John Boyd Thacher, the nominee for gov-ernor, was precipitated by the reading of his letter addressed to Chairman Danforth and defining his position. John B. Shea, of Tammany, introduced a resolution calling upon Mr. Thacher to resign his nomination. Mr. Shea declared that Mr. Thacher could have given his views upon the financial question before the conven-tion has he interded to be horact. Sense tion had he intended to be homest. Sena-tor Hill then took the floor. For thirty minutes he held the attention of his and tors, basing his whole argument upon the ground that the candidate for governor in the state this fall should be a strong man upon state issues, and that there was no need of forcing national issues into the

eampaign. State Sonator Grady replied, hitterly excoriating Mr. Thacher. The resolution was read again, and Senator Hill again spoke at length, attacking the Chicago platform, saying that to support the ticket was enough. It was after midnight when Senator Hill concluded with an attack on the free coinage clause, and Senator Grady began his rejoinder.

Senator Hill made in all six speeches, everal amondments were proposed and withdrawn, and finally a resolution was adopted appointing a committee to notify the candidates, such committee to report back to this committee.
