A PAIR ON A TEAR. Taken From a School Ballding to the

Lockup. Shortly before 12 o'clock last night, when a car on the Lakeside electric railway arrived at Main street, it had among its passengers a young man and woman who were first asleep and could not be aroused by the conductor. They had boarded the car at Mahanoy City and were drunk. Policeman Goodman was alled and after some treable succeeded in milled and after some trouble succeeded in getting the man awake and on his fast. The officer then turned his attention to the woman and by the time he had her on her fact her partner was structed out upon the opposite seat, fast taskep again. Finally Goodman got both out of the cav. The woman made a rush for the sidewalk and in trached are after a short on a destate a twinkle was fast asleep on a doorstep. Once more Goodman started the pair off and he saw no more of them until about an hour later, when Thomas Bellis notified him that there were people striking matches, in the unfinished school building on North White street, which is next to Mr. Hellis' residence. Goodman and Bellis went to the place and found the pair that had given the officer so much trouble. They had made a bed of shavings and made themselves as comfortable a possible under the circumstances for the light. Goodman's patience was exhausted and he took the pair over to the lockup, where ey remained until this morning and were ken before Chief Burgess Burns. The taken young man said he was Michael Cummings, of Mahanoy City. The young woman gave the name of Mary Lewis and said she lived in West Mahanoy township. Neither could pay the borough fine and were sent back to the lockup for 48 hours. The case caused a rumor that an attempt had been made to set he new school house on fire. William Reed and John Webb became engaged in an alterention about a trifling matter which resulted in a fight. Joshua Klechner, an old man 70 years of age, was standing near at the time when Webb atempted to strike Reed and missing him struck Klechner in the stomach which felled him to the ground. In failing Klechner's head struck the edge of a porch and the blow ruptured a blood vessel and rendered him onscions for a long time.

Appreciative Teachers,

In one of the townships of Northampton county the school directors met recently to elect teachers for the coming year. The meeting was held at a hotel, and each teacher upon being elected, called the directors into the bar-room and "set 'em up." As there were some sixteen teachers elected, after the last one was elected the members of the board were in no condition to do any further business. The story is vouched for, says the Bangor News, by a gentlemen who was in the neighborhood the day the meeting was held.
