson again and again. Suddenly he came to his senses, and sent for a physician and helped to dress the injuries he had so cruelly inflicted. Patterson lived about six hours, dying Thursday noon. In his ante-mortem statement he said that he heard some one snapping up stairs, and thinking the intruder a burglar went into the hall to capture him, when he was stabbed. Lyon is under arrest.
