We refer to the false statements and worthless guarantees, that frequently accompany medicines. To guarantee a medicine to cure is to brand it as a quack product. If we can guarantee to cure diseases, then we can guarantee everlasting life. for in a large majority of cases people die of discase, the proportion of violent or accidental deaths being very small.

The Shakers bave always been known as a most upright and honorable people, and their success in the manufacture of medicines has also been well known. It is therefore not surprising to find them recruing a very original and novel plan for the introduction of their remedy for dyspepsia.

These God-fearing people, whose metto has always been "Try all things and bold fast that which is good," have put upon the market ten cent sample bottles of their product, or sufficient to give it a trial.
