No Respector of Persons.

That much dreaded disease, diphtheria, is no respecter of person, age or condition in life. It attacks the rich and the poor, the young and the old. But it has met its unflinching foe in Thompson's Diphtheria Cure, which is just what its name indicates. No case of diphtheria was ever known where this medicine was used according to directions and failed to cure. Croup, hoarseness, quinsy, sore throat, etc., are equally removed by it. Sold at Kirlin's drug store at 50 cents a bottle.

DEATHS MULTIPLY.

**Tiny Stomachs Give Out,
Diarrhea Follows.**

Utmost Strength Needed to Withstand Heat of August.

Lactated Food Keeps Them Sturdy, Well Fed and Steadily Growing.

These feverish days and nights make it a question of life and death with the babies. It cannot be impressed too often nor too strongly upon parents that August is the most deadly month for children, especially for those under 5, and for babies going through their second summer, and that now is the time when young children need the most wholesome, nourishing, and palatable diet that can be procured for them.

Lactated food is recognized all over the country as the most nourishing, strengthening, easily digested, and palatable food that can be given the baby.

Hot weather must not be allowed to weaken the child's digestion nor prevent its eating heartily. Many parents, know the vital

SAVED FROM CHOLERA INFANTUM.

importance of keeping baby abundantly nourished in hot weather, force the child to take more food than it can assimilate, or food that is ill adapted to hot weather feeding.

High temperature, with such improper feeding, brings cholera infantum, diarrhea and convulsions.

Mothers who feed their children on lactated food will have the comforting feeling of having done everything possible for insuring baby's health, growth and lasting happiness. Lactated food is the happy achievement of a long desired substitute for mother's milk. It is known to invariably make firm flesh, a clear skin, bright eyes, and to strengthen the child's body so that diarrhea, cholera infantum and exhausting summer sickness do not gain a footing. Lactated food babies are rosy specimens of genuine fun-loving, noisy children, that develop strong physiques, with large bones and muscles.

The only assured safety for pale, weak, sickly babies in summer is for mothers to stick close to a diet of pure lactated food, and the consequent diarrhea—nature's way of dealing with indigestion—is thus avoided. Lactated food is the one perfect substitute for healthy mother's milk. Specialists in children's disorders prescribe it, intelligent parents everywhere recommend it, and babies living on it show how perfectly it is adapted to infant summer feeding, by their healthy condition, their plump, happy faces and their bright eyes.

Mrs. H. A. Vreeland, of Windsor, Conn., has the same reason to bless lactated food that thousands of other mothers have. She writes to the proprietors of lactated food: "I send you herewith picture of my baby, Vera Roberts Vreeland, who has been raised on your lactated food. It was recommended by the doctor and druggists, and it saved her life. She was very sick with cholera infantum, and this was the only nourishment she took. When eight months old she weighed 30 1/2 pounds. I can gladly recommend lactated food to any mother."

Typewriting is Legal.
A new law in this state provides that all typewriting, heretofore executed, and all that may hereafter be done, for any purpose whatever, shall have the same legal force and effect as ordinary writing, and that the word "writing" occurring in the laws of the state shall be held to include typewriting. This is the first state that has thus legalized the work of the typewriter.

FACTORY SHOE STORE.

That's No Joke.
Some miscreant last night removed the figure 5 from the removal sign of Dr. G. M. Hamilton, which caused many of his patients to be misdirected. This would place the doctors new home now occupied as the residence of William Fricke, 41 North Janlin street, who was greatly annoyed by the trick.

Died at the Almshouse.
Mrs. Sarah Lee, a colored woman, died last night in the insane department of the Schuylkill Haven almshouse. The remains were forwarded to her husband, who is employed as porter at the Merchants' hotel, in Pottsville.

Wagon Collapses.
This morning as Thomas Ferguson was turning the corner of Main and Coal streets with a wagon load of stone, the pin in the front truck fell out, which caused the wagon to collapse. With the aid of several men the damage was soon repaired. Traffic on the electric road was delayed for five minutes.

Leg Injured.
Anthony Karminski, of 232 East Lloyd street, who is employed at Kehley Run colliery, had his right leg badly injured by a fall of rock yesterday. No bones were broken, but the injury is a painful one. He was removed to his home, where he is under the treatment of Dr. G. M. Hamilton.

Four Per Cent. Above.
The rate of wages for the miners and laborers for the last half of August will be four (4) per cent. above the \$2.50.

THEY REACHED THEIR MOTHER.

A Heartless Mahanoy City Man Brought to Terms.

MAHANOY CITY, Aug. 28.—Yesterday afternoon a telegram was received by Chief Burgess Stern, dated at Reading, Pa., and signed by Chief of Police Albrecht, of the latter city, asking Stern to locate a man named Andrew Puckella. The man was found on Water street.

It was subsequently learned that three children named Annie, Joseph and Andrew Puckella, ages ranging from 2 to 13 years, had been dropped from a train at Reading and were found wandering about the streets of that city. They were turned over to the authorities. The children could not speak a word of English. They were taken to the station house and given food. An idea of their hunger may be gleaned from the fact that each caught up a loaf of bread and devoured it like famished animals. Chief Albrecht, of Reading, took an interest in the children and furnished them with better clothing, after which he sent the telegram to Chief Burgess Stern.

The children reached here last evening and went to the home of Andrew Puckella, who is their step-father. Mrs. Puckella left the children in the old country four years ago. When they appeared she showed all the signs of motherly affection, but the step-father didn't share in her demonstrations. On the contrary he endeavored to induce the officers to take the children to the poor home. The mother begged that the children might remain, but he refused to relent until several neighbors threatened him with arrest, when he gave a surlly and ungracious consent to take the children in. He says he gave one Ike Goldschmidt, of Mt. Carmel, \$56 to bring the children to this country. He refused to pay a bill presented by the Reading authorities for the entertainment of the children, but the mother succeeded in borrowing the money and settling the account.

The colliers in this valley are running short of water and the supply from the bore hole is now being resorted to. If that gives out it will be necessary to commence purifying the sulphur water again.

The funeral of Joseph Futda, who was killed in the runaway accident at Shenandoah on Friday, will take place here tomorrow, at 2 p. m. Services will be held in the Greek Catholic church and the Citizens' Band of 21 pieces will head the procession.

Political Points.
John F. Finney was appointed Chairman of the Executive Committee to act advisory to Chairman S. R. Edwards, of the County Committee.

Republican campaign clubs are being organized in a number of towns throughout the county.

Col. T. H. Kieckert has been appointed treasurer of the Republican county committee.

The appointment of a finance committee, consisting of prominent and influential members of the party from different parts of the county, will shortly be announced by Chairman Edwards.

The clerks at Republican headquarters are making sound money literature in large quantities.

The Republican campaign will be inaugurated in earnest in a week or two. Chairman Edwards says when he begins to hound the enemy's forts he will keep it up without cessation until the polls close, with two meetings nightly.

The Democratic candidates have abandoned the idea of starting a daily paper at the county seat.

Senator Quay has removed the "dollar brand" from the brow of David Martin, and the politicians are speculating as to what it all means.

See that your name is upon the registration books. The Assessors will be at the different polls on September 1st and 2nd for that purpose.

Farewell Gathering.
A merry gathering of young folks were assembled last evening at the residence of Thomas Cantlin, on East Lloyd street, who had a very enjoyable time. It was the tendering of a farewell party to Misses Agnes Cantlin and Annie Kane, who will leave next week to take up a course of studies at the Bloomsburg Normal School. Refreshments were served and dancing was indulged in until a late hour.

Demand for Horses.

Judging from the many car loads of horses which were disposed of in town by various horse dealers in the past few months, the demand would soon be exhausted. Our veteran horseman, William Neisewenter, has called daily for sales, and in order to accommodate the wants of buyers of horseflesh, he will leave for the West the latter part of next week for another consignment. He says he can supply them all.

The Big School Attendance.

The total enrollment in the public schools of the borough at present is 2,550—1,160 being boys and 1,390 girls. As several of the school rooms are taxed beyond their capacities a few temporary transfers of pupils will have to be made to accommodate all with seats. The present enrollment shows 13 more pupils at the close of the first week of the present year than was enrolled during the whole of the first month of last year.

FINANCE AND TRADE.

The Volume of Business Has Not Increased, Except in a Few Centers.

NEW YORK, Aug. 28.—Bradstreet's commercial agency says: The volume of general business has not increased within the week. Exceptions appear to be at Baltimore, Louisville and Kansas City, which send out more favorable reports as to the quantities of general merchandise sold than any other center. Early movement of crops is said to be behind the increased orders. Another encouraging influence is found in lower rates for foreign exchange, the movement of \$10,000,000 in gold from abroad to the United States, and the expression of opinion that not less than \$25,000,000 in gold is to be imported in the near future.

Consciousness among checks to trade is greatly increased firmness for money at nearly all financial centers. As at New York, banks at most large cities report withdrawal of deposits, in many instances by country banks, higher rates for call loans, and at some points the practical refusal to make time loans.

Jobbers and manufacturers report no general increase in demand for staple merchandise. The tendency of the former is to let the latter carry stocks, and of the latter to cut down production until scarcity compels frugal purchases by wholesalers. Trade opinion is that little gain in business need be expected until after the election. Merchants in regions where cotton and new wheat are moving are somewhat hopeful as to prospects.

The record of this week's business failures in the United States shows a large increase over last week, 330 compared with 204, a gain of 54. Compared with the week a year ago the increase is 130, and with two years ago the gain is 128. In the last week in August, 1893, during the panic, there were 359 failures reported, as contrasted with 330 this week.

Can make beautiful Christmas presents to their mothers next Christmas by spending a few hours time distributing tickets to their friends. The idea is this: The

FACTORY SHOE STORE will give away five of those elegant lamps to the five Boys or Girls whose friends buy the most shoes (in value) at our store before December 22.

This is not asking your friends to buy a ticket or go to any expense for you to get a prize, but it is doing them a kindness by calling to their notice a store where they can buy shoes cheaper than at any other store, and when they buy \$25.00 worth they also get one of those beautiful lamps. Now Boys and Girls start at once, come to our store, get your tickets and give them to your friends before some one gets in ahead of you.
