

McKINLEY a plurality in Kentucky is only
and Bryan gets one elector there.
Kentucky sentiment is dangerously near the
reputation line. Keep up the campaign of
education.

It is a great argument in favor of popular
government that it can settle the greatest
question of the greatest country with the
greatest fairness to all and in peace and good
will toward men.

The session of the last Legislature raised
the salaries of county officials in counties of
less than 250,000 and over 100,000 population.
The Prothonotary and Sheriff receives \$8,000
per year; Treasurer, \$5,000; Clerk of the
County, Register and Recorder, \$1,000 each;
County Commissioners, \$2,500 each; Poor
Directors, \$1,500; Prison Warden, \$2,000, and
County Solicitor, \$1,000.

Mr. McKinley will have to learn from
the newspapers that he has received a ma-
jority of the electoral votes, and has been
duly and formally elected President of the
United States. When a \$900 Government
clerkship is filled, the appointee receives a
notice from the Civil Service Commission. A
member-elect of Congress is given a certificate
by the Secretary of the State in which he
lives. A postmaster, after being confirmed
by the Senate, is given a commission. But
the citizen who is elected to the highest office
in the gift of the American people receives
no notice, no certificate, no commission.

PRESENT MINE LAWS.
The United Mine Workers of America will
be represented at Harrisburg this winter by
a special committee, who will look after the in-
terests of the anthracite miners and laborers.
The interest manifested by this organization,
together with the report of the Commission
on the Pittston mine disaster, will naturally
result in many changes being made in the
present mine laws of the state, which in
many respects are an injustice to miners and
their operation is urgently demanded.

In his report to the Secretary of Internal
Affairs, Inspector G. M. Williams submits
some information that is directly to the point
and should receive proper consideration at the
hands of the State Legislature. He says:
"Nearly all laws that have been enacted
with a view of relieving the distressed con-
dition of the workmen of the mines have
resulted in many changes being made in the
present mine laws of the state, which in
many respects are an injustice to miners and
their operation is urgently demanded."

"Excepting the act of 1876, known as the
ventilation act which was amended in 1887,
and is entitled 'An act to provide for the
health and safety of persons employed in
coal mines,' not one of all the laws enacted
has been of benefit to this class of workmen,
and some of these laws are doing a great
amount of injury. Some of the changes
made in this Act in 1891 are objectionable
and work to the injury of a large class. The
laws which require that the state assume the
responsibility of declaring who is competent
to be a mine foreman is wrong, because it
deprives the person who may be injured
through their incompetency of the right of
redress by the parties who employ him. This
law has stimulated more venting and a
deeper study of the theoretical knowledge
required for the successful management of
mines, but this could have been accomplished
without placing the responsibility of the
foreman's competency upon the state."

"The act of 1891, through a blunder in
introducing the term fire boss, requires
that every man who is employed in a coal
mine must have his certificate from the state
and the state becomes responsible for his
competency. After a trial of nearly five years
I have been convinced that this law does no
good, does not improve the service and takes
away the injured man's chance for redress
and it costs each miner \$1.00 to get his cer-
tificate which has to be given to him upon
the recommendation of his employer as the
one who knows best as to his qualification for
the work. After ten years of annual examina-
tions I am satisfied that a man's qualifica-
tion to be a mine foreman, a fire boss or a
miner, cannot be determined satisfactorily
by examination in a room. He must be seen
at his work and his employer who sees him
there is in the best position to know his capabil-
ities."

"The law requiring a miner to have his
certificate has been the cause of keeping in-
telligent and experienced men from coming
to the region and has enabled the operators
to employ every kind of men to mine coal
without their being responsible. Before the
enactment of this law, incompetent men
were not employed, but now they are em-
ployed by hundreds. All is asked of them is
to have certificates, and they get them."

"There are other laws which I could men-
tion which were passed under the pretense of
helping the workmen that have been a
curse to him. Aside from the acts passed in
1876 and 1885, none have been passed that
have been beneficial. These acts have done
an immeasurable amount of good. Before
1876 there were no properly ventilated mines,
no examinations by fire bosses in the work-
ings, no second openings, no roofs or caps in
shafts, no bridge chains, no safety catches,
no maps, no measuring of ventilation and
very little attempt to ventilate, no account
of accidents, no investigation of accidents,
no report of ventilations. Narrow, dirty and
wet roads, careless timbering, injured men
were hauled home in coal wagons and dozens
of other things were done which have been
vastly improved upon since the enactment of
this law."

MAHANAY CITY.
Mahanay City, Nov. 16.—Boston Run had

arrests were made.

Dr. Hartley, of Shenandoah, was a visitor
to town yesterday.
George Ignatius, a Pole, was committed to
jail this morning for beating a woman.
Yesterday was a day of great religious in-
terest and activity in town. Association Day

the visitors from abroad were State Secretary
S. M. Baird, of Harrisburg; Fred. B. Shipp,
of Harrisburg, assistant State Secretary;

Geach, of Allentown; D. J. Pearson and
Col. Herbert, Mauch Chunk. Services
were conducted in several of the
Protestant churches in the morning
and a ladies' meeting was held at 7:30 p. m.
in the Presbyterian church. At the same
hour a young men's meeting was held in
Armory hall, which attracted an attendance
of between 200 and 300; and in the evening
services were conducted in the Methodist
Episcopal and Reformed churches.

John Beldow, of East Mahanay street, re-
ceived an ugly cut on the head from a falling
piece of coal at the Primrose colliery on

VICTIMS OF RELIGIOUS MANIA.
It Results in a Whole Family Going to
an Insane Asylum.
BOYMANVILLE, OHL, Nov. 16.—A most
extraordinary case of religious mania is
reported from a farm house near the Long
Sault. There for a number of years resided
Elijah Rice, his wife, and fifteen children.
The oldest son, Louis, 22 years old, recently
became insane and announced himself as
the "Prince of the South Hills," and de-
clared that Christ had appointed him to
reform the world. The mania extended to
the father, mother and the other children,
who neglected the farm and spent their
time in singing and praying.
Recently the father conceived the idea
that Louis was pursued by the devil, and
that it must be beaten out of him. Louis
was knocked down with a log of a chair,
and Mr. and Mrs. Rice and two of the sons
pounded him into insensibility. When
this was accomplished they were satisfied
that the devil was driven out.

Their next move was to celebrate the
feast of the Passover, and one of the little
children was to be sacrificed as the "paschal
lamb." One of the sons, a mere boy, told
this to a clergyman, who informed the police.
On visiting the farm they found
Rice and his son Louis suffering from In-
sane mania, and had them removed to
Kingston Insane asylum. The doctors
think that the other members will recover.

MARK HANNA HASN'T SAID
That He Would Not Accept a Position in
President McKinley's Cabinet.
CLEVELAND, Nov. 16.—Mr. M. A. Hanna
was seen yesterday by a reporter, who
tried to get from him a statement regard-
ing the gossip connecting his name with
a cabinet position. "Your name has been
used in connection with the secretaryship
of the treasury," said the reporter. "Will
you make an authoritative statement with
reference to it?"
"No, I will not discuss it at all," was
the reply.
"But some of the newspapers have said
that you had declared you would accept
of office."
"I don't remember ever having said any-
thing of the kind."
"But you were so quoted."
"Well, I can't help that," was the
reply.
This evening Mr. Hanna will be han-
gueted by a number of his friends at the
Union club. The affair is to be exclusively
nothing has been made public about
program, and it is said that no invited
members of the club who
will be admitted.

No Strong Evidence of Murder.
BRIDGEPORT, N. J., Nov. 16.—The body of
Andrew Wolski was found in the Cohasset
river yesterday afternoon by grappers.
He disappeared Saturday night week
during a drunken spree aboard a coal float.
No one could explain his disappearance,
and the three other Poles who were
with him were arrested and are now in
jail. They are Peter Kolonusky, Antonio
Pitenshik and Rock Padowski, of Wil-
lamstown. The captain of the float, Ko-
lonusky, is said to have had a grudge
against Wolski. Foul play is suspected,
but there are but few marks on the body.

To cure all old sores, to heal an indolent

simply apply DeWitt's Witch Hazel Salve

Gigantic Commercial Enterprise.
CHICAGO, Nov. 16.—The Tribune says
that \$1,000,000 has been subscribed, and
plans are being matured for the formation
in Chicago, within two weeks, of a gin-
gantic commercial enterprise, to be known
as the English-American-Chinese Railway
Construction company, which is to enter
the field of Chinese trade as the rival of
the American Trading company. The ob-
ject of the company is to eventually ob-
tain control of American trade in the
Flower Kingdom. Twenty-three miles
of railway, equipped with the most im-
proved appliances and rolling stock, will
be built. Most of the capital, it is said,
will be put in by Americans, and they
will also supply the equipment of the road.

Scaly eruptions of the head, chapped hands
and lips, cuts, bruises, scalds, burns are
quickly cured by DeWitt's Witch Hazel

valued for piles, and it always cures them. C. H.

SPAIN'S BIG LOAN.
Ladies Selling Their Jewelry and Church
Melting Up Church Plates.
MADRID, Nov. 16.—This morning the
government made an announcement asking
for public subscriptions on a loan of
\$50,000,000. While the loan is not made
purposefully for the immediate purchase of
munitions and equipments for war, yet it
is probable that the bulk of the money
will be used to defray expenses of the con-
flict now going on in Cuba.
The new loan issue has already been
nearly secured by lenders from banks,
companies and capitalists. The Spanish
banks do not charge a commission for
subscriptions to the new loan, the news-
papers advertise it free of charge, the la-
dies are selling their jewelry and the
clergy are melting church plates. The
banks of Spain opened yesterday to re-
ceive lenders to the loan.
Unusual means were adopted to insure
the success of the new loan. Appeals
amounting to commands have been issued
from the interior, finance and marine
ministries to the provincial authorities to
adopt exceptional measures to secure large
subscriptions, and newspapers are filled
with exhortations to patriotism from
prominent public men. The loan is more
like a national charitable subscription
than an ordinary financial operation.

Deadly Fight Between Italians.
NEWARK, N. J., Nov. 16.—Two men
were shot and one stabbed as the result of
a row among Italians which took place
last night. All are seriously wounded,
and one of the men is expected to die.
Joseph Porfello, Raffaele Rolgio, the
latter a saloonkeeper, had an altercation,
and Rolgio drew a revolver and Porfello
a stiletto. Porfello stabbed Rolgio in the
abdomen and started to run. The wounded
man fired, the bullet striking Porfello in
the head behind the right ear. Rolgio
fired a second shot, which struck Fran-
cesco Carluccio under the left eye. A num-
ber of Italians who had gathered pounced
on the saloonkeeper and disarmed him.
All of the injured men were taken to the
city hospital.

Sheriff Chained a Railway Train.
WATERBURY, N. C., Nov. 16.—Three trains
of the Charlotte, Columbia and Augusta di-
vision of the southern railway, filled with
passengers, United States mail and south-
ern express matter, were seized by a sheriff
Saturday night for an unpaid judgment.
One of the engines had killed a horse about
a year ago. At Winstboro, S. C., the
sheriff ran up and chained the wheels of a
local engine to the track and called loudly
for a settlement of the \$119 judgment
against the company. Three trains were
delayed for several hours before the com-
pany's agents gave satisfactory bond for
the payment of the judgment.

Desperate Sunday Prize Fight.
NEW YORK, Nov. 16.—A desperate prize
fight of seven rounds took place yesterday
morning near Union Hill, N. J. It was
between Tommy Kelly, of Hoboken, and
Hugh McDonough, of Boston. More than
400 sports from Hudson county and New
York attended. Kelly had the best of the
fight, and severely punished McDonough.
McDonough made three fouls in the
seventh round, and Kelly's second stopped
the fight. The referee left the ring with-
out rendering a decision. The fight was
made a draw by mutual agreement.

"Excuse me," observed the man in spee-
tales, "but I am a surgeon, and that is not
where the liver is." "Never you mind
where his liver is," retorted the other. "If
it was in his big toe or his left ear DeWitt's
Little Early Risers would reach it and shake
it for him. On that you can bet your gim-
lamps." C. H. Hagenbach.

Father and Daughter Killed.
BRADFORD, Pa., Nov. 16.—Lovell Win-
ship, of Colden, aged about 60 years, and
his daughter, Linda, aged 21, were driving
a spirited team, as they approached the
crossing of the B. R. and P. railroad, near
Colden and Glenwood a train came
flying along. The horses were frightened
and dashed against the side of the engine.
A search revealed in a stream nearby the
dead bodies of Winship, his daughter and
the two horses.

POUGHKEEPSIE, N. Y., Nov. 16.—A mar-
riage was celebrated in Hyde Park on
Monday, and a suit for its annulment was
brought in Poughkeepsie Friday. The
parties were Miss Rachel Schriver, aged
27, and Alvah Baker, aged 31. The bride-
groom claims that he was hypnotized, and
not in a condition to appreciate what he
was doing.

Urged for Secretary of Agriculture.
CINCINNATI, Nov. 16.—Charles B. Mur-
ray, editor of The Price Current and super-
intendent of the Cincinnati Chamber of
Commerce, is being prominently presented
for secretary of agriculture. Mr. Murray
has a national reputation as a statistician,
and his crop reports are accepted as au-
thority everywhere. He is not a politician
and has never been active in politics, but
is being urged by the business interests of
this city. It is quite likely, however, that
Mr. Murray comes from a state that will
preclude serious consideration of his case.

Absolutely pure, perfectly harmless, and
invariably reliable are the qualities of One

croup and lung troubles. Children like it be-

FOR that sour stomach use Stuart's
Dyspepsia Tablets, because they
digest the food before it has time to sour,
ferment and poison the blood.
FOR loss of appetite take Stuart's Dys-
pepsia Tablets, because food promptly
digested creates a natural desire for more.
FOR loss of flesh, use Stuart's Dyspepsia
Tablets; they increase flesh in the
only common sense way, that is, by digesting
the food-forming food, and assisting the weak
stomach in disposing of it.
FOR gas in stomach and bowels, causing
distress, belching and headaches, use
Stuart's Dyspepsia Tablets; always indicated
in such diseases.
FOR palpitation of the heart use Stuart's
Dyspepsia Tablets because this symp-
tom in nine out of ten cases is caused from a
disordered stomach.
FOR impure blood use Stuart's Dyspepsia
Tablets; pure blood can only result
from wholesome food thoroughly digested.
FOR every form of weak digestion and
stomach trouble (except cancer of the
stomach) Stuart's Dyspepsia Tablets is
the safest, most natural, most successful cure.

Government Oates for Senator.
BIRMINGHAM, Ala., Nov. 16.—The pro-
vailing sentiment in this city is that Gov-
ernor William C. Oates will be elected
United States senator to succeed Senator
Pugh, whose term expires March 1 next.
Senator Pugh is a candidate for re-elec-
tion and the other candidates are Con-

Petts and Governor Oates, all of whom
announced silver Democrats except Gov-
ernor Oates, who was elected as the ad-
ministration candidate for governor two
years ago. Governor Oates voted for Bryan

and is now an avowed gold standard Dem-
ocrat.

Two Children Burned to Death.
BUFFALO, Nov. 16.—Henry Weller, aged
8 years, and Mary Weller, aged 6 months,
were burned to death in a fire at the home
of Christian Weller, their father, on Mad-
ison street. The mother had left the house
for a time, and it is supposed that some
clothes hanging near the stove caught fire
and communicated with the crib in which
the baby lay. The boy was in another part
of the house when his mother left, and it
is supposed that he lost his life in trying
to save the little sister. The girl's body
was burned to a crisp, but that of the boy
was untouched by the flames, he having
evidently been smothered to death.

Negro Ravisher Lynched.
MCKENZIE, Tenn., Nov. 16.—Saturday
night near this town, Charley Allen, a
negro, was lynched, being shot to death by
a band of armed men for the raping of
Miss Bettle Seals, a respectable white girl,
aged 14, and an orphan. The negro com-
mitted the outrage about dusk Saturday
afternoon as the girl was returning from
the cotton field. The negro was captured,
and when about a mile from town un-
known parties attacked the negro and
completely riddled him with bullets, leav-
ing the body on the roadside, where hun-
dreds viewed it yesterday.

Sore Throat—Quickly Cured.
Not long ago in speaking of sore throat,
and the difficulty frequently experienced in
curing it, Mr. J. E. Thomas, of Uniondale,
Pa., told how he had often cured it in his
family. We give it in his own words: "I
have frequently used Chamberlain's Pain
Balm in my family for sore throat and it
has effected a speedy cure in every instance.
I would not think of getting along in my
home without it." Pain Balm also cures
rheumatism, sprains and bruises. For sale

Gored to Death by a Cow.
MABLEBORO, Md., Nov. 16.—Mrs. Mary
Blockstein, of Pleasant Prince George's
county, was gored to death by an infuri-
ated cow. The animal had always been
very gentle, and was a pet of the woman.
She approached it yesterday, when it was
nursing its calf, and turning upon her
unexpectedly, the beast threw her to the
ground, tore the clothing from her and
ripped open her throat and the back of her
head. The woman was found dead on the
field with the cow still goring her.

During several years residence in this far
west, I had many opportunities for observ-
ing the wonderful effects of Chamberlain's
Colic, Cholera and Diarrhoea Remedy. Its
efficacy was demonstrated in the alkali
regions, where the water produces violent
purging. It always relieved the attack when all
the other remedies failed. I repeatedly saw
the greatest distress and diarrhea cured in a
few minutes. I used the remedy myself
with the most satisfactory results, and can
recommend it for the complaints for which
it is indicated. H. Y. GILBERTSON, editor of

How to Ward Off an Attack of Croup.
In speaking of this much dreaded disease,

said, "I have a little girl who is troubled
frequently during the winter months with
croupy affections. Whenever the first
symptoms occur, my wife gives her Cham-
berlain's Cough Remedy, and the result is
always prompt and satisfactory." This reme-
dy is used by thousands of mothers
throughout the United States, and in many
foreign countries, and always with perfect
success. It is only necessary to give it
freely when the child becomes hoarse or
as soon as the croupy cough appears and all
symptoms of croup will disappear. For sale

Let The Whole World
Know The Good
Dr. Miles' Heart Cure Does

HEART DISEASE has its victims at a
disadvantage. Always terrors that
heart disease is incurable, when the
symptoms become well defined, the patient
becomes alarmed and a nervous panic takes
place. But when a sure remedy is found
and a cure effected, after years of suffering,
there is great rejoicing and desire to "let
the whole world know." Mrs. Laura Wine-
inger, of Selkirk, Kansas, writes: "I desire
to let the whole world know what Dr. Miles'
Heart Cure has done for me. For ten years I had
pain in my heart, short-
ness of breath, palpi-
tation, pain in my left side,
oppressed feeling in my
chest, weak and dizzy
spells, bad dreams, could not lie on either
side, was numb and suffered terribly. I took
Dr. Miles' Heart Cure and before I finished
the second bottle I felt its good effects. I feel
now that I am fully recovered, and that Dr.
Miles' Heart Cure saved my life."
Dr. Miles' Heart Cure is sold on guarantee
that first bottle benefits, or money refunded.
