Another Plea for Thief Bardsley.

HARRISBURG, Aug. 15.—Robert Alexander, of Philadelphia, appeared before Governor Hastings yesterday to urge that ex-city treasurer John Bardsley, of Philadelphia, be pardoned. The governor declined to listen to any arguments on the points in the case by Mr. Alexander except as to his physical condition. Counsel presented letters from Drs. Janney and Hamilton, of Philadelphia, stating that Bardsley is seriously ill and will die soon if not released. The governor agreed with Alexander that the letter from the physicians as to Bardsley's condition was equivalent to an affidavit. A special session of the board of pardons will be held within two weeks to consider the case.

Wilkinson's New Store.

There's busy buyers at every counter of the big store from morning till closing time. Our new store, the great stocks of new choice dry goods and carpets, the artistic displays and the careful attention given all customers by our obliging salespeople, all combine to make this the favorite store for our thousands of patrons. Our prices are lower than others because we can afford to buy in larger quantities; our goods are better, because we are leaders in style and quality, and with our record of nearly 20 years of dry goods buying and selling we know the wants of our trade, and our experience has taught us to buy the best. The cheap canteen worthless stock has no room in our store.

They Will Not Rebuild.

In all likelihood the Logan breaker at Centralia, which was burned to the ground at an early hour last Saturday morning, will not be rebuilt. That was the opinion expressed by a gentleman prominent in the affairs of the Lehigh Valley Coal Co., in conversation with a reporter for the Ashland Telegram. He said that the company now had under consideration the plan of connecting the workings of the Logan and Centralia mines underground, and then improving and enlarging the Centralia breaker so that it would be able to handle the coal taken from both. This would give Centralia one of the largest breakers in the coal region, and would still give employment to the men from both collieries.

The Grant Band Concert.

An open air concert was given last evening on the lawn in front of Keller's store on North Main street by the Grant Band and was enjoyed by several hundred people, among them many residents of Wm. Penn, Lost Creek and Girardville. One car on the Schuylkill Traction line carried 80 passengers to the place where the concert was held. The program rendered was a very pleasing one and the band was heartily applauded at the close of each selection. Many citizens commend the police force for the excellent order that was maintained during the concert.

MIKE KLINE CAPTURED.

Arrested With Others at Mt. Carmel for Robbery.

Last Wednesday night Benneville Slobig, the watchman at the Alaska colliery, near Mt. Carmel, was assaulted by three tramps and robbed of his watch. Slobig was beaten with a "billy" and shot through one of his wrists. Thursday night a posse of Mt. Carmel officers was formed to follow a clue and succeeded in arresting Mike Smith, John Wilson and William McHugh. On the way to the lockup Smith broke away from the officers, but was tripped by a miner and recaptured.

It was learned yesterday that Smith is Mike Kline, who led a gang of robbers in this vicinity for several years. The identification was positively made by Jonathan Rogers, Sr., and several other former Shenandoah citizens now residing in Mt. Carmel. Kline was confined in the Pottsville jail several years ago after having led in many burglaries and robberies and was one of the men who made the famous skylight escape from the jail. He was never recaptured. Some months after he and others robbed the house of Daniel E. Brennan on West Coal street of at least \$1,800. Kline was traced to different parts of this state and New Jersey, but never captured. He is now in the Sunbury jail and yesterday Detective Amour lodged a detainer against him for the Brennan robbery.

Obituary.

William J. Lloyd died at 10 o'clock this morning at his home on West Cherry street, after a lingering illness. He suffered for some time from a complication of diseases, but the direct cause of death was pleuropneumonia. The deceased was 30 years of age and is survived by his wife and two children. He had a wide reputation as a caterer and at one time was proprietor of the Palace Theatre restaurant and saloon in Girardville. He was last engaged as caterer in Brennan's restaurant and saloon on North Main street.

Miss Irene Lambert, daughter of Mary E. and the late Philip Lambert, died at her home in Mt. Carmel this morning, aged 20 years. Miss Lambert was a resident of this town up to three years ago and has many friends here who will regret to learn of her death. Last January a disease attacked the bone of Miss Lambert's left shoulder and it grew worse gradually until last June, when an amputation of the arm at the shoulder was made at the Methodist Episcopal hospital at Philadelphia. The operation was performed too late, however, and the disease ultimately resulted in the young woman's death. The remains will be brought to town for interment in the Odd Fellows' cemetery on Monday, leaving Mt. Carmel on the 12:27 p. m. Lehigh Valley train.

A Popular Captain.

At Pine Grove this evening Capt. James W. Umbenhow, of Co. G, 4th Regiment, N. G. P., will be presented with the gold watch offered by the Philadelphia Times for the most popular captain at the annual encampment at Lewistown in July. The presentation speech will be made by Prof. George W. Chanel, of Pine Grove, and Horace F. Reber, of the County Commissioner's office, will respond in behalf of Capt. Umbenhow. Refreshments will be served after the presentation.

Why They Did Not Parade.

Among the organizations which failed to appear in the firemen's parade this morning was the Patriotic Drum Corps. The non-appearance was caused by many of the members being compelled to work. Only five members of the corps were at leisure, and the remaining eighteen could not report. They will, however, attend the picnic of the Mahanoy Piano band at Washington park, Ashland, this evening.

Deaths Recorded.

The following deaths were recorded at Pottsville today: From Bertha Schminke to Geneva Cooper, for a tract of land in Rhyte township; Anna H. Kerschner to Bridget Burke, for premises in Mahanoy City.

Ex-Senator Watson to Marry.

Ex-Senator M. C. Watson, of town, and Miss Annie Costello, of Ashland, will be married at the latter place next week. The day has not been fixed.

The Rescue's New Team.

The Rescue Hook & Ladder Company yesterday purchased from William Neiswenter a team of iron gray horses that will be used with the company's chemical engine and transfer wagon. The team was shown with the engine on Main street last night and made a favorable impression.

DIED.

LAMBERT.—On the 15th inst., at Mt. Carmel, Pa., Irene Lambert, daughter of Mary E. and the late Philip Lambert, aged 20 years and 2 months. The funeral will take place on Monday, 17th inst. Services at the late residence in Mt. Carmel at 11 a. m. Funeral will leave Mt. Carmel on the 12:27 p. m. Lehigh Valley train. Interment in the Odd Fellows' cemetery, Shenandoah. Relatives and friends respectfully invited to attend. 8-15-14

CROWNED WITH HONOR.

The Great Presbyterian, Rev. Charles L. Thompson,
D. D., of New York.

What Paine's Celery Compound Has Done For
the Eloquent Preacher.

From no one class of men has Paine's celery compound received more just praise for its wonderful powers of making the sick to be well again than from ministers of the gospel in every denomination.

Rev. Father Ouellet, Rev. Dr. Meek, the editor of the "Central Methodist," Rev. Dr. Baird, Rev. W. J. White, D. D., of the Georgia Baptist, are among the hosts of clergymen who have gratefully published, that their experience might be of benefit to others, the ever true story of how this greatest of all remedies makes people well, building up the shattered nerves, enriching the thin blood and rooting out disease.

Rev. Charles L. Thompson, D. D., pastor of the Madison Avenue Presbyterian Church in New York city, is a man crowned with honor. Before going to the celebrated church where he now preaches in New York he served in prominent pulpits in Cincinnati, Chicago, Pittsburg and Kansas City. He has written much and well on themes of public interest, presided over the Centennial General

Assembly in Philadelphia, and has been often a commissioner and chairman of leading committees, and an exceptionally forcible debater in all the church courts.

His large charity has made him a welcome representative of his church to other churches and to his brethren of other lands.

Dr. Thompson is a prodigious worker. He is one of many thousands who have discovered what Paine's celery compound does for those who are worn out by labor, who are suffering from some stage of nervous exhaustion, and who require a health-giving remedy that will speedily replenish the system with proper nutriment.

Writing from New York on June 23, Dr. Thompson said:

"I think to use of Paine's celery compound is due the fact that after a winter of exhausting work I have been able to carry my duties through the enervating springtime with unusual ease and comfort."

To the multitude who suffer from the enervating effects of the warm weather in this ell-

mate, this plain, straightforward statement from so eminent and fearless a clergyman should be heeded.

Paine's celery compound has put an end to an enormous amount of sickness and disease. It began at the very outset of its splendid career to cure men and women of kidney troubles, liver complaint and nervous prostration. Its speedy and lasting cures of all these nerve and blood disorders were not slow in spreading its reputation through every state in the country. Physicians everywhere greeted the great remedy as the most enlightened, most skillful means that could be employed for invigorating the "run-down" system.

Thousands of wholly disinterested men and women saw their neighbors and townspeople made well by Paine's celery compound.

This epoch-making discovery in medicine, due to the patience, thoroughness and zeal of the great Dartmouth College scientist, stands to-day unquestioned as the greatest brain and nerve strengthener and restorer the world possesses.
