The murder of Mrs. Lizzle Schultz ce-curred on Tuesday of last week, at the High Point House, owned by John Wehl-fardt, three miles from Shohola, in the wildest part of Pike county, Pa. Ac-cording to the story as told by young Schultz, a stranger wont to the High Point House on Monday of last week and called for "Mrs. Smith," who was in reality Mrs. Schultz. When she responded they spoke a few hard words, but everything apa few hard words, but everything ap-parently was arranged amicably, because the two went to the woman's apartment. The man remained there that night. The next morning, while he was dressing, the proprietor's wife went to the room and found "Mrs Smith" dead. The stranger was Schultz, who was arrested and released by the coroner's jury bringing in a verdict that the woman died at the hands of some person unknown. Schultz claimed, so it is said, that he sat up talking with his wife and a son until 4 a. m. and then foll sleep. He said he did not hear a shot. He me to this city when released.

Charles Schultz, who caused his father's arrest, said today that a few days before his mother's death the father called upon his mother's death the father called upon him and asked for her address. He re-fused until his father said he had \$25 for her. He then gave the address. The young man tells a long story of family discord, which wound up in the separa-tion of the husband and wife. At the same time he scalabal that he methes and he explained that his mother as children were known as Smith in order t protect the father, who assumed that name when he disappeared while under

bond for assaulting a young woman. The charge on which Schultz is under arrest here is arson, the son in preferring the charge telling a sensational story of frond "My father was a tailor," said young

on fire, and he collected \$200 insurance. "After that, on account of trouble with the neighbors he moved to Fourteenth the heighbors, he moved to rourteenth street and opened another store. His business prospered so that after a time he took the whole building and insured his stock for \$2,000. One night a strange man slept in the store, and father, who always slept in the store, and father, who always allowed the fire to go out at night, saw that it was kept burning on that occa-sion. Well, we had all to run for our lives, and when I was going out I saw fathar dash a jar constaining liquid on the floor, which immediately blazed up. He did not get all his insurance, however, so he moved back to Suring strees, and after he moved back to Spring street, and after

a time to 411 West Twenty-sixth street. "Three years ago, the day before New Year's, I saw my brother Willie carrying a gallon of benzine, a gallon of turpentine and two gallons of astral oil in the store. I saw my father pour all the stuff into a wash boiler and stir it up with an old broom. Then he sprinkled it all over the floor, and afterwards he went into the back rooms where my mother and brothers slept. That night the whole house burned down, and my mother and brothourse down, and my nother and broken-ers were rescued by the firemen after they had been slightly burned. The doors had been locked upon them, but my father was all right. My mother's life was in-sured at the time for \$1,000, and I believe part of his plan was to burn her up with the store. He collected \$1,300 insurance money on that occasion."

The family separated for the last time in the latter part of June, after the father had threatened the mother with a razor. Among those at the High Point House the night of the murder was Charles G. Carson, a lawyer of this city. While he was awaiting the arrival of the prisoner in

Why Do I Feel So Weak and Run Down ?

WHY AM I SO TIRED?

Four Poor Condition Is Made Worse by Nervous Debflity, Science Proclaims a Certain Remedy.

If the Son's Statement be True His Father and vin. Work that you used to do with ease, now tires you. You often feel duil, dispirited and without ambition. You pass more or less sleepless nights, wake mornings, tired and unrefreshed, have little or no appetite for breakfast, your head feels dull, there is a bad taste in the mouth, and your bowels are constipated. You go about your employment with a sense of weakness or weariness, and a distaste for taking hold of your work. Besides, you are nervous, irritable and

often "blue" without apparent cause. Then look at yourself. Mrs. Andrew Mitchell, of 525 Kempton St., New Bedford, Mass., tells you that you can be cured, as she was sured when weak, tired and nervous.

She took Dr. Greene's Nervura blood and nerve remedy, finding that it improved her condition at once. was so much benefitted by the use of Dr. Greene's Nervura that she says she " can not say enough in praise of it." and she urges all her friends to

This wonderful restorative, Dr. Greene's Nervura blood and nerve remedy, will give back to the weakened and exhausted system the strength it has lost. It will impart strength and vigor to the brain and nerves, vitalize and invigorate all the physical powers and restore you again to that grand degree of lusty strength, of bounding pulse, and strong physical and nerve power, which, by overwork, ignorance or folly, you have exhausted.

It is not a patent medicine but the prescription of the most successful specialist in curing nervous and chrondiseases. Dr. Greene, of 35 W. 14th Street, New York City, who can be consulted free of charge, personally or by letter.

Our opponents, not we, are responsible for the fact that in this campaign we are engaged in a battle royal between the money powers and the common people. These contests are always brought about by the aggression of those who seek to use These governments as a means of private gain. All the great questions which from time to time have been forced upon the public have been forced, not by the many but by the few, and the great struggles which have occupied the thought and the effort have occupied the thought and the effort of the peoples of the world have been the struggles made by the masses in self de-fense. And so in this campaign the bosts are being marshaled to resist the aggressions of the gold standard.
