FOR PRESIDENT,
WILLIAM MCKINLEY,
OF OHIO.
FOR VICE PRESIDENT,

OF NEW JERSEY.

REPUBLICAN STATE TICKET.

FOR GOVERNOR-AT-LARGE,
GALUSHA A. GROW,
OF PENNSYLVANIA.
SAMUEL A. DAVENPORT,
OF IOWA.

JEFFERSON'S RULE FOR A COIN-AGE RATIO.

"The proportion between the values of gold and silver is a MERCANTILE PROBLEM altogether. Just principles will lead us to disregard the legal proposition, to inquire into the market price of gold in the several countries with which we shall probably be connected in commerce, and TAKE AN AVERAGE from them."

There is quite a difference between a moralist and a financier. The taxpayers of Shenandoah, and many of the business men of the borough, realize this to their sorrow.

"BIRDY" EDWARDS is still chairman and Mr. Brumm remains a candidate on the Republican ticket. We note this fact for the benefit of some of our contemporaries who appear to think the "war is still on."

The first brick in the construction of the new county hospital at the almshouse was laid yesterday amid much ceremony. There is no question but that the new addition is sadly needed for the proper care of the county poor.

A DEPRESSING gloom seems to be settling on the heart of Mr. Bryan, and he is looking in every direction for consolation. He finds it in the reflection that while he may not carry a single state, he is still the proud "nominee of three conventions."

The Democratic candidate for the Legislature in this district is said to be in favor of creating the office of county detective with a salary attached. Mr. Griffith will find that the taxpayers of the county are opposed to creating any more political sinecures for back-number politicians.

The anthracite coal trade is quiet, and there is said to be very little business at the September prices. The collieries are continuing on short time, and the markets are absorbing most of the newly mined coal on orders previously placed. From this time on the coal trade is expected to keep fairly active, as the weather grows colder the consumption of coal will necessarily increase.

WATSON SHEPHERD is the Democratic candidate for Congress in this district. Mr. Shepherd believes his party is pursuing a policy that is inimical to the welfare of the people, (see his vote at the Allentown convention) but he will run on a free silver platform, all the same. Mr. Shepherd's position will contribute not a little to the Republican majority that Schuykill county will roll up in November. We still think Watson Shepherd, and the entire Democratic ticket, will be defeated.

The fall trade is opening, and the indications are business will show an improvement over that of the past year. The wise merchant is already taking advantage of the times and placing his announcement before the public. In order to reach the buyers of Shenandoah it is necessary to use the columns of the HERALD. It cannot be done through any other medium. We have the readers, and the people have confidence in an old established paper, while the "mushroom" publications are here to-day and gone to-morrow. Our circulation books are open to all.

The free silverite will tell you that all this country needs is an abundance of money—and then good times will follow. These men very well know that they are slating an untruth. Money is locked up in the banks awaiting investment, and the only obstacle to a free circulation of money are the upstart and consequent distrust that these repudiationists have created. There is ample money in the United States for all business necessities. But there is no confidence among those who own it, and until this confidence is restored by the defeat of the Bryan ticket we can expect little business activity.

BYRAN is now running for President on three different platforms. One, he says he accepts. One of the others the party bearing it says he need not accept, and as to the third, he has accepted the nomination and not the platform. A three-headed party used to be called a hydra-headed monster. This would probably be a case of three heads on one line so as to try and catch all the fish. A reading of the three platforms would indicate that he would have so much to do if elected that he never could perform, and by accepting the votes he becomes bound to represent the voters and the basis of each of the three platforms. He is running at a ratio of 3 to 1 on platforms, and 10 to 1 on silver, and everything else that can be won, and he admits that the net result to the

public will be an awful panic without the interference or consent of any other nation on earth. The HERALD has only been able to find one sentence uttered by Bryan that will throw light on all these matters, and that was in his Chicago speech, where he, with much eloquence, said: "Burn down your cities," etc.

Suffered for Twenty-four Years.
There is no use at all in people suffering from any throat affection whatever, when speedy and permanent relief is at hand. Mrs. D. A. Smith, Jersey Shore, Pa., writes: "I had been troubled with cankered sore throat for twenty-four years, and Thompson's Diphtheria Cure did me more good than all the others I tried and used. The same medicine cured the sore throats of my children. Would not be without it in the house, under any circumstances." Sold at Kirkin's drug store at 30 cents a bottle.

POLITICAL TALK.

The little "unpleasantness" between the county organization and Congressman Brumm has been fixed up. All that was necessary was for the county seat papers to keep hands off.

The Republicans of Frederickburg held a monster meeting last evening. McKinley and Hobart clubs are being formed in almost every town in the county. Shenandoah has not yet fallen in line, but there is a movement on foot to organize a club here in the near future.

Shepherd has not accepted the challenge to a joint debate with the Republican nominee, Watson is shy, very shy.

The Mahanoy City Republican club has completed all arrangements for a public meeting this evening. The committee was in consultation with Chairman Edwards yesterday, and they extend a general invitation to all candidates to be present. The meeting is to be held in front of the Mansion House.

The Germans are enthusiastically in favor of McKinley and sound money. The grand rally—the first, gun of the campaign—at Potsville to-morrow evening, will be addressed by Congressman Quigg, of New York; Congressman Brumm and ex-District Attorney Whitehouse, in the Academy of Music. Mr. Quigg is an able and fluent talker, and is familiar with the issues of the campaign.

Factory Inspector Campbell will stump the county for the Republican ticket. An effort will be made to induce Congressman Quigg to address an audience at Lavelle Fair on Thursday. Should the effort prove successful the New York Congressman will speak in this town on Thursday evening.

What little dissatisfaction that existed here at the beginning of the campaign has been overcome. The Republicans of Shenandoah are united for the county ticket, from top to bottom.

Shepherd is still wondering where he is at. He will know after November 3rd. The Democrats of the county are sadly in need of an organ to advocate the 10 to 1 idea. Wilhelm's silver voice is no longer heard along the by-ways.

Arthur Sewall, Democratic candidate for Vice President, like Altried, writes his contracts with a gold clause.

As we predicted, the silver craze in this county is on the wane. Who says the Republican factions are not harmonious? Brumm and Whitehouse will speak from the same platform and drink from the same canteen to-morrow night at Potsville.

Sam. Losch is making sound money speeches in the lower district, and advocating the election of the entire ticket, from Congressmen to Post Directors.

"Joe" Wyatt's majority will be larger this year than it was in 1894. Mark the prediction.

Elias Davis and Emanuel Jenken are special favorites among the workingmen. Chairman Edwards is flooding the county with sound money literature. Still there is a great demand here, the supply being unequal to the demand.

Frank Reese is making an active canvass, and is meeting with much encouragement wherever he goes.

That staunch Democratic newspaper, the Minersville Free Press, is doing yeoman service for the Republican cause this fall. And there are others.

Double Wedding.
Girardville was the scene of a pretty wedding ceremony to-day, when two young ladies of that place were joined in wedlock at the same hour. The contracting parties were David Harnett, a prominent young business man of Philadelphia, and Miss Mary Scanlan; Michael McDonald, of Honesville, and Miss Hannah Scanlan. The young ladies are sisters, and prominent in society circles in that town. The ceremony was performed in St. Joseph's church.

Major McKinley's Southern Stamp.
CANTON, O., Sept. 22.—Major McKinley received by express yesterday a finely polished and embellished stamp of a tree. It is intended for use in delivering his front porch addresses, and is of a convenient height for that purpose. The stamp was sent by Jesse Grover, sheriff of Knoxvill, Tenn. Accompanying the stamp was a letter which said: "The loyal people of east Tennessee are intensely earnest in your behalf in the present national contest, and being desirous of impressing that fact deeply and firmly on your mind I have sent a token of our devotion as a people to the cause of good government, which you so ably and fittingly represent. Since we cannot have you on the stump in the south this fall, we hope you will do us the honor to deliver your home speeches from the southern stump."

Saved from the Gallows.
FARMVILLE, Va., Sept. 22.—The case of Mary Abernathy which has created so much interest in the state during the last fifteen months, was yesterday ended in Prince Edward county court. The county's attorney asked that a tollie process be entered, which the court promptly ordered. Mary was twice sentenced to death for complicity in the murder of Mrs. Lucy Jane Pollard, in Lancaster county, and each time had the verdict against her set aside.

Tried to Poison the Steamer's Officers.
LEWES, Del., Sept. 22.—A cabin boy on the steamer DuRoch, which arrived here last night, made an attempt Sunday evening to poison the captain and officers of the vessel by placing red ochre in their coffee. The attempt was discovered in time to prevent any grave results, and the boy was placed in irons. His murderous attempt was made in revenge for recent disciplining he had undergone for a former offense.

Death from a Bicycle Accident.
NEW BRUNSWICK, N. J., Sept. 22.—Blyston Felzer, who was injured in a bicycle accident on Friday afternoon, died Sunday night of peritonitis. The boy, who was 16 years old, was "scorching" down Livingston avenue when he ran into a buggy driven by Nelson T. Parker. The shaft penetrated the boy's right breast breaking three ribs and injuring one of his lungs.

NEEDLESS SUFFERING.

Homes Everywhere Filled With the Weak and Nervous.
No Need to Feel Tired and Irritable— Knowledge That You May Never Have Possessed.

People often have pale and sallow complexions, the muscles are weak and flabby; there is a weak, nervous feeling and a general tired and exhausted condition; the appetite is gone. The spirits are depressed; strength, energy and ambition are lacking; the sleep may be disturbed, there may be neuralgia and rheumatic pains. In fact the entire system lacks vigor of nerves and power of the body. These conditions arise from a disordered state of the nerves and blood. What is needed is Dr. Greene's Nervura blood and nerve remedy to build up the wasted, weakened, diseased nerves, and to give a supply of purer, richer blood.

Miss E. Burke, of Amoskeag, N. H., writes: "I was stricken-down with nervous prostration, and no one but God knows what I suffered."

"I was so nervous that the least little thing would cause my heart to flutter and palpitate. I was also troubled with severe headache and dizziness, which unfitted me for any mental work."

"I took Dr. Greene's Nervura blood and nerve remedy. What a blessing it has proved to me! I can truthfully say that I owe my present health to Dr. Greene's Nervura blood and nerve remedy. This wonderful medicine has done me so much good, that I urge others to use it and get well."

This grand medicine transforms the body from a weak, ailing, disordered condition into a strong and vigorous one. It is the prescription of the great specialist in nervous diseases, Dr. Greene, of 35 W. 14th Street, New York City, who can be consulted free, personally or by letter.

Russia, Japan and Korea.
LONDON, Sept. 22.—The Times expresses the belief that Russia and Japan have agreed to joint protectorate in Korea, Russia virtually taking the position there that China held before the war. The king of Korea will quit the Russian legation, where he has been since the assassination of the pro-Japanese ministers, and will return in triumph to the palace. This arrangement, the Times asserts, will be carried out simultaneously with Japan's evacuation of Korea. "Russia," says the Times, "thereby obtains a virtual ascendancy in Korean affairs, leaving Japan only a nominal share in the control."

NEW YORK, Sept. 22.—Governor Claude Matthews and about seventy-five prominent citizens of Indiana went on board the United States battleship Indiana, being off Tampa Bay, S. L., yesterday. They were welcomed by Captain Rodney B. Evans, the ship's commander, and a salute of thirteen guns was fired in their honor. The purpose of the visit was to present the silver service and library that the citizens of Indiana have provided for the craft, named in honor of the state they represent. Speeches were made by Assistant Secretary of the Navy McArdle, ex-President Harrison and Captain Evans.

BOSTON, Sept. 22.—Colonel William M. Olin, secretary of state of Massachusetts, has just rendered a decision to the effect that in this state the names of electors of the Palmer and Buckner ticket cannot go on the ballot under their title of "National Democratic." THE FALL OF DONGOLA

Official Details of the Capture of the Dervish Stronghold.
EL HAFIYA-ON-THE-NILE, Sept. 22.—The following official details of the capture of Dongola, the dervish stronghold, have been obtained. The gunboats engaged in the capture of Dongola were the Tama, commanded by Rougemont, after Naval Commander Colville was wounded. A boulder, commanded by Beatty, and Matemech, commanded by Oldfield. They arrived here late in the afternoon. Commander Beatty, who assumed command of the three guns, reports as follows:

"I arrived at Dongola early in the morning and made fast to the east bank. By this time Colville was able to resume command, and the operations against Dongola began with bombarding it at 800 yards range. We immediately perceived that Dongola was not defended, and a force was landed, which captured a quantity of treasure, all the dervish books and also seven grain laden boats.

"I was not able to see the effect of the Dervish fire on the gunboats. The Matemech was struck by one shell which injured her gun fittings and her boiler, breaking the safety valve. The Dervishes' rifle fire was essentially good. The wooden parts of the upper decks were simply riddled and the sides of all the gunboats showed hundreds of hits."

Beatty received a bullet through his helmet and a member Richardson was wounded in the body. He has since died. On board the Tama five men were wounded, and on the Abouker six men were wounded, and one man was wounded on the Matemech. Commander Colville is recovering rapidly.

At the time Wad Bishara was wounded he had just received a letter from the khalfas and ordered out of his tent every body except the messenger who had brought it, and two blacks. Shortly afterwards a shell from one of the gunboats burst in the tent, killing the messenger and the blacks and wounding the dervish leader in the chest and head.

SIX PROBABLY DROWNED.
They Started on a Fishing Trip and Never Came Back.
BOSTON, Sept. 22.—The twenty-one foot catboat Hebe, of Dorchester, with six men, started out for a fishing trip Saturday morning, expecting to return Saturday night, but has not been heard from. It is thought that the boat was capsized and the men drowned during the severe squall on Saturday night. The missing men, all of whom reside in the Dorchester district, are: John Gannon, married; Michael Burke and John Burke, both single, and Martin J. Burke, married, all three brothers; Patrick C. McCormack and Henry Donnelly.

Yesterday the harbor police received a report that the single mast of a small craft, evidently a yacht, was sticking above water down back of Long Island. Mr. Cutler, the owner of the Hebe, believes that the boat is lost and the men drowned, as the party had arranged to return Saturday night, so that some of them might go to work.

Used Sewall's Name Without Authority.
BATH, Me., Sept. 22.—Mr. Arthur Sewall, Democratic candidate for vice president, has withdrawn from membership and presidency of the American Merchant Marine association. He claims that some of the members have tried to precipitate the association into politics. Mr. Sewall's resignation is brought about from the fact that Secretary A. Smith of the association, has sent out circulars appealing to the voters to support McKinley and Hobart because the Republican platform favors discriminating duties for the protection of American shipping. The circular is headed "Arthur Sewall, of Bath, Me., president." Mr. Sewall says the use of his name was unauthorized.

Turks Were Ready to Fight.
LONDON, Sept. 22.—The Berlin correspondent of The Times quotes a Constantinople dispatch to The Vossische Zeitung from an unusually well informed correspondent which is said to have evaded the censorship of the Turkish officials, and which says: "Last Wednesday and Thursday everything was ready for a general massacre of Christians and a bombardment of Constantinople should the European warships attempt to pass the Dardanelles. There were forty-eight guns placed in position on the heights above Pera, and the Turkish fleet in the harbor was cleared for action."

Almost Distracted?

Did you ever suffer from real nervousness? When every nerve seemed to quiver with a peculiar, creepy feeling, first in one place, and then another and all seemed finally to concentrate in a writhing jumble in the brain, and you become irritable, fraul and peevish; to be followed by an impatient, weakened condition of the nerve centers, ringing in the ears, and sleepless, miserable nights?

Mrs. Eugene Scanlon, 130 Simonton St., Elkhart, Ind., says: "Nervous troubles had made me nearly insane and physicians were unable to help me. My memory was almost gone and every little thing worried me until I was almost distracted. I really feared I was becoming a maniac. I imagined all sorts of evil things and would cry over nothing. I commenced taking Dr. Miles' Restorative Nervine and four bottles of this wonderful remedy completely cured me, and I am as well now as I ever was."

Dr. Miles' Nervine is sold on guarantee, first bottle will benefit or money refunded.

Taken internally cures cramps and all bowel complaints, sudden colds, chills and La Grippe. Used externally it is the best liniment in the world. Beware of imitations, buy only the genuine made by Perry Davis.
