BRYAN T ALBANY.

Meets Senator Hill at Dinner in New York's Capital.

THE RESULT NOT MADE PUBLIC.

He Afterwards Addresses Ten Thousand People in the City Hall Square-Senator Hill Was Not Present During the Address. Mr. Bryan at Utica.

ALBANY, Aug. 20—The second day of William J. Blerah's trip we troud from the scelasion of Rail Hode was an eccut-ful one, crowd a write a variety of inci-niums of travel including a picture-sque remotion at a simular hotel, a stirring speech to a crowd of workingmen at the speech to a crowd of workingmen as the town of Kingsten, and culminating in a great meeting at Albany, where the cab-diduce spokets a crowd estimated at from 7,000 to 10,000 people, packed in the city half speace under the shadow of the state h sure. Helore this demonstration Mr. and Mrs.

Bryan sat down to a dinner with Smater Hill and prominent Albany Domocrats at the sonator - magnificent home, titled Woolforts Hoost, whither they were driven directly from the depot, where a strong lunged crowd came near mobiling them on their arrival. Those who met the Democratic candidate and his wife at Mr. Hill's much discussed dinner were: Suprema Court Judgo D. Cady Horrick and wife, Louis W. Pratt, the collector of and white, Don's W. Pratt, the collector of customs, and wife, Norton Chase, chair-man of the city Democratic committee, which, with other local organizations, had the meeting in charge. For marry three hours Mr. Bryan was the guest of the New York senator, and although every partici-pant in the dinner averred that it was purely a social affair their descriptions were taken with a grain of salt, it being the general impression that an under-standing was reached which will insure to Mr. Bryan the support of the party organigotlon in the state

The crowd began to gather in the city hall square two hours before the meeting. and when Mr. Beyan faced them the peo-ple were packed in solid masses over sev-and acres of pavement and sod, with ad-centurous mon clinging like boquets in the branches of trees and climbing telegraph and lamp posts. His appearance as be stopped upon the flag draped platform kindled a flered shout, which swelled into cheers, with hundreds of hats and hand-kerchiefs in the air. He was escorted by Messes Chase and Pratt, Roborder James Mithews, Postmister Woods and Collec-tor John P. Masterson. Senator Hill was there. Mr. Chase introduced the orator

r. Bryan said, in part: "Mr. Chairman and Fellow Citizens: It ar. Charman and Periow Citizens: It is project, any more, it is necessary, that the candidate who stands upon a platform shall indorse the utterances of his plat-form, and I stand before you to declare in your presence that I Indorse every word and every spllable of the platform at Chi-ago. But, while I do so, I expect in this mipnion the support of many Democrats to are not willing to indorse all that the intform declares for. In a campaign there is always some overstudowing issue, there is in a campaign always one great para-mount question which more than any other will determine the allogiance of those who support the ticket, and in this campaign we appeal with confidence to those people who are opposed to a longer confinuation of the gold standard policy

the United States.
"I assert that behind the gold standard. in this country the only potent force con-sists of those who hold fixed invostment and those who as brokers profit the greater by more bond issues. They tell the label-ing man of this nation that they ought to support a gold standard. The laboring men have never found the financiers of this nation the men who have exerted themselves to improve the condition of the laboring man.

"As a rule the men who have spent their time trying to break down labor organi-zations—the only protection that the in-boring man has had—these are the men who now come to the help of the laboring man. I ask you if you ought to expect blessings from those from whom you have only received cursings in the past? I no-tice that one of our opponents the other day said that the old soldiers would be opposed to free colunge. They gave the impression that the financiers are very much interested in maintaining a gold standard for the benefit of the soldiers; but, my friends, those men forget that all of the soldiers lived during the war, and that during the war the soldiers knew that the financiers under their levels are very much interested in maintaining a gold No. 30 " Urinary Diseases. Sold by Druggists, or sent prepaid on receipt of price, 25c., or 5 for \$1. that during the war the soldiers knew that the financiers made their bonds pay-able in gold and left the soldier to offer his life upon the battlefield. More than that, my friends. I do not believe that the soldiers who are willing to offer their lives if need be in behalf of their country are today going to join in a conspiracy to gradaye account millions of free result by enslave seventy millions of free people by fettering them to a gold standard." The crowd which followed Mr. Bryan's

scort to the depot rushed through he strong force of police which had been brown about the building and yard, and closed in upon the carriage, so that the candidate and his wife had a hard struggle to get to the car. At 8:15 the train move cart toward Utlen, where the party decided to spend the night. While Mr. Hryan was speaking at Uties about half of the plat-form fell, sending lifty men to the distance of ten feet. None were seriously injured, Rhough several were cut and bruised.
