This is the name of a SWING CHAIR for children and infants we have taken the agency for. It can be adjusted to any are close and in doubt, and it is about a stand off in those. Johnston's official and estimated majorities amount to 48,873 while Goodwyn's majorities are 0.205, leav ing Johnston's net majority at 42 000. Heav-ing Johnston's net majority at 42 000. The official canvass of the vote Saturday will, it is thought, not vary from these figures. The house of the legislature stands 74 Democrats (a gain of ten members), 20 Popu-lists and 7 doubtful. In the senate the Democrats have elected 13 members, the Populists 3 and 1 is in doubt. This gives the Democrats over three-fourths of the legislature. Johnston's majority in the white counties is nearly 10,000, not including the black belt, which is calculated to dispose of the charge that Goodwyn was elected but counted out. Conservative Populist leaders assert that if it is shown officially that the white counties elected Johnston they will support Bryan and Sewall in November.

WHOLESALE BRIBERY.

Valuable Philadelphia Franchise How Was Secured.

PHILADELPHIA, Aug. 6.4 Yesterday's ression of the senatorial investigation committee assumed a sensational aspect inte in the afternoon. Julian A. Gale, former secretary of the Mutual Automatic Telephone company, a concern which se-cured valuable franchises from the city through, if was alleged, wholesale bribery of councilman of both branches, was the star witness. Gale was mysteriously ab-sent during the investigation of the bribery charges by a committee of connells about two years ago, and his appearance gester-day caused a flurry in the hearing room. He gave his testimony in an easy, natural manner Mr. Gale said that he had been given a

5,000 share certificate of the stock, with in-structions to divide it into seventy-five certificates of six shares each, twenty-five certificates of twenty shares each, four certificates of 560 shares and two certifi-cates of 1.525 shares each. These last two certificates, he said, were made out in the names of David Martin, the political leader of this city and State Senator Charles A. Porter. The two five hundred share certificates

were afterwards divided in fifty lots of twenty shares each. The witness said he took these certificates to the Republican committee rooms and gave them to Martin. The latter said, according to the witness, that Gale would have to in-dorse the certificates. The witness testified that he went over to the office of Tax Receiver Taylor in company with James Handley. Then, he said, he returned to the Republican city committee rooms and handed the certificates to Mr. Martin, who

placed them in a gripsack. Gale said that he was spending a vaca-tion in Baltimore when the councilmanic investigation was in progress. While there he got a telegram from John P. Persch, The goal at the second Trenton twice for the purpose of confer-ring with John P. Persch.

George Persch, who was in the employ of the Mutual Automatic company cor-roborated Gale's story. He described how the stock was "split up," and said he was at the office of the company when Mr. Martin called to get the certificates. The witness then told how he had gone to New York during the investigation of the New Fork during the investigation of the Telephone scandal, and detailed various sums of money which, he alloged, had been paid to him by Mr. Martin, William Persch, another brother, corroborated some of the nost essential parts of George Decking the instance of the second parts of George Persch's testimony.
