THE POSTEL POISONING.

The Body of the [illegible] Woman Exhumed at [illegible]

POISON DISCOVERED.

EVIDENCE [illegible]ilities Now Are That After a [illegible] Examination by a Philadelphia [illegible]ist the Body Will be Taken from [illegible]orehouse in Chester, Pa.

PHILADELPHIA, Oct. 28.—The preliminary autopsy upon the body of Mrs. Postel was concluded just before 6 o'clock yesterday afternoon, and according to the admission of the physicians it showed that death had been caused by poison. Dr. Palmer nor his assistants would make a statement in regard to the nature or quantity of the foreign substances found in the body. With the consent of Mrs. Kuppinger, mother of the dead woman, the body will probably be sent to Chester, Pa.

In an interview with an Associated Press reporter Dr. Palmer said:

"When we opened the cavities of the body the conditions showed unmistakably that some irritant poison had either been given or administered during life. These conditions were unmistakably primary ones, that is, not through the agency of a embalming fluid, but through life circulating agents, for it extended to the very viscera of the heart."

Dr. Palmer declined to give an opinion as to the nature of the irritant, but he did say that three doctors unanimously agreed to take all the internal organs, heart, lungs, brain and viscera, officially seal them in glass jars, and send them by messenger to Professor Wood, Philadelphia.

Dr. Palmer explained that the organs are not to be delivered to the Pennsylvania authorities, but Professor Wood will report back to Dr. Palmer, and on the strength of his report Dr. Palmer will base a finding to the Rhode Island authorities, who will communicate with the Pennsylvania authorities. The autopsy was even more searching than anticipated, when Dr. Palmer was further questioned by the Associated Press as to other theories of Mrs. Postel's condition he took as the result of his examination.

In connection with Mrs. Postel's visit to her mother, Mrs. Kuppinger, here last week, it had been stated that she was ill. Mr. Postel came here with his wife's body. It was said to have explained that his wife had been given premature birth to a child. Dr. Palmer, on this point, said that Mrs. Postel was not in a delicate condition at the time of death, and had never been.

The body is still here and will not be forwarded until later. It is a difficult matter to have a body exhumed and sent out of the state, as the body had been legally buried, but the delay now is purely on legal technicalities. The law governing inquests in Pennsylvania requires the presence of the body at the coroner's inquest. The Chester authorities are yet active, having expected to go back with the body today.

In a letter received by Herrmann Zetter, of this city, from Arthur Postel, the latter adds: "I propose to fight this case to the end." Mrs. Kuppinger is housekeeper for Mr. Zetter and it was in his lot that Mrs. Postel was buried. Mrs. Kuppinger wrote to Mr. Postel telling him that he did not sufficiently appreciate Mr. Zetter's courtesy, and asking him to write his thanks to Mr. Zetter. This Mr. Postel did, adding the words of comment on the case.

Alleged Green Goods Dealer Committed.

TRENTON, Oct. 28.—P. Morgan, alias C. H. Thomas, the alleged green goods man arrested here last Friday, was given a hearing before United States Commissioner Scott yesterday, and was committed to the Mercer county jail in default of $2,500 bail pending the issuing of an order for his removal to Brooklyn. The offense alleged was committed in that jurisdiction, and he will be arraigned in the United States court for the Eastern district of New York. The charge is that of using the mails for purposes of fraud in sending green goods circulars and letters. The three "come ons" arrested with Morgan testified against him. The three testified that they expected to get good money, and not counterfeit, expecting for $500 to secure $5,000.

A Matrimonial Sensation.

PITTSFIELD, Mass., Oct. 28.—The announcement of the marriage in New York of William Wilberforce Newton, Jr., only son of the Rev. Dr. Newton, rector of St. Stephen's church, and nephew of the Rev. Heber Newton, of New York, to Mrs. Henrietta Augusta Richardson, of Boston, caused a sensation here. He is not yet 21, while Mrs. Richardson is 40, and has a daughter who was recently married. Young Newton had been a student in half a dozen different schools, including Yale. When he was attending school in Boston he boarded with Mrs. Richardson, and a love affair resulted. Every effort was made by the boy's father to prevent the marriage.

Accidentally Killed His Companion.

WILMINGTON, N. C., Oct. 28.—Thomas Ashe, aged 16 years, of this city, was accidentally shot and killed by a young companion, Herbert Stelis, while gunning for ducks in the river near here. They were in a small skiff. Ashe, lying in the bow of the boat, had fired at a flock of ducks on the water. Stelis had his gun pointed for a wing shot, and as he pulled the trigger Ashe rose to his feet and received the load of shot in the back of his head, killing him instantly. The coroner's jury exonerated young Stelis.

Mother and Two Children Murdered.

RICHMOND, Mo., Oct. 28.—Mrs. Eva Winner, wife of Jesse Winner, and her two children, a girl aged 3 and a boy of 18 months, were murdered Tuesday night. The woman's head was cut with an ax and the throats of the children were cut and their spinal cord severed. Bloodhounds are being used to track the murderer.

Sullivan May Lose His Right Arm.

BOSTON, Oct. 28.—John L. Sullivan, ex-pugilistic champion, is the victim of cancer. The trouble has developed in the right hand, and Dr. Galvin, of the Emergency hospital, upon whom Sullivan called for treatment, says that unless Sullivan takes great care he will lose his arm.

A Railroad Official's Experience.

MR. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 10 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed any severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palpitation that often staggered me as if I would fall, were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience." EDW. EDMONDS.
