### Boys Start a Conflagration.

LANCASTER, Pa., Sept. 4.—A fire which threatened to wipe out the village of Bird-in-Hand, a few miles east of this city, broke out yesterday afternoon, and before it was gotten under control the large barn of Colonel James Casey, station agent of the Pennsylvania railroad, was entirely destroyed, and the stable of Daniel Ealy and six dwelling houses were partly burned. The fire department of this city was summoned to the scene by the frightened villagers, but before an engine could be sent the flames were gotten under control. The fire is supposed to have been caused by some boys playing with matches. The fire caused the biggest excitement the little town has known for years.

Miss Amy Edwards, of Mahanoy City, sustained a compound fracture of the right leg in May last, and the limb was not properly set. ### THE PARK PLACE ACCIDENT.

An Inquest Held in the Case at Mahanoy City.

MAHANOCY CITY, Sept. 4.—Deputy Coroner Fogarty and a jury last night held an inquest in the case of Percival Snell, who was killed in the boiler explosion at Park No. 2 colliery.

John Reese, who is a son of Capt. Edward Reese, the superintendent of the colliery, was the first witness. He testified that he looked at the gauge several minutes before the explosion took place and it registered 20 pounds. Reese was struck by flying debris and also killed.

Edward Davis, boiler-maker, testified that he had been employed at the colliery about two months, but worked as boiler-maker seven years. He was sent to fill the boiler. He opened the top valve and it took about twelve buckets of water to fill the boiler. He could not tell the diameter. He started the fire, let the air out and watched the steam gauge. He was working at the pump when the explosion occurred. A minute before that the gauge showed 24 pounds of steam. It took from 10 to 15 minutes to get that amount of steam. He didn't examine the place because he didn't think there was any danger. He didn't know Snell was engaged there and didn't know he was on the ground. He intended to raise 45 pounds of steam.

James Wyatt, colliery machinist, said he had charge of the boilers and Davis was employed under him. He never knew of the gauges of the kind used to become rusted or corroded from being idle. He examined the boiler after the explosion and found it was 3 feet 2 inches long, 2 feet 3 inches in diameter and 3/4 of an inch thick. It should have stood a much higher pressure than it did. He would not have been afraid to sleep along side of the boiler. It would carry 350 pounds of steam and 60 pounds was the amount carried most of the time.

The jury rendered a verdict finding that Snell "came to his death from the explosion of an upright boiler."

### Anniversary of a Battle.

About thirty members of the Shenandoah Kreiger Verein assembled in Noll's restaurant, on North Main street, last night and celebrated the 26th anniversary of the battle of Sedan. Many of the members participated in the battle. Sedan is a town in France. On September 1, 1870, the fortress of the town was the center of the most disastrous conflict of the Franco-German war. Shut in by the Germans, who had occupied the surrounding heights, the whole French army, after a terrific contest, was obliged to capitulate—the emperor, 39 generals, 230 staff-officers, 1,900 officers, and 83,000 men becoming prisoners of war.

### A Social.

A very enjoyable social was held at the home of Miss Annie Derr, on East Coal street, last evening. Games and vocal and instrumental music were followed by a sumptuous repast. Among those present were Messrs. Jennie Eisenhart, Lucy Holst, Lulu Koster, Katie Eisenhart, Lillie Llewellyn, Tillie and Annie Derr, and Messrs. Charles Beltz, Sanford Shoemaker, Hypolite Lawson, Thomas Amour, John Snyder and William Eisenhart.

### LABOR DAY.

Many of the Towns in the County Preparing for Its Observance.

Tomorrow, Labor Day, will be properly observed in many of the towns throughout the county. Shenandoah will not be behind in this respect. The Grand Band will hold a mammoth picnic at Columbia park, and it bids fair to surpass anything of the kind ever held here. The band will give several concerts during the afternoon and evening, and the dancing music will be furnished by the Schoppe full orchestra. This will be a special attraction to the lovers of dancing. Encourage the band by your attendance. They both deserve and need your assistance.

At Girardville the demonstrations will be on an elaborate scale. The Catholic Societies of the county will hold their county convention and parade. After the parade a grand picnic will be held in the O. A. R. park under the auspices of St. Joseph's Legion, which has leased the park for several years and made many improvements about the grounds. The parade will be a large one, many of the musical organizations and various societies of the neighboring towns have promised to be present. The local Catholic societies will attend. The Lost Creek Cadets, with new uniforms, will be a prominent feature of the parade.

The bicycle meet at Lakeside, under the auspices of the Mahanoy City wheelmen, will attract many from different sections of the county. The races will begin at 4 o'clock in the afternoon, and the indications point to a successful meet. There are about fifty entries, including some of the best riders in the state. Shenandoah riders will be represented in the races. A special train will leave here at 9:00 o'clock a. m. and returning leave Lakeside at 9:00 p. m.

The Humane Fire Company, of Mahanoy City, will hold a picnic to-morrow, which will attract a large number of the "fire laddies." The demonstration at Port Carbon to-morrow will be participated in by the camps of the P. O. S. of A. and the councils of the Jr. O. U. A. M., when they will hold their annual joint convention and parade. The Third Brigade Band will head the procession, which will be a large one. The convention will elect officers for the ensuing year and select the place for holding the next demonstration. Shenandoah will not be represented in the parade, although many from the town will no doubt be attracted to the place to witness the demonstration.

If you want a fine wedding cake, let Otto make it for you.

### KILLED ON THE TRACTION LINE.

The Terrible Fate of a St. Nicholas Man Last Night.

MAHANOCY CITY, Sept. 4.—John Davidson, 49 years of age and residing at St. Nicholas, was instantly killed at 11:45 last night on the Schuylkill Traction railway, while sitting on a sill of the track at the western end of No. 9 in charge of Motorman Fred. H. Hopkins and Conductor James Filer. The deceased left a wife and ten children.

Motorman Hopkins had been ringing his bell steadily just before the accident, as a warning to those who were walking on the track. He did not see Davidson until almost upon him. He saw a form lying at the side of the track, but thought it was that of a dog. Davidson was killed by having his skull crushed in by the step of the car. His back and right leg were broken and the right arm crushed to the elbow.

About half an hour before he was struck Davidson was found lying on the P. & R. railroad crossing. Some friends picked him up and carried him homeward. The funeral will take place on Monday afternoon and interment will be made in the Old Fellows' cemetery at Tamaqua.
