Another Railroad Rumor.
There is a great deal of talk among Reading railroaders at Shamokin, and in fact along the entire system, says the Shamokin Herald, regarding the rumor that the bituminous trade is to again be diverted from the Catawissa route to the main line and that the traffic will be increased 50 per cent over all the best past records. Such a move would give work to hundreds of additional trainmen and increase the population of Shamokin. The proposed new order of things is ascribed to the purchase of the Reading by Morgan & Co.

IT WAS A FIASCO.

Doolin's Hackers Crawled Out of the Kirlin Match.

The much talked of foot race of 75 yards for \$200 a side between Kirlin, of town, and Doolin, of Ashland, resulted in a fiasco on the track at Lavelle yesterday and proved a clear case of back down on the part of Doolin's backers. Low Voltage, of Ashland, was the stakeholder and it had been agreed that Voltage should also act as referee. George Turner, of Philadelphia, was fixed upon as the starter by the articles of agreement and was on hand. There was a large attendance of spectators in addition to the principals, trainers and backers when Owen McAnally, Doolin's hacker, measured the course and fixed the scratch line. The sprinters stepped up to the line and were getting into position for a start when McAnally said, "Hold up, we'll toss for sides." This was agreed to and Kirlin won on the toss, again taking his position for a start, but McAnally again interrupted and wanted to toss to decide which end of the track should be the starting point. Kirlin's backers then took a hand at kicking. They said the Doolin people had been conceding everything for the sake of a race and harmony and they did not propose to fool any longer; that McAnally had measured and fixed the track and if there was any doubt about ends it should have been decided when the toss up for sides was made. George Turner said it was the custom to decide both on the same toss. The Doolins and McAnally would not have it that way and the affair finally ended in a wrangle. It was evident that the Doolin people were anxious to have a hole through which to crawl and the Kirlin people openly charge McAnally with having tried to make the race a crooked one. They say that on Tuesday McAnally came to town and said to Kirlin that times were too hard for either side to lose money, and suggested that some arrangement be made by which a little money could be made out of the race. Kirlin refused to entertain the suggestion and told McAnally that he believed he could beat Doolin and intended to do so. It was reported through Ashland yesterday that the race had been fixed and the Kirlin people spent some time in explaining that if there was any deal they were not in it, but would try to win on the merits of their man.

He accompanied three Russian children, who had been lost, to the latter town, and on arriving there demanded \$18 for clothing and feeding the children during their stay in Reading, finally accepting \$5. The parents pleaded poverty, but being threatened with persecution the father sold his time-piece and paid the \$5.

A Farmer's Mishap.

Canada Wants a Papal Delegate.

OTTAWA, Ont., Oct. 1.—A prominent ecclesiastic of Quebec province yesterday divulged the object of the much discussed visit of Abbe Proulx to Rome. It was generally understood that Premier Laurier had a private understanding with Abbe Proulx whereby the latter was to make such representation to of Vatican as would lead to the Quebec hierarchy being compelled to keep out of the Dominion politics. The truth is that Mr. Laurier has asked that a papal delegate be appointed for Canada. The delegate would be the vice regent of his holiness in this country and superior in rank to the cardinal archbishop of Quebec. This, it is known, will be met with the strongest disapproval of the Quebec hierarchy.

Delaware Republicans Compromise.

The latter two were electors on the Adickes ticket. The remaining elector was nominated by both sides. Nothing was done in regard to the rest of the ticket.

The Largest Stock of Dry Goods in Schuylkill County.

Never before in the history of this store has there been such a magnificent display of fancy dry goods. It is hard to find so many beautiful designs chosen from the dainty creations of the weavers' art in this and other countries, as you will find here. This is the store of the people and their appreciation of fair and square dealing is shown by the liberal patronage they extend it. We are much gratified at the admiration our selections receive and will endeavor to always keep this large and popular dry goods house up to the high standard it has so successfully maintained since its establishment twenty-one years ago.

Novelty dress goods were never so attractive and, quality considered, never so cheap. We have them in many designs, most of which we have exclusive control of for this market, and would be pleased to have you inspect them. The prices are 25c, 40c, 50c, 70c, 75c, \$1.00, \$1.50 and \$1.75 per yard.

We are enabled to show you a larger line of all kinds of fine dress goods than any other house in the county. 38 inch serges, all wool, extra quality, 25c per yard; 50 inch serges, 40c; better quality, 50c to 75c per yard.
