They have made a discovery that will prove a blessing to mankind. It consists of a corcovery will be apparent when we realize that nearly nine-tenths of our suffering are caused by dyspepsia or indigestion. Nearly, every person you meet has this digestive in some of its varied forms sick headache, distress after eating, pain and fullness in the class after eating, palnitation of the heart, etc., are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Cordial has such an immediate and saintary effect is that it causes the food eaten to be digested, for it is undigested food that causes the distress. The Cordial causes the food to be digested before there is time for it to ferment and sour on the stomach. When the food is so digested it makes one feel bright and cheerful, and makes one gain in flesh.

The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. It gives immediate relief.

Every druggist has been sent a supply of our handsome Donkey Puzzle Books, and a copy may be had for the asking. It tells all about the Cordial as well as Laxel, the new easter oil.
