FRIDAY, OCTOBER 23, 1896. REPUBLICAN NATIONAL TICKET. FOR PRESIDENT, WILLIAM MCKINLEY, OF OHIO.

PROTECTION AND FREE TRADE. Twenty-seven years of Protection (1869 to 1896) decreased our public debt \$1,147,303,878.

CONGRESSMAN HERRMAN has out-thanked his former opponent in the Congressional Record of the 54th Congress.

MILLS and McKinley are remaining even before the vote on the stump. Public confidence is gradually returning to its work in anticipation of McKinley's election.

The battle of this year will be the largest since the present law went into effect. Study the election law regulations carefully, in order that you may prepare your ballot correctly.

The Treasury deficit for the fiscal year to date amounts to \$20,000,000. If it is so bad under Cleveland, what would it be under Bryan, with the government getting \$60,000,000 for its revenue?

When the present campaign opened the sole argument used by the Bryan adherents was that wheat and silver each arose and fell in price together. They have dropped that deception for the very good reason that the national law of supply and demand regulates the price, and that while wheat has recently advanced silver has declined.

We fully agree with our contemporary, the Hazleton Standard, when it asserts that the Pottsville Chronicle should at least be consistent in the present campaign. If it is wrong in electing Bryan and Sewall, it must certainly be wrong in electing Shepherd. The Chronicle cannot consistently support a gold standard at the same time advocate the election of Shepherd.

THE COUNTY TICKET. The national contest has been waged with unabated interest since the respective candidates for President have been nominated. In no other contest since the memorable campaign of Abraham Lincoln, has there been such intense interest manifested by the people as in this one now about closing. There is every reason to predict that the Republican party, battling for the preservation of public credit and protection to home industries, has already won a glorious victory.

The Herald, with other Republican newspapers and public speakers, has waged a successful warfare against the Chicago platform and numbers, and with the light of reason penetrated the fallacies and deception of the free silver advocates. Their entire campaign has been one of deception, and especially is this true of the Democratic candidate for Congress in this district. His very nomination was a bold piece of deception upon the Democratic voters. The true sentiment of the Republican party was favorable to James W. Ryan, but by resorting to hostile and untrue statements, candidates, Watson F. Shepherd, was nominated, and he has resorted to the same tactics in appealing to the voters of the county. We have made this plain on several occasions. Even those who believe that the free and unlimited coinage of silver will result to the benefit of the nation have no faith in Mr. Shepherd's recent conversion. They admire a man of courage, and who has the ability to define his own position, without the aid of a substitute from another county—and will naturally resent the insult to their constituents.

The Republican workers, in union with the party organization, in view of the fact that the national ticket is secure, have a plain duty to perform. That is the election of the county ticket. While there is no denying the fact that there are a number of Republicans in the county who are favorable to the free and unlimited coinage of silver, as there are Democrats who are against the Chicago platform, yet we fail to see what the financial question has to do with the selection of county officials. The Democratic county nominees are making their fight on that line, fearing to enter the contest with their Republican opponents upon their own merits or capabilities for the positions they seek. The Republican county ticket, individually and collectively, is the strongest that has

been presented to the people of this county for their suffrage for a number of years. Every candidate, from Congress down to Poor Director, is not only worthy of the support of his party adherents but of the support of his party opponents. The Democratic party in this county has already made up their minds to repudiate the action of a certain faction of the Democratic party in threatening to withdraw from the contest by the use of the county ticket, and will vote the Republican ticket, and others will swell their ranks before the present contest closes. The treatment accorded certain Democratic candidates before that convention, from this town, is still fresh in the minds of their friends. There are other sections of the county in which the same treatment was accorded faithful workers. Well may the managers feel despondent—they now realize that while it is an easy thing to nominate a ticket by such methods, it is not quite so easy to elect it. With such a strong county ticket, the Republicans should experience little difficulty in recording a victory in Schuylkill this year. With that end in view, the battle from now on should be directed in the interest of the county nominees. Many a battle has been lost from overconfidence. Therefore, let every Republican do his duty from now until the polls close on the evening of November 3rd. There is no national issue at stake so far as the election of men to fill the offices on the "hill" is concerned. It is a question of the several candidates' qualifications, and when the contest is viewed in that light, which is the only proper one, the Republican nominees have little fear of the outcome.

Remedies Cured in a Day. "Myrtle Cure" for Rheumatism and Neuralgia actually cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits; 75 cents. Sold by C. H. Hagenbuch, Druggist, Schuylkill.

An Unsatisfactory Conference. Chairman George F. Washburn, of the western branch of the Populist National Committee, left for Nashville last evening, where today he expects to meet Thomas K. Watson and National Committeeman H. of Georgia. Mr. Washburn held a lengthy conference late yesterday afternoon with Chairman James, of the Democratic National Committee, in a final attempt to settle the dispute over fusion in Georgia. The result was unsatisfactory to the Populist chairman. Interesting developments are looked for at today's meeting of the Populist leaders at Nashville.

Armenian Refugees Arrive. NEW YORK, Oct. 22.—There were 180 Armenian steerage passengers on the Hamburg-American line steamer California, which arrived yesterday afternoon from Hamburg and Havre. They were shipped in Havre and are looked for various destinations. The captain states that all have some means and some have as much as \$50. He does not anticipate any difficulty about landing them, as he says they are not likely to become a public charge. There are only a few women and children among them.

Reckless Arson Salvage. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or is soon required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by A. Wasley.

The King of Husbands. We take the following from the Buffalo Home Gazette: "There are very few men in the horse business who are not acquainted with P. G. Waldron, better known as 'Paddy' and they will agree that he is the king of husbands in selling horses. Last week he showed a surprise on the 'box' by having brought on the stock yards sales three new paper horse carts of the latest pattern, at an expense of \$975 per cart, and they looked to be worth it. They are 60 feet in length and will accommodate 31 horses each. They have ventilation on the top of the cart, which will prevent the dreaded colic which horses are subject to in shipping. They are all of one color, a bright yellow. On the side of the cart at one end is the following in large letters: 'P. G. Waldron, the Great Canadian Horse Shipper,' a title that he is known by throughout the States, from the fact that he at one time handled many Canadian horses. In the rear is a large picture of a horse's head. At the other end in flashy letters is 'Waldron's Horses.' He had his own equipment for express car services, so that they can be handled by Express companies. Paddy is the only dealer who owns his own cars. He is one of hundreds who have made money out of the horse business and kept it, and is deserving of credit.

Can't Eat. This is the complaint of thousands at this season. They have no appetite; food does not relish. They need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It so promptly and efficiently relieves dyspepsia symptoms and cures nervous headaches, that it seems to have almost a "magic touch."

Hood's Sarsaparilla. Is the best—in fact the One True Blood Purifier. Hood's Pills, aid digestion, etc.

MAHANAOY CITY. Two Very Old Residents of the Town Called by Death. MAHANAOY CITY, Oct. 22.—Mrs. Elizabeth wife of Emanuel Boyer, of East Pine street, died this morning. The deceased and her husband were among the oldest residents of the town, having located here in 1851. At that time the nearest house to this place was the old Mountain House Inn, two miles distant from town. Mr. Boyer built and occupied the Wayside Inn at the corner of Main and Centre streets. Mrs. Boyer was 69 years of age and the mother of eleven children, of whom only three survive, Benjamin and William, of town, and Robert, of Philadelphia. The funeral will take place on Monday at 8:30 a. m. Services will be held in St. Paul's Reformed church and interment will be made at Lewisburg.

Mrs. Sarah Harbo, aged 81 years, died last night at the home of her daughter, Mrs. James Northey. She had resided in the town 33 years. Mrs. Catherine O'Neill died this morning at the home of her son, Thomas, in her 70th year. She is survived by three sons and three daughters.

The meeting of the Ladies' Auxiliary last evening was a very pleasing affair. There were vocal and instrumental music and recitations and addresses were made by President Hermann and Secretary Perschman. A fire started in Gula's restaurant house at seven o'clock last night, but a bucket brigade put it out before much damage was done. While Mrs. William Krause was nursing her six-month old son the child took from her dress a pin and swallowed it, but no ill effects have made themselves apparent.

A tramp stole a pair of shoes from Ferris' store last night. A young lady named Rowell, followed him into a barber shop and snatched the shoes from beneath his coat. He was afterwards loaded from the shop into the street, but no arrest was made. The wedding of Miss Sallie B. Knapp, daughter of J. C. Knapp, and William Garrett took place last evening. The ceremony was attended by only members of the families and took place in the parsonage of the German Lutheran church, Rev. G. M. Beck, the pastor, officiating. Mr. Garrett is employed as chief clerk in Smith & Campbell's store. The couple have a handsomely furnished home on East Mahanoy avenue.

Best and Most Speedy. People of this age desire promptness fully as well as certainty. When they seek relief they want it at the earliest possible moment, and especially when the case is important. Rev. Dr. G. P. Penick, D. D., pastor of Grace Street M. E. church, Williamsport, Pa., says: "I have used Thompson's Diphtheria Cure in my family and regard it as the best and most speedy remedy for diphtheria, croup and croupy throat that I have ever known. I unhesitatingly recommend it to the public as a sure cure for all its claims." Sold at Kiril's drug store at 50 cents a bottle.

Thomas, both of Minersville. Frederick Schaeffler and Salome Yeager, both of Pottsville. Frank Wagner and Eva Fink, both of Tamuqua. Frank Reichert and Annie Meachlin, both of Mahanoy township. TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents. NUGGETS OF NEWS. Speaker Thomas B. Reed, of Maine, is stumping in St. Louis, where he was most enthusiastically received. Joshua Levering, the Prohibition presidential candidate, spoke at Nashville, Tenn., last night to a good audience. At Memphis, Tenn., last night Tom Cooper went a quarter of a mile, unpaired, in 20-26 seconds, the fastest on record. Near Peekskill, N. Y., Mrs. McMahon, a saloonkeeper, fatally shot Patrick Kelly, who tried to "clean out" her saloon. Ex-President Harrison will make a speech at Indianapolis on Saturday, Oct. 24. This in addition to his speech there on Oct. 21. The tug DuPont, seized by the steamer Raleigh for filibustering, is held at quarantine by the health authorities of Jacksonville, Fla. Silvio Longueti, a worthless Italian, last night shot and stabbed both his wife and himself in New York, because she would not live with him. Both may die. Fire which destroyed a pottery plant at Akron, O., killed two people. One of them was Dr. Zanger, who was made famous by a long fast in which he once indulged. Hon. William E. Mason will not follow Mr. Bryan through Illinois, making speeches for him. The Republican managers have decided to abandon the issue.

If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic and Cholera Cure. For vomiting, diarrhea and all other ailments, this is a sure cure unless it were a cure. Buy Keystone flour. Be sure that the name Lessor & Rann, Ashland, Pa., is printed on every sack.

A NEW DISCOVERY by the SHAKERS. For more than a hundred years the Mount Lebanon Shakers have studied the cultivation of medicinal plants and sought to extract from them their healing essences. Their labor has not been spent in vain. They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine-tenths of our suffering are caused by dyspepsia or indigestion. Nearly every person who meets this digestive trouble in some of its varied forms—sick headache, distress after eating, pain and fullness in the chest after eating, palpitation of the heart, etc., are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Cordial has such an immediate and salutary effect is that it causes the food eaten to be digested, for it is undigested food that causes the distress. The Cordial causes the food to be digested before there is time for it to ferment and sour on the stomach. When the food is so digested it gives strength and vigor to the feeble body, makes one feel bright and cheerful, and makes one gain in flesh. The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. It gives immediate relief. Every druggist has been sent a supply of our handsome Donkey Puzzle Books, and a copy may be had for the asking. It tells all about the Cordial as well as Laxol, the new castor oil. Try a twenty-five cent bottle of Digestive Cordial and see what it will do for you.

Kilian, the druggist, to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me and for a year I have had no return of the trouble." It has also cured many others, among them old soldiers who had contracted the disease in the army and given up all hope of recovery. For sale by Gruhier Bros., druggists. THE YONKERS ASSASSINATION. Mr. Andrus Evidently the Victim of a Murderous Anarchist Plot. NEW YORK, Oct. 22.—There seems no longer room for doubt as to the circumstances attending the death of Hamlin J. Andrus, who was blown to pieces in the office of the Arlington Chemical company, of Yonkers, of which he was secretary, Tuesday morning. All the circumstances point to murder. Last night Coroner Miles stated that thirty feet of wires had been taken from under the building in which the explosion of the bomb had occurred, and that in addition forty dry cell batteries had been found in or near the building, just where he would not say. The wire was stretched under the floor of the office building and ran to a point directly beneath where stood the box which is believed to have contained the bomb. To what point outside of the building the wires were conducted has not yet been divulged. It is said, however, that the wires were found cut on a line with the outer walls of the building. This in itself involves a mystery that seems at present inexplicable. [Notwithstanding the discovery of the wire, the battery and the other paraphernalia that so strongly indicates the hand of the assassin, there are some people now engaged in the investigation of the affair who believe still that Andrus met death as a result of his own experiments. The police are at present inclined to stand midway between the two theories. Coroner Miles, who has disagreed considerably with the police, stated last night that in his opinion the bomb was suspended by a string from the bottom of the shelf desk at which Mr. Andrus was accustomed to stand, that the wires were run from an unoccupied building situated some distance from the office up through the floor to the bottom of the desk so that they would rest closely against the string, and that when the current was turned on the string was burned off and the bomb released. It is still believed by many that the bomb was intended for John Andrus, president of the company, and brother of the man who was killed. In view of yesterday's developments the inquest, which was to have been held today, has been postponed for a week. The Best for Children. "I believe Chamberlain's Cough Remedy is the best for children I ever used. For cough it is unequalled. It is a splendid seller with us. T. M. Eckles, Ph. G., Manager Wampan Pharmacy, Wampan, Pa." When used as soon as the first symptoms appear, that is as soon as the child becomes hoarse or even after the croupy cough has appeared, it will prevent the attack. The mothers of croupy children should bear this in mind and always keep the remedy at hand. It is also the best medicine in the world for colds and whooping cough. For sale at 25 and 50 cents per bottle by Gruhier Bros., druggists. Coming Events. Nov. 3.—Annual Supper, auspices of Calvary Baptist church, in Robbins' opera house. Wayne, Ind., testifies that he was cured of a Cough of two years standing, caused by La Grippe, by Dr. King's New Discovery. H. F. Morritt, Baldwinsville, Me., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 55th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free Trial. Bottles at A. Wasley's Drug Store.

Ministers Should Use Dr. Miles' Heart Cure. THERE IS NO PROFESSION, whose labors so severely tax the nervous system, as that of the ministry. The derangement of the nerve centers of the brain by over work, frequently brings on attacks of heart trouble, and nervous prostration. Rev. J. P. Ester, M. D., Pastor U. B. Church, London Mills, Ill., himself a physician, writes Feb. 23, 1895: "Heart affection and nervous prostration had become so serious last fall that a little over work in the pulpit would so completely prostrate me that it seemed certain I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would ask me if it did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have just closed my work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand." Dr. Miles' Heart Cure is sold on guarantee, first bottle will benefit or money refunded.
