JEFFERSON'S RULE FOR A COIN-AGE MATRONS

"The proposition before the value of gold and silver is a MERCANTILE PROBLEM altogether. Just principles will lead us to disregard the legal proposition to fix the value of the market price of gold in the several countries with which we shall probably be connected in commerce, and TAKE AN AVERAGE FROM THEM."

SHREVEPORT says he stands where Webster and Jefferson stood. If those statesmen were aware of it, they would turn in their graves.

SHENANDOAH is indeed unfortunate. Besides its other misfortunes, the people must submit to the odium of having the citizens of Knoxville believe that "Mr. To" Smith is a member of the school board here. What has Shenandoah done, that her people must suffer such indignities?

THOMAS MAX THORPE, of New York, who is the author of a book on finance, has met with such poor encouragement in this country, that the meeting advertised to be held in Mahanoy City Saturday night was declared off. Mr. Thorpe's reception in Shenandoah was an utter failure.

WHEN IT comes to a question of venality between President John J. Price, of the School Board, and Detective "Jack" Troske, the former need have no fear as to who the public stands. This is all the reply necessary to the four-column apology offered by the latter. This in itself speaks volumes.

JUDGE PARSONS'S wholesome naturalization of foreigners is attracting attention all over the state and is receiving severe criticism. The Philadelphia "Ledger" says: "Judge Parson's of the Schuylkill County Court, is a good citizen himself, so far as personal conduct goes, but his action in naturalizing ignorant foreigners by wholesale shows that his official acts are not determined by the same principles as his personal ones. If they were he would not inhumanely let aliens into citizens by the hundred."

NO MAN who has filled the position of County Commissioner can boast of a better record in that office than Frank Reutz, of Ashland, and never deserved a re-nomination and election more than he. His record as a thorough business man has made him hundreds of friends within the Democratic ranks, and they will attest their high regard for a faithful and honest public official in no uncertain tones in November. Fearless in the performance of his duty, he has made an unenviable record in the Commissioner's office and deserves much at the hands of the taxpayers of both parties.

THE letter of Secretary of War Daniel S. Lamont, in which he repudiates Mr. Bryan and his whole outfit and announces his intention to vote for Palmer and Beckner, ought to suggest a safe way out of it for Candidate Shepherd. The latter gentleman is a Democrat, the Indianapolis candidates are Democrats, dyed-in-the-wool, and Mr. Bryan is not a Democrat, but half Populist and half Anarchist. If Mr. Shepherd cannot appear as Secretary Lamont, it ought not to be difficult for him to go as far as such a candidate as Sincerely, Harriett and Wright, and hundreds of other Democrats in Schuylkill county. But, then, Mr. Shepherd wants to go to Congress.

EDMUND PARKER, of the Mahanoy City Record, can with much pardonable pride felicitate himself upon the fact that his paper has reached the quarter century mark, and with its advanced age it has shown much improvement in every branch. With the single exception of the HERALD, it is the oldest publication north of the mountains. The present proprietor has continued to conduct the Record upon the high plane which the late John Parker earned for it. Its editorial opinions are those of the editor himself; its news columns are always filled with the latest happenings; and the paper circulates in a field distinctly its own. We congratulate Editor Parker, and wish him the same success as has characterized the publication in the past.

THE resolutions adopted at the annual convention of the Catholic Total Abstinence Union, held at Shamokin last week, show very clearly that the members are enlisted in a noble cause. They declare that "the terrible havoc which the habits of intemperance makes in degrading the minds of the citizens and in crushing out the semblance of Christian life from the minds of numberless victims, is chiefly due to appetite, the alcohol and false ideas of sensuality; we pledge our-

selves to ever increasing endeavors to antagonize these three causes so as to suppress, as far as possible, the calamities resulting from the dreadful plague." The Shenandoah branch of the Union is not only one of the wealthiest and largest numerically, but there are some whose members are enlisted in the crusade against strong drink with greater fidelity, and few that have accomplished as much good. This is true of both the senior and junior branches.

THE address of Congressman Brumm, delivered in Robbing's opera house Saturday evening, was listened to by a large number of our citizens of all shades of political belief. The speaker prefaced his remarks by informing the audience that soon after his nomination he issued a challenge to Watson Shepherd, the Democratic nominee, to meet him in joint debate; that if Mr. Shepherd did not care to do so he was given the privilege of naming some one to represent him. To this Mr. Shepherd has not replied, and we don't think he will. Mr. Brumm will have to content himself with firing a shot at the Democratic nominee from a distance. Saturday night's address was a clear statement of the Republican candidate's position on the financial question. He stands squarely upon the St. Louis platform. Considerable of the time was devoted to the Greenbackers, to whom he paid his respects, claiming that those of them who are supporting the Bryan platform were recanting to their past principles. Now that the campaign in Shenandoah has been opened, it is the duty of the local leaders to assume the aggressive and begin the battle in earnest. The present contest is not one between parties. It will be a grand rally of American citizenship, resolute to defend the honesty of the dollar that measures the wages of the laborer. There are thousands of Democrats who are fighting under the Republican banner this fall, and thousands more will follow.

Butler Township Tactics. From Ashland Local. It is said that the vote on the Committee of Resolutions at the Democratic State Convention at Harrisburg the other day was broken by a Butler township statesman living a citizen of Girardville, who is attending the Keeley Cure at Harrisburg, substituted for the Hon. John X. Deuce, who was not in attendance at the late convention, but was a member of the Committee of Resolutions at the Allentown Convention. A usual "Butler statesmanship" is in the van of ingenuity?

Grand Jury Report. The Grand Jury submits the following report to court: We have acted upon 172 bills of indictment, presented to us for our consideration, of which number we have returned 132 as true bills, and 40 as untrue bills. Of the bills ignored, charging misdemeanors, we have placed the costs in 26 cases upon the prosecutor or prosectrix, and in 14 cases on the county. Nine of the bills ignored charged felonies, over which we have no jurisdiction as to costs. We cordially agree with former Grand Jurors that a very large number of cases reaching the criminal court should never have had a place, even upon the docket of the Justices. Many of the most trivial character are conducted into a criminal case, and returned to court, at a great cost and expense to the county, and we can find no other reason for such returns, other than that the parties being too poor to pay costs, they are returned to court, for no other purpose than to collect the fees thereon, from the county. Had we the power, there are many of them in which it would have been a pleasure for us to have visited them. They compliment the alms-house officials upon the condition of that institution, and recommend that in addition to the present building in course of erection, a special hospital for the treatment of the insane with modern equipments be erected. The number of insane treated at the alms-house is between eighty and ninety.

Oil Works Ablaze. CHESTER, Pa., Sept. 11.—The Delaware Oil works, owned by Hiram E. Latta, on the river front in this city, was almost destroyed by fire yesterday. The loss is estimated at \$25,000. The oil in the stills and a large amount of paraffine wax were burned. The fire department had a battle for five hours with the flames to prevent the burning oil from running into the Delaware river. The origin of the fire is unknown.

Father and Four Sons Drowned. HALIFAX, N. S., Sept. 14.—Henry Ward and his four sons, of Green Bay, N. F., were drowned in the straits of Belle Isle while on their way home in a small schooner from a fishing cruise. Henry Turner and his 14-year-old son were with them. The father was bruised so badly that he will die, and the boy's leg was broken.

Rheumatism Cured in a Day. "Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The cure, \$1.00, or 75 cents. Sold by C. H. Hagenbuch, I. Ruggist, Shenandoah.

Sleep. Induced by the use of coca, opiate or narcotic compounds is bad, decidedly bad. They undermine health and shatter the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit. Sleep induced by the use of Hood's Sarsaparilla does not perhaps come as quickly, but it comes more surely and more permanently through nature's great restoring and rejuvenating channel—purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

Experience Tells It All. The well known adage, "experience is a dear teacher," was never more forcibly exemplified than in the case of diphtheria. Experience has taught those who survive it that it is the most dreaded disease known. Experience has taught us that not a single diphtheria patient ever died where Thompson's Diphtheria Cure was used according to directions. This valuable medicine is sold by leading druggists everywhere at 50 cents a bottle. The reader can well afford to be guided by the fortunate experience of others and keep Thompson's Diphtheria Cure handy in the house all the time. Sold at Kirtlin's drug store.

Condensed Testimony. Chas. B. Hood, Broker and Manufacturer's Agent, Columbus, Ohio, certifies that Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, St. Louis, Mo., testifies that he was cured of a Cough of two years standing, caused by La Grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinsville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free Trial Bottles at A. Waseley's Drug Store.

McKinley's Busiest Day. CANTON, O., Sept. 14.—Major McKinley made more speeches Saturday, and made them to more people and touched on a greater variety of subjects than he has at any time since he was nominated for the presidency, three months ago. His first address was to a delegation of 180 Democratic commercial travelers from the great wholesale houses of Chicago. Then came 1,000 steel workers from the great Homestead works of Andrew Carnegie. Then came 1,100 employees of the Pennsylvania Railroad company. With them were a large number of McKeesport, Pa., people. Then there were minor delegations of insurance people from Cleveland, and before night Major McKinley had talked to 5,000 visitors.

A Thousand Canadians to Settle in Brazil. MONTREAL, Sept. 14.—The steamship Moravia sails for Rio de Janeiro tomorrow with a thousand Canadian emigrants prepared to take advantage of the inducements offered by the Brazilian government to settle in that country. They go despite the warnings that have been published pointing out that the country and climate are unsuitable for people from this northern clime. They are largely from this city, and are English speaking artisans, most of whom are out of work or are discouraged with life in general, and willing to take chances to find something better.

It is not unusual for druggists to recommend Chamberlain's Cough Remedy to their customers. Many of them have used it themselves, or in their families and know from personal experience its great value in the treatment of coughs, colds and croup. They know too that their customers are their best friends and naturally wish to give them the most reliable medicine they have for these ailments. Messrs. Daugherty Bros., prominent druggists of Indiana, Pa., say, "We sell more of Chamberlain's Cough Remedy than of any other cough syrup, and always take pleasure in recommending it to our customers." Mr. H. M. Vey, the popular druggist at Fredonia, Pa., who has sold Chamberlain's Cough Remedy for several years, says, "I can truly say that it is the best cough medicine in the market." For sale at 25 and 50 cents per bottle by Grubler Bros., druggists.

Egyptian Troops Close to Derwish Outpost. CAIRO, Egypt, Sept. 14.—News has been received here from the front that the Egyptian troops, with the Nile expedition, are concentrating at Forely, which is only twenty-three miles from the derwish outpost at Korna, where the derwishes have been concentrating reinforcements of cavalry, as though with the intention of making a stand against the British advance.

If you have ever seen a little child in the agony of some complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic and Cholera Cure. For dysentery and diarrhoea it is a reliable remedy. We could not afford to recommend this as a cure unless it were a cure. C. H. Hagenbuch.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents.

Chas. Barton Returns. NEW YORK, Sept. 14.—Miss Clara Barton, the representative of the Red Cross society, arrived Saturday from Queenstown, after an extended stay in Turkey, where she dispensed relief among the suffering Armenians. Dr. George H. Pallman, who was also in Turkey with Miss Barton's party, said: "We were well received in Turkey, and got nearly everything we wanted. We found needs for \$5,000,000, and could have spent that amount with-out writing a cent. We spent \$10,000. While the relief work in Asia Minor is not yet completed, the mission on which we went was completed fully."
