THE UNITED MINE WORKERS.

District No. 1 in Convention Demands Pledges From Candidates. The quarterly session of District No. 1 United Mine Workers, covering Schuylkill and parts of Lehigh, Northampton, Dauphin and Carbon counties, was held at Pottsville yesterday.

The afternoon session was an important one. A pledge was sent to each legislative candidate, in which the anti-company store bill introduced by Hon. Joseph Wynth, who is a candidate for re-election, was endorsed, as was also Hon. Elias Davis' semi-monthly pay law. The candidates are asked to favor all mining legislation endorsed by the U. M. W.

The convention strongly condemned the company store as a great and burdensome evil, and calls upon business men to join with them in opposition to the evil.

A resolution was adopted favoring the election of one inspector to each law colliery, and when the term of the present inspector expires that he be elected by the people in the district.

The following resolutions were adopted: Whereas, The recent terrible calamity that occurred at the Pottsville colliery, Pittston, where 25 lives were sacrificed through the careless negligence and stupidity of officials who receive perfectly salaries from the state to see that the mine laws are properly enforced, and that there have been no accidents since the late law was enacted to preserve life and limb...

Resolved, That we, the delegates in convention assembled, do hereby deplore the unnecessary loss of life and around the anthracite coal regions of Pennsylvania, believing and knowing as we do that if the mine inspectors were more diligent in compelling the corporations and mine owners in enforcing the mine laws it would lessen fatal and non-fatal accidents to a minimum as compared with the present wholesale slaughter.

Resolved, That evidence be in abundance at every colliery in the anthracite region known to almost every colliery that the mine inspectors, superintendents and mine bosses prevent the full and strict enforcement of the mine laws to the great detriment of the miners and laborers.

The present Miners' Examining Law was strongly condemned, claiming it to be only a bare, Emanuel Jenky, candidate for lieutenant and ex-Treasurer of the U. M. W., was heartily endorsed. A committee of one from each legislative district was appointed to obtain a pledge from candidates to support legislation favorable to mine workers, and that a committee of five be also appointed to watch legislation at Harrisburg. The bill introduced by Hon. Elias Davis, when a member of the Legislature, known as the Semi-Monthly Pay Law, was commended as a great benefit.

Shoes Retail at Factory Prices.

Bull Dogs \$4.00 per Pair.

Strange that we should be selling Bull Dogs, but here is the how of it:

The newest style winter shoe is called the Bull Dog, because the toe of the shoe is supposed to look like a bull dog's nose.

Now you would naturally think this a very homely shoe, but it isn't. The sole is very heavy and extension edge, the upper is calfskin, a reddish brown color.

It is the most complete shoe you ever had on your foot, and is made so it will not bag out at the side.

They are being sold in regular stores all over the country for \$5 and \$6 a pair, but the Factory price is

MAHANAY CITY.

John Korrell, a carpenter, residing at Tamagna and employed on the new church being erected at Patterson, met with a frightful accident yesterday afternoon. He was engaged on the topmost point of the steeple and lost his balance and fell a distance of fifty feet headlong to the ground. During the fall he retained presence of mind, and kept his arms outstretched, which saved him from instant death. His arms struck first, breaking the bones in both arms. One leg was also broken and his face was a perfect jelly. He was removed to his home, and this morning taken to the miners' hospital. There is little hope for his recovery, as he is injured internally.

The Borough Council has accepted the measurement of the paving on North Main street, and the contractors were paid in full. The new truck has arrived, which cost \$125.00. The company raised the full amount excepting \$50, which will be appropriated by the Borough Council.

At the Draper. The Draper colliery was compelled to close down yesterday afternoon at 3:30 o'clock, because of an accident to the elevator. Enos Ball, residing at Gilberton, received an injury to his foot by fall of coal.

TWO OF THE BURGLARS CAPTURED.

Help for Blowing Open the Cambridge Colliery Safe. Two of the masked burglars who pounced upon and bound Thomas O'Connell, the watchman at the Cambridge colliery, on the morning of the 10th inst., and then blew open the safe in the colliery office, but failed to get anything of value, are in custody.

The men under arrest are John Wilson and Gus Gauger, two notorious crooks who hail from Mt. Carmel and are well known to the police of many parts of the state. Both were released from the Sunbury jail but a few days previous to the Cambridge robbery. Wilson was in jail to await trial with Mike Kilne, of this place, and two others for attacking a watchman at the Alaska colliery, near Mt. Carmel, but, like Kilne, was acquitted upon trial.

The arrests were kept secret at the time they were made so as not to give the alarm to the two masked burglars who are still at large, but as the men under arrest are known to be the ring-leaders publication of the facts can work no injustice.

Wilson was the first man arrested. He was caught at Riverside, opposite Danville, by C. & I. Policeman Kleinbender, of Mahanoy City; Watkins, of Mt. Carmel, and Lippert, of Shamokin. The arrest was made on Wednesday afternoon. Wilson spent the night in the lockup at Mahanoy City and on Thursday afternoon was brought to town and taken before Justice Cardin, who committed him to the Pottsville jail, in default of \$1,000, for further hearing. Gauger was arrested on Thursday night in Shamokin, by C. & I. Policeman Lippert and Constable Swift, of that place. He was brought to town yesterday by Lippert and C. & I. Policeman Connors. After being arraigned before Justice Cardin he was committed to the Pottsville jail in default of \$1,000 bail for further hearing. Both men will be given a hearing before Justice Cardin on Monday morning, at 11 o'clock, when the witnesses the C. & I. police have kept in the dark will be produced. Both Wilson and Gauger protest their innocence and say that prior to their arrest they had not been in Shenandoah for over a year. This the police can easily disprove and the evidence against the men is very strong.

It is not likely that burglars will bother with coal company properties in the region for some time again. This case has been worked up to set an example, as there is no stolen property to recover. Immediately after the robbery the country was flooded with telegrams and the same day no less than ten warrants were distributed among the C. & I. police in various parts of the region. The evidence upon which the police worked and its source will probably develop at the hearing on Monday.

Last night, upon complaint of Councilman D. R. James, who is inside foreman at the Cambridge colliery, Chief of Police Tush and Policemen Lee and Stauton arrested three tramps found lounging at the line kiln. They are held in the lockup to await identification. Mr. James having a suspicion that the men may have been part of the masked quartette. Up to this afternoon their identification had not been made.
