TUESDAY, AUGUST 25, 1896. REPUBLICAN NATIONAL TICKET. WILLIAM McKINLEY...

HOPE SMITH is another mystery added to Shenoykill county's band of patriots.

The Democratic party is still committed to free trade, just as much as to free silver.

NATURE abhors a vacuum, and when this company is above the place now occupied by Wilhelm and his band of patriots will be filled by air, and all will again move along smoothly.

SENATOR TILLMAN's speechless silence amidst the press, his speechless have been fully reported for the reason that they made excellent campaign material for the Republicans.

AND still candidate Shepherd refuses to talk. It is said he is deliberating the question whether to stand by the Democracy of Jackson or come out in favor of the Populatic doctrine of Tillman.

MAN as a general thing has no great desire to take up a solemn march through a slaughter house to a political grave, but that is just the fate that some of the Democratic nominees will meet in November.

MR. DEYAN has set the example for holding. He once said that no power in heaven or earth could make him support a gold-standard Democrat for office.

WITH the introduction of the telephone company in this city, at a reduced rate of 75 per cent, over the present charge, comes the news that the Western Union Telegraph Company has secured control of the Bell Telephone Company.

SENATOR TILLMAN—He of pitiful fame—was unduly in his remarks referring to the press, especially those who support the silver cause.

ALLEGEDLY a Democratic convention, which met in Allegheny previous to the Chicago convention and declared in favor of the present gold standard, will meet again on September 10th, under a call issued by Chairman Garrison.

THE end farther in the camp of the free silverites. The end farther in the camp of the convention will meet for the purpose of adopting a platform in accordance with the principles of the Chicago convention.

It is the general belief that mining is more dangerous than railroad, but a comparison between the two, as furnished by the Interstate Commerce Commission's report, gives a different impression.

Order was restored by the police.

Cabinet Crisis in Germany. LONDON, Aug. 25.—The Berlin correspondent of the Times says: "The danger of a cabinet crisis and the resignation of Chancellor Hohenlohe seems to have been averted by the statement of the Reichszanzler that Emperor Wilhelm desires a bill to be drawn and submitted to the Bundesrat relative to reform in the criminal procedure of the army. This acceptance of a measure along the lines of the recent speeches of Prince Hohenlohe indicates that the steady pressure of public sentiment has resulted in the defeat of the irresponsible military caste, whose growing influence in the highest quarters had threatened to render the imperial chancellor's position untenable."

There was no time from the start until the race was postponed that there was enough breeze to take the boats over the course in the time limit.
