PROTECTION AND FREE TRADE.

Twenty-seven Years of Protection (1863 to 1893) decreased our public debt $1,747,391,878.

Three Years of Free Trade (1893 to 1896) increased our public debt $262,329,659.

These are the plainest reasons why McKinley should be elected president, the sooner the better.

TO-NIGHT'S MEETING.

The public meeting in Ferguson's theatre this evening, which will be addressed by Congressman W. A. Stone, of Allegheny City; D. C. Henning and George M. Roads, Esqs., of Pottsville, will be a monster affair.

Campaign marching clubs, headed by the famous Grant Band, will participate in the demonstration previous to the meeting, and will attract many voters from the adjacent towns.

To-night's meeting will surpass anything of the kind yet held in the present campaign, and the fact that Congressman Stone, a statesman of national reputation and who has electrified hundreds of audiences by his oratory, will speak, is in itself sufficient to pack the theatre.

An invitation is extended to the voters of all parties, without regard to previous affiliation, to be present and hear the issues of the contest discussed in an impartial and convincing manner.

MR. SHEPHERD'S SUBSTITUTE.

During the campaign of 1892, when President Cleveland was a candidate, there was considerable criticism of the Democratic candidate's unpatriotic action in sending a substitute to battle for the preservation of the Union, while he himself enjoyed the luxuries of home life. Watson F. Shepherd, the Democratic candidate for Congress, has also found it necessary to secure a substitute in the person of Hon. W. A. Sowden, of Lehigh county. Mr. Shepherd is deserving of the same criticism that President Cleveland received. The latter lacked sufficient patriotism to defend the honor of his country, while Mr. Shepherd has adopted a similar position in the present contest. He is shirking his duty; and it would be more manly were he to acknowledge that which he has not the courage to publicly express—that the Chicago platform is in direct contrast to the cherished principles of the Democratic party of the past.

But it is useless to expect Mr. Shepherd, (in the absence of his substitute) to give expression to such patriotic sentiments as thousands of Democratic leaders and voters are doing to-day. No; Mr. Shepherd cannot do that—he wants to go to Congress, and it is immaterial to him how he gets there or upon what platform.

If the Hon. W. A. Sowden was a candidate for Congress in this district, the voters would have no objections to him defining his own or Mr. Shepherd's position on the questions now before the American people; but they deem it an insult to their intelligence, and an evidence of Candidate Shepherd's weakness, for some one not a candidate to define that candidate's position, especially when the candidate himself is at the meeting. They naturally incline to the belief that a candidate who must resort to such methods would be of little benefit to the people of this county in Congress. And they are about right.

While Mr. Shepherd allowed his substitute to define his (Shepherd's) position as to the Chicago platform, the Democratic candidate for Congress did succeed in consuming forty minutes at Monday night's meeting in reading speeches from dead statesmen. It is remarkable how much praise Mr. Shepherd bestows upon the Republican statesmen of the past, and how readily he can misquote garbled passages from their speeches of ten or twenty years ago and make them applicable to the present financial discussion, all for the purpose of misleading the voter—in order that Watson Shepherd can go to Congress.

Mr. Shepherd, in every speech he has made in the present campaign, has quoted the Hon. James G. Blaine. Even in defining his position to the Democratic club, of town, shortly after his nomination, he used the words of James G. Blaine without proper credit. Every student of recent history knows that Mr. Blaine was opposed to the free and unlimited coinage of silver, although he was never hostile to silver as money. Neither is the Republican party of to-day. The Republican platform declares in favor of the present standard. We have sufficient gold, silver and paper money for all our needs. No business man is inconvenienced for the want of sufficient silver dollars furnished by the government.

To quote Mr. Blaine as favoring the free and unlimited coinage of silver is a fraud upon the people—as much so as importing a substitute from Lehigh county. If Blaine were alive to-day he would favor sound money as strongly as he opposed the greenback inflation.

Let us see what Mr. Blaine did say on this question. In a speech in the Senate in 1878, when the bland bill for the unlimited coinage of silver at 16 to 1 was under discussion, we take the following from the Congressional Record, in which Mr. Blaine said:

"However men may differ about causes and processes, all will admit that within a few years a great disturbance has taken place in the relative value of gold and silver, and that silver is worth less or gold is worth more in the money markets of the world in 1878 than in 1873 when the further coinage of silver was prohibited in this country. To remonetize it now as though the facts and circumstances of that day were surrounding us is to wilfully and plainly deceive ourselves. If our demonetization were the only cause for the decline in the value of silver, then remonetization would be its proper and effectual cure. But other causes quite beyond our control have been far more potentially operative than the mere fact of Congress prohibiting its further coinage; and as legislators we are bound to take cognizance of these causes. The demonetization of silver in the great German Empire and the consequent partial and well nigh complete suspension of coinage for the governments of the Latin Union, have been the leading dominating causes in the decline in the value of silver. I believe then that if Germany were to remonetize silver, and the kingdoms and states of the Latin Union were to reopen their mints, silver would at once resume its former relation with gold. The difficult problem is what we shall do when we aim to re-establish silver without the co-operation of European powers."

It must be remembered that when Mr. Blaine said this the silver in a dollar was worth 92 cents; now it is worth a little less than 50 cents. He said further:

"The question before Congress then—sharply defined in the pending House bill (Bland bill for the unlimited coinage of silver at 16 to 1) is whether it is now safe and expedient to offer free coinage to the silver dollar of 412½ grains with the mints of the Latin Union closed and Germany not permitting silver to be coined as money. At current rates of silver the free coinage of the dollar containing 412½ grains, worth in gold about 92 cents, gives an illegitimate profit to the owner of the bullion enabling him to take 92 cents worth to the mint and get it stamped as coin and force his neighbor to take it for a dollar. This is an unfair and unjust advantage which the government has no right to give to the owners of silver bullion, and which defrauds the men who are forced to take the dollar. And it assuredly follows that if we give free coinage to this dollar of inferior value and put it in circulation, we do so at the expense of our better coinage in gold; and unless we expect the uniform and invariable experience of other nations to be in some mysterious way suspended for our peculiar benefit we will most infallibly lose our good coin. It will flow out from us with the certainty and resistless force of the tides."

It will be seen that Mr. Blaine then assumed the same position towards the free and unlimited coinage of silver that the Republican party does to-day, and once more the HERALD has shown that Mr. Shepherd is deceiving the men from whom he is soliciting votes. If, as Mr. Blaine says, "it is an undue and unfair advantage" to give the owners of silver bullion, and defraud the man who is forced to take the dollar, when silver was worth 92 cents, then it is surely a crime now to give the silver value owners that privilege, when the silver in a dollar is worth a little less than 50 cents.

Mr. Shepherd has been quoting garbled extracts from the speeches of Mr. Blaine, and our readers can see for themselves where the dead statesman would stand in the present contest were he living to-day. Not satisfied with deceiving the voters of the county by importing a substitute from Lehigh county to defend the Democratic candidate's position, Mr. Shepherd has also resorted to the equally fraudulent act of misquoting a dead statesman.

The people of Schuylkill county will never reward a "statesman" of that calibre. They want, and will have, a man of honest convictions, and who has the courage to express them—without a substitute.

We think Mr. Shepherd is beaten.

More Men Suspended.

The closing down of the foundry at the Coal and Iron shops at Pottsville, has thrown forty men out of work. The order went into effect last evening, and is caused by too much stock being on hand, and it is not known when work will be resumed. Including the eighteen men suspended before, there are now fifty-eight employes of the Pottsville shops out of work. It is caused by a general curtailment of business that generally happens about this time.

For Weak Men With Nervous Debility This is Certainly the Chance of a Lifetime.

Weak men suffering from nervous debility, weakened powers and exhausted vigor, can now take new hope. Here is something which will powerfully interest them. It is a fact that until now sufferers have been debarred from seeking a cure by the great specialists to these complaints owing to the cost of travel to the large city and the high fees charged by these eminent physicians.

Here, therefore, is a chance for weak men in our community which should not be lost. Dr. Greene, of 35 West 14th St., New York City, who has the largest practice in the world, and who is without doubt the most successful specialist in curing this class of diseases offers to give free consultation by mail to all weakened, vigorless and nerve exhausted men. You have the privilege of consulting Dr. Greene by letter describing your complaint and he will, after carefully considering your condition, send you a letter fully explaining all your symptoms, telling you everything about your complaint so plainly that you will understand exactly what ails you. He will also give you his advice, based upon his vast experience and wonderful success in treating and curing such cases, as to just what to do to get cured. All this will cost you nothing and you can thus have consultation with the best-known physician and acknowledged most successful specialist in the world, without leaving home and at no expense whatever. The Doctor is the discoverer of that greatest of medicines, Dr. Greene's Nervura blood and nerve remedy, and he has discovered many other most valuable remedies. Write to him now, for this is the chance of a lifetime to get cured which you may never have again.

MAHANOY CITY.

Burglars Steal a Valuable Chalice From the St. Canices Church.

MAHANOY CITY, Oct. 21.—When Patrick Mehan, the sexton, went to St. Canices church at six o'clock this morning he discovered that some time during the night or early morning hours burglars had broken into the edifice. They gained admittance by breaking in one of the windows in the vestry. An investigation showed that a gold chalice valued at $150 had been stolen. It was subsequently learned that the wheelwright shop of Bastian & Kurtz and blacksmith shop of George Carter had also been entered by burglars during the night, but thus far it is not known that the thieves carried away anything. It is believed, however, that the same gang broke into the shops to get tools with which to operate on the church. A gold chalice was stolen from the Polish Catholic church some months ago, but it was subsequently found on the mountain by some boys.

An inquest was held last night on the death of Albert Becker, the Lehigh Valley railroad section boss, who was killed at the Primrose colliery on Monday evening. From the evidence adduced it appears that a track of a loaded gondola had become broken and the car was jacked up for repairs. The car suddenly lurched over to one side. All the men except Becker ran away. The latter retreated towards the embankment and fell, the cars toppling over on him. The jury rendered a verdict of accidental death.

W. J. Parkinson, of New York, will address a Republican meeting here next Tuesday evening.

A Democratic meeting was held in Armory hall last night, at which John F. Dolphin, Esq., presided. Col. W. H. Sowden, of Allentown, and Watson F. Shepherd, Esq., of Pottsville, spoke.

Citizens of Mahanoy Plane were in town last night soliciting subscriptions for Cornelius Riordan, whose wife and son, Daniel, were burned to death in the fire at Mahanoy Plane yesterday morning. The funeral of the victims will take place to-morrow morning. Mass will be celebrated in Holy Rosary church, Mahanoy Plane, and interment will be made at Frackville.

The Ladies' Auxiliary of the Y. M. C. A. will give a musicale in the Association's rooms to-morrow evening, at 8 o'clock.

The funeral of Albert Becker, of Park Place, will take place to-morrow, at noon. The remains will be brought here via the Lehigh Valley R. R. and transferred to the P. & R. depot, whence the funeral will proceed to Barnesville, where services will be held in the Union church and interment made in the adjoining cemetery.

Some time early this morning burglars broke into the residence of Samuel Reinhart and stole an umbrella, coat and vest.

Mrs. Mary Coupland, of Jersey City, led the devotional exercises last night. Over 150 delegates were in attendance at the opening sessions.

The Manitoba School Question.

WINNIPEG, Man., Oct. 21.—It is learned that a hitch has occurred in the conference for the settlement of the parochial school question now in progress in Ottawa. Premier Laurier and the delegates from Manitoba had agreed to allow a half hour a day in each school for the teaching of religion by the Roman Catholics, the belief being that this concession would settle the difficulty. But this raised such strong opposition that the Manitoba premier, Mr. Greenway, withdrew from the agreement.

General Buckner in the Northwest.

CHICAGO, Oct. 21.—General Simon Bolivar Buckner, of Kentucky, candidate of the National Democratic party for vice president, left for Milwaukee and the northwest yesterday. He is accompanied by Mrs. Buckner, Simon Buckner, Jr., and others. General Palmer and Mrs. Palmer were called to Bloomington on Monday afternoon to attend the funeral of a near relative of General Palmer. General Palmer will join the special train at St. Paul.

DRIVEN ON THE ROCKS.

The Steamer Arago Lost and Twelve Drowned While Trying to Land.

MARSHFIELD, Ore., Oct. 21.—The steamer Arago, owned by the Oregon Coal and Navigation company, from Coos Bay for San Francisco, was carried by the current and driven on the rocks of the jetty at Coos Head yesterday. She will be a total loss. In attempting to land a boat load of passengers and crew the boat was capsized. Twelve were drowned, four passengers and eight of the crew, of which the following is a partial list:

E. M. McGraw of Coquil City, John Norman of Marshfield and Richard Walters of Oakland, passengers. Of the ship's crew the drowned are: M. P. Whittle of San Francisco, fireman; Eric Walla of San Francisco, fireman; Richard Patterson of San Francisco, steward; A. Fernandez, chief cook; W. E. Brown, chief engineer; J. Kurger, sailor; Harry Sanders, sailor.

The accident occurred during a heavy fog. What is left of the steamer to be seen is two spars projecting upon the ocean beach. The survivors were brought to Empire City on the tug Columbia. None of the bodies of the lost were recovered.

The Arago was built by the Union Iron works in 1885. Her gross tonnage is placed at 947 tons. The craft has long been in the coasting trade and is one of the best known boats in this port.

Lucca, and ex-United States Minister to Italy William Potter received the officers and Prince Louis immediately after the ship had swung its anchor. A committee of prominent Italian citizens has arranged to entertain the visitors during their presence in this city. On Saturday night a banquet will be given in the visiting prince's honor.

His Conscience Troubled Him.

WASHINGTON, Oct. 21.—United States Treasurer Morgan yesterday received a conscience contribution of $62 in a draft drawn on the First National bank of Greenfield, Mass. The sender says the money was paid to him in the settlement of his accounts as an officer in the Union army for pay of a servant. "When it was paid to me," the letter continues, "I supposed it was right, and that if an officer did his own work and had no servant he was entitled to a servant's pay." He has since found that this is not so, and much regrets his ignorance and mistake in the matter.

"Had chronic diarrhoea for ten years," says L. W. Kichlein, a Justice of the Peace at South Easton, Pa. "No remedy afforded me real relief until I was induced by Chas. T. It has also cured many others, among them old soldiers who had contracted the disease in the army and given up all hope of recovery. For sale by Gruhler Bros., druggists.

A Dismissed Warden Reinstated.

ALBANY, Oct. 21.—By decision of the court of appeals yesterday John J. Fallon, warden of the Tombs prison, New York city, removed in January last, is ordered reinstated on the ground that the charges made by a deputy named O'Shea, who was put in his position for the purpose of obtaining evidence, were not substantial enough to form a ground for dismissal. The charges were made that an outsider had been admitted to visit Walter Langerman, accused by Barbara Aub, and that he had also ill treated Murderer Hermann.

Insanity Acquitted Her of Murder.

MANSFIELD, O., Oct. 21.—In the case against Miss Celia Rose, on trial here for having caused the death of her father, mother and brother with poison, the jury brought in a verdict acquitting the accused on the ground of insanity. She will probably be adjudged insane and sent to an asylum.

Don't trifle away time when you have cholera morbus or diarrhoea. Fight them in the beginning with DeWitt's Colic and Cholera Cure. You don't have to wait for results, they are instantaneous, and it leaves the bowels in healthy condition. C. H. Hagenbuch.

Swedish Armament Plans.

STOCKHOLM, Sweden, Oct. 21.—The government will apply to the next riksdag for credits of 10,000,000 kroner (about $2,680,000) to build an ironclad, several million kroner to build torpedo boats and cruisers, and 6,000,000 kroner (about $1,600,000) with which to begin the fortification of the Gulf of Bothnia.

If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic and Cholera Cure. For dysentery and diarrhoea it is a reliable remedy. We could not afford to recommend this as a cure unless it were a cure. C. H. Hagenbuch.

A Railroad Official's Experience.

MR. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed any severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palpitation that often staggered me as if I would fall, were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience." EDW. EDMONDS.
