A CALL.

To the Friends of Binetallism.

Mr. Brumn's declaration before the Republican County Convention on Monday, August 3, 1995, against the free coinage of silver and for the gold standard as expressed in the St. Louis Republican platform of this year, makes it necessary for the aggressive and true friends of the silver and gold standard and favorable to the cause of bimetallism.

That we may be able to vote and act intelligently for the double standard, that is, to have the mints open to the free coinage of both metals at the ratio of 16 to 1, we issue this call for a meeting at the Exchange Hotel, Pottsville, Priday, August 7th, 1896, at 10 o'clock in the interning.

J. H. Pomerov, J. C. McGinnes, Wh. Wilhelm, M. J. Lawlor, Harry R. Foster

The contemplated bolt of the free silverites has caused very little uneasiness among the Republicans, and the Democrats encourage the movement with little enthusiasm. Some say it will effect both parties about equally.

There is much speculation and many rumors affoat as to the result of the meeting MEN'S SUITS on Friday. A prominent Greenbacker from north of the mountain said to-day that William Wilhelm, of Pottsville, is spoken of as a candidate for Congress, and that Daniel of 50 per cent. Political Prognosticator.

County Controller R. R. Severn has shown self quite a prophet on political matters. With several other court house officials he made a guess on July 31st, as to the probable result of the Hepublican convention. Yesterday the guesses were opened, and Mr. Severn missed but one. His guess was as follows: For Congress, C. N. Brumm; Treesurer, Elias Davis; Prothonotary, James R. Deegan; Clerk of the Courts, John T. Shoener, Recorder, Emanuel Jenkyn; Register, F. C. Reese; Commissioner, Frank Rentz and Charles Myers; Director of the Poor, Lurwick, The last one he missed, S. J. Deibert named all the successful candidates.

It is evident that the Shemandoah rioters are neither peaceable nor law-abiding, and that they do not value the privileges which our laws confer upon them. They should be made to understand that they cannot evade their due share of taxation, much less offer forcible resistance to the authorities who have been duly constituted to carry on the affairs of government.
