REPUBLICAN NATIONAL TICKET.

FOR PRESIDENT,
WILLIAM MCKINLEY,
OF OHIO.
FOR VICE PRESIDENT,
GARRETT A. HOBART,
OF NEW JERSEY.

REPUBLICAN STATE TICKET.

FOR GOVERNOR-GENERAL,
GALUSHA A. GROW,
OF PENNSYLVANIA.
FOR SENATOR,
SAMUEL A. DAVENPORT,
OF ILLINOIS.

There will apparently prove a year of repudiation, and the people of the county would do nothing to the Democratic ticket this fall.

There is a rapid coming of wind from the Greenback already. For every free silver deserter from the Republican ranks, they will be two gold standard Democrats in his place.

The money plank of the Republican platform serves notice on the world that under it this country proposes to pay one hundred cents on the dollar to every one of its creditors.

Patriotic Democrats recognize none of their party's principles or of their party's leaders in the Chicago platform or ticket. They are therefore deserting the Cozy Quilt party every day and are enlisting for McKinley.

The circular letter of the majority members of the School Board, giving their version of the Bogart case accompanied with affidavits, appears on the fourth page of today's paper. Our readers will read the article with much interest. It is a plain statement of facts, without any coloring one way or the other.

SAM. LITCHER spent all day of Monday, when the Republican convention was held, in the offices of his friend's library, in a dark room, W. John Whitehouse was nearby in close consultation with his brother-in-law. The bald-headed statesman from Schuylkill Haven was elected Senator the following day without opposition. These two occurrences substantiate all that has been said in references to the combination that was formed to nominate Truman.

OUR Democratic friends have the choice of two platforms—that adopted by the state convention held at Allentown and the one promulgated by the so-called Democratic gathering at Chicago. One is for the gold standard while the other favors free silver at 16 to 1. Surely our Democratic friends are in a dilemma—as much so as the Evening Chronicle in its efforts to expose the national ticket and at the same time swallow the county ticket.

DEMOCRATIC presidential electors have been resigning ever since the Chicago convention adjourned. Candidates for Congress are refusing to stand. HARRY has withdrawn from politics, so showed to come out openly against his party and permit his enemies to read him out of it, and now comes the announcement that Chairman Wright will shortly resign the chairmanship. Yet the hungry seekers after loaves and fishes in Schuylkill swallow everything, and every Democrat who holds the honor of his country above all else is to be read out of the party. What a crowd of patriotic citizens they are!

The Republicans have had their funnings, and now the Democrats will occupy the "boards" for the next few days. Here in Shenandoah the contending forces are waging an active warfare for the control of the delegates to the county convention on Monday, and as a result the primaries to-morrow will prove interesting. There are four candidates so far announced, with the fifth ready to present his name should the location and the will of the convention manifest itself in that direction. From a party standpoint Shenandoah is entitled to more than one nominee on the county ticket, but the "states" so far made give the town but one office. If such proves to be the case on Monday there will be some fun here on election day. The Democratic ticket, after the slashing it will receive, will never be recognized on the morning of November 4th, unless the wishes of the disfranchised of Shenandoah are conceded to. Let the land play.

We are in receipt of a lengthy communication signed "True Democrat," bearing the post mark of one place and dated another, asking us to give space to a half column article leading the good qualities of a certain candidate for office. We are always willing and anxious to please our friends, especially those of Democratic faith, but in the present case and similar ones we are compelled to withhold the article until the "wherewith" is forthcoming. We appreciate the fact that our Democratic friends realize that the columns of the HERALD are the best means of reaching the great majority of the reading public, of both political parties, but the stick in trade of every newspaper is its space. It is hardly the proper thing to ask that the same be given away, even if it is to please "the many patrons of your valuable paper." Might as well ask a merchant to furnish you with a barrel of flour for the same reason. Our space is for sale, and as we are not in the business for glory alone, the "wherewith" must be forthcoming.

BOROUGH COUNCIL MEETING.

(Continued from First Page.)
superintendent all the looking he requires. Upon motion of D. R. James the officers of Council were instructed to negotiate a loan of \$1,500 for 60 days.
Upon motion of Mr. Reese the finance committee was instructed to get the exoneration lists for 1899 from the tax collector, and upon motion of D. R. James, Council will meet next Thursday evening to settle the duplicate of 1894.
D. R. James said the lockup was in a bad sanitary condition again and the secretary read the following communication:
"At a regular meeting of the Board of Health, held Friday, July 24th, the sanitary condition of the lockup being under discussion, the following motion was unanimously adopted: It is the sense of the Board of Health that some plan should be adopted by the Borough Council to keep the lockup in a sanitary condition, and to find a janitor for the purpose should be appointed."
It was decided upon motion of McGuire, that the Supervisor send a man to the lockup every morning, during the summer weather to clean out the place with a hose.
Mr. Cookley said certain special police who had assisted in making arrests complained that they had received no fees. A discussion brought Chief Burgess before to his feet and he said that 13 men were arrested recently in the First ward, and according to the claims about 20 police assisted in the case. Only \$15 was collected from the prisoners and there were several special officers who complained because they did not get a share.
Mr. McGuire said: "It is about time we should have an office for the Chief Burgess and he should leave the office only when he is compelled to go out. He should also have a full statement of what money is received by the Burgess and the police. The matter has come far enough to adopt that kind of a system."
Attention was called to the fact that the Burgess and Chief of Police make monthly reports to Council, but it was argued that the Burgess should keep a docket and it should be open to inspection by Council at all times.
A grade was adopted to Pauch alley and the street committee was authorized to change the sewerage system at Catherine and Centre streets and not in two trigs.
The survey committee was instructed to give a grade for Laurel street, from Penn alley to Main street, and also to purchase granite stones.
The officers of Council were instructed to sign the lease for the public dumping grounds owned by P. & H. C. Co. at a rental of \$25 a year. The grounds are to be fenced and the Chief Burgess will have charge.
Water meters have been placed in the Shenandoah Steam Laundry, the Ferguson House, William Neiswender's stable and a saloon in the First Ward, with good results thus far.
An application from the Shenandoah Electric Illuminating Company for permission to extend its lines on Lloyd street from Jardin to Chestnut, and on Laurel street from Penn alley to Jardin street, was referred to the street committee with power to act.
An invitation from the Defender Hose Company, of Turkey Run, asking Council to participate in its parade and picnic on August 15th, was read. Mr. Lally moved that the communication be accepted and filed and Mr. Straughan amended that Council attend in a body. The motion was carried as amended.
Mr. Engert protested against the burial of dead animals in the dirt bank at Kohlscholar colliery, as public nuisances are created by the covering up of the same. The High Constable and directed to look after the matter.
The report of Borough Treasurer Davies for July showed: Receipts, \$8,694.70; disbursements, \$7,724.90; balance, \$969.80. To date \$19,600 worth of all bonds have been redeemed and \$18,200 new ones sold.
The Chief of Police report for July showed 23 arrests. Of these 23 paid fines and 10 served time. The fines collected amounted to \$54. The Chief Burgess collected \$69 during the month.
The report of Fire Marshal Adam Kantner showed that there were three slight fires during the month.
On motion of Mr. Cookley it was decided to replace another incandescent light in the Rescue company's apparatus room.

THE GREENBACK GATHERING.

They Held Their Conference This Morning at Pottsville.
Special to EVENING HERALD.
POTTSVILLE, Aug. 7.—A small but enthusiastic gathering of free silver Republicans, who had issued a call for a meeting at the Exchange Hotel, at this place, for this morning, the 7th inst., at 10 a. m., met at the above place and perfected an organization by electing John W. Parker, of the Mahanoy City Branch, as chairman, and M. J. Lawlor, of Shenandoah, secretary.
The Chairman called for expressions of opinion as to their standing on the issue and of their former leader's action in Monday's convention.
J. H. Pomeroy, Esq., of Shenandoah, first addressed the gathering. He defined his position as a bimetalist and said he would not support the Republican nominee, Charles N. Brannan, for Congress from this district. That he was first, last and always a Greenbacker, and would not consistently support Mr. Brannan after his action on Monday.
William Wilhelm, of Pottsville, followed Mr. Pomeroy and told the convention to take encouragement for he said that he had received many letters from supporters all over the county regretting their inability to be present, but promising support. He further said that Philadelphia was a great center for the advocates of bimetalism, one paper in that city having almost tripled its circulation since becoming a free silver organ; that out of forty-three free silver papers in that city there are forty of them free silver advocates. He struck the keynote of the convention when he remarked that the fight was not for gold or for silver, but for the coinage of silver at 80 per centum. He suggested that all those present sign the call to ascertain who were the friends of bimetalism present, and concluded with the remark: "My party may change, but I am not tied to party; I am tied to principle."
The call was then read and all those favoring the position taken stepped forward and signed the document.
Chairman Parker then said that as the gathering was more in the nature of an informal assembly, rather than a public gathering, all those who had not signed should retire from the room. Harry E. Foster, of Pottsville, was appointed Sergeant-at-arms and the room was cleared of all but supporters. The convention then went into executive session.
The result of the executive conference cannot be learned, other than that a committee of eleven were appointed, for what purpose is not divulged. Those who participated in the meeting will not talk.

A little daughter of Mr. Lewis Dayton, an old and much respected citizen of Barnitz, Pa., occasionally has trouble with her stomach which gives her considerable distress. In speaking of it Mr. Dayton said: "As soon as she has an attack we give her a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it has never failed to relieve her promptly. We all use it in our family with the same good results." For sale by Grubler Bros., druggists.

The anthracite coal market is reported as dull by all the reports which come to hand from the ports and places at which the coal is sold, and yet at the same time there are reports from the districts in which it is mined that the production is to be increased, so that during the month of August 4,000,000 tons will be shipped. The Coal Trade Journal says it must be evident to anyone who will view the matter from a conservative standpoint that the business is not in very healthy condition, and it would have been just as well, if the producers wished to maintain the price which they have put upon this coal and to secure still further advances, if the product during August had been cut in half.

The Boring to Continue.
The Borough Council of Ashland held an important meeting Wednesday evening. It was decided to continue the boring at the reservoir for another month, the present supply from the well being about 4,000 gallons per day. New water rates, where the same is used by metre, were adopted to take effect September 1st. For a quantity less than 10,000 gallons per month, 10 cts. per thousand; from 10,000 to 30,000 gallons per month, 8 cts. per thousand gallons; from 30,000 to 100,000 gallons per month, 6 cts. per thousand gallons; for 150,000 gallons or more per month, 5 cts. per thousand gallons. The council authorized a loan of \$2,000 to meet current expenses.

Some years ago when suffering with an unaccountably severe attack of diarrhoea, Mr. W. B. Guinness, of Ates, Pa., received through the mail a simple bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I found it to be one of the most effective remedies I ever used. It gave me almost immediate relief. It has no superior and I think no equal. No bad effects follow the use of this remedy. It is pleasant to take when reduced with water and sweetened. Children like it. It never fails. It is the most perfect remedy ever produced for bowel complaints." For sale at 25 and 50 cents per bottle by Grubler Bros., druggists.

FERGUSON HAS THE FLOOR.

The Democratic Candidate for Commissioner Arraigned.
Special to EVENING HERALD.
POTTSVILLE, Aug. 7.—Believing that loyalty to the principles of the Democratic party and the faithful support of its candidates regularly nominated, constitute the supreme test of the Democracy of the individual, and believing that treason to the party and its candidates should never be rewarded by political preferment, we deem it just and proper at this time to direct your attention to the past treachery of a man who is now seeking a nomination at the hands of the Democratic party of Schuylkill county.
It is only necessary to go back three years in the history of the Democratic party to show that the gentleman to whom we refer should be ashamed, if he possessed any sense of shame, to even acknowledge himself as a candidate for any office, or pretend to have any claim whatever to the Democratic party. In 1888 Mr. P. J. Ferguson, of Lost Creek, was a candidate before the Democratic county convention for the office of County Commissioner. After a long and bitter struggle in the convention he was defeated and James Leahy was nominated. It was not until that Mr. Leahy was not honestly and honorably chosen for the place on the ticket to which Mr. Ferguson aspired. Neither was it intended that any unfair advantage had been taken by Mr. Ferguson in the contest.
Under these circumstances, if Mr. Ferguson was a Democrat, he should have declined to come from the convention and courted his influence to secure the election of the ticket.
Did he do it?
The election returns from his district, the day after election showed the extent of the obligation he felt himself under to the party. The Democratic vote of the district in which Mr. Ferguson was elected was 105 votes. Mr. Maholland, candidate for Controller, received 55 votes, and Messrs. Martin and Leahy, candidates for Commissioner 32 and 55 votes respectively. That the slaughter of the Democratic ticket in this particular district was the result of the treachery of Mr. Ferguson, and his friends and associates, was their own fault at that time, and we are not aware that they deny it now.
Mr. Ferguson is again a candidate for the office of Commissioner. Do you, as a Democrat, believe in rewarding such a man? Do you think treachery should be rewarded with a nomination and election? Do you think the treachery to the party is shown in the vote of some of the other candidates. Here are the figures:
Mr. C. Kirk, the Democratic candidate for Probationary, received at the Lost Creek poll, 38 votes; Mr. Scheurman, the candidate for Recorder, received 10 votes; Mr. Curran, candidate for Register, received 105 votes; Mr. Maholland, candidate for Controller, received 55 votes, and Messrs. Martin and Leahy, candidates for Commissioner 32 and 55 votes respectively. Ministers Should Use Dr. Miles' Heart Cure.

There is no profession, whose labors so severely tax the nervous system, as that of the ministry. The derangement of the nerve centers of the brain by over work, frequently brings on attacks of heart trouble, and nervous prostration.
Rev. J. P. Kester, M. D., Pastor U. B. church, London Mills, Ill., himself a physician, writes Feb. 25, 1895: "Heart affection and nervous prostration had become so serious last fall that a little over work in the pulpit would so completely prostrate me that it seemed certain I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would ask me if I did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have just closed revival work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand."
Dr. Miles' Heart Cure is sold on guarantee, first bottle will benefit or money refunded.
