THE ARKANSAS ELECTION

Democrats New Claim the State by

Majority of 75,000. Lattle Rock, Sopt a -- Never before was such an overwhelming majority given any gubernatorial candidate as that which was on Monday given General Daniel W. Jones, and never was such a large vote polled in the state. Conservative estimates based on partial returns received now places the total vote at 165,000, and give Jones a clear majority over all oppositions combined of from 60,000 to 65,000. The figures are coming in slow and many Democrats claim that when the back counties are all in Jones' majority will run above 70,000. Many counties in Arkansas have no telegraph offices and it will be several days before the official re-

turns are all in. Chairman Armstrong, of the Demo-cratic committee, gives no figures, but be-lieves the Democratic majority will reach 7,000. The Gazette, in an editorial, says that General Jones' majority over all op-ponents will reach 75,000, and may reach 80,000. Out of the 201,000 voters who were entitled to vote the returns show that 170,000 were polled.
