THE Pops did not win in Texas this time, but their platform of eternal hatred of Texas Democrats has undergone no change.

THE fact is again illustrated that in the matter of arbitration, Great Britain is governed exclusively by the size and strength of the nation she is dealing with.

THE next Legislature will consist of 41 Republican Senators and 6 Democrats, and 171 Republican Assemblymen and 31 Democrats, making the Republican majority on joint ballot 175.

THE eight largest cities of the country gave a not Democratic majority in 1892 of 102,402, and a not Republican majority in 1896 of 296,707. Such a change as this in four years is unprecedented in the history of American politics.

ALL other nations on earth who have been waiting to buy our products in free coinage silver will now please step up to the counter and settle in gold. They have put off buying so long that they must come early to avoid the rush.

NEXT week the people of the United States will take a hand at fighting Turkey, and the wreck they will leave will be a sight to see. The only damage Turkey will do in return will be the million of countless cases of dyspepsia.

NEW YORK CITY in September tried to sell \$4,000,000 in 2 1/2 percent gold bonds, but withdrew them on account of the low bids. Since the election it has disposed of \$10,000,000 in bonds at a premium ranging as high as 117.57, and the bids were forty times the amount desired. McKinley shares are one of those things that pay from the start.

THE persistent and ridiculous war rumors that have emanated from Washington for the past few days, and which in their construction have had such a flavor of the silly season, were evidently originated largely for a jobbing purpose. They were ridiculous, however, that the fact of their origin from them which has been given from an authoritative source, both in Washington and Madrid, were scarcely necessary.

THE California State Miners' association has adopted a memorial to congress urging the creation of a department of mines and mining, the duties of which shall be to acquire useful information on subjects connected with mining in the general and comprehensive sense of the word, and to disseminate the same among the people of the United States.

IT would seem that the recommendation by General Miles that the standing army of the United States be increased is a good one. The army as at present was too small for the duties required and the emergencies likely to arise a score of years ago. Since then this nation has greatly increased in population and in the extent of territory available for the army to cover. Hence a slight increase seems to be a reasonable suggestion.

A LEADING New York financier states that deposits to the amount of not less than \$50,000,000 were withdrawn from the savings banks of that city during the recent campaign. This is a striking proof of the fear that prevailed on account of the free silver agitation, and an indication of the catastrophe that would have ensued in the event of Bryan's election. In all its history the country probably never escaped a greater danger to its welfare and prosperity.

THE settlement of the Venezuelan question means that Uncle Sam is recognized as the boss of the continent, and that no other nation on the face of the earth can interfere here without consulting him. It means that the Monroe doctrine is several sizes larger than it used to be, and that it means a large extension of the principle of intervention and the saying of thanksgiving to the United States in the future. It was an excellent piece of work and we will have cause to be proud of it for many a year.

OF the best things that has been said in connection with it is to be credited to Harrison. "The issues faced to us by the 'Big Game platform,'" he observes in a congratulatory letter to the President, "but the fight on such lines that the Republican party would use the old 'breakworks.'" That is to say, the conditions made it a contest in which the patriotism of the people was appealed to the same as in previous emergencies of national peril, and they decided by over 1,000,000 majority against the scheme to destroy the public credit and bring disaster upon the interests of safe and good government.

RHEUMATISM Cured in a Day. "Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits; 75 cents. Sold by C. H. Hagenbuch, Druggist, Shenandoah.

WHEN you want good roofing, plumbing, gas fitting, or general tin-smithing done call on E. F. Gallagher 18 West Centre Street Dealer in stoves.

J., are spending several days in town the guests of Mr. and Mrs. Joseph Beddall.—Shenandoah Courier.

IT Saved Her Boys. Mrs. E. L. Fiedler, Bellefonte, Pa., writes as follows: "Two of our children were taken ill with diphtheria and the disease developed into a most serious form. By the aid of skilled physicians all possible means and medicines were applied and still our dear ones grew worse. A kind neighbor suggested we use Thompson's Diphtheria Cure. We did so and in less than twenty-four hours the sores were all removed from their throats and the boys were up and about. The third day they could eat with comfort. I cannot say too much for Thompson's Diphtheria Cure, as I feel sure it saved our children." Sold at Kirin's drug store at 50 cents a bottle.

MAHARJO CITY. John Chas. a driver boy employed at the Maple Hill colliery and residing at Shanty Hill, was instantly killed while at work on Tuesday night. The man who was put to sleep on Monday night by gas, the hypodermic, was awakened on the stage of Kaiser's opera house before the largest theatre audience in the history of the borough. The man lost eight pounds during the sleep. John Blackwell, employed at the Vilem colliery and residing on West Spruce street, received a severe gash on the hand yesterday from a piece of coal. Fred Schmeifeldt, a miner at the Mahanoy City colliery, was burned about the hands and face yesterday by lighting a tender of gas which was liberated by a shot.

THE length of life may be increased by lessening its dangers. The majority of people die from lung troubles. These may be averted by promptly using One Minute Cough Cure, C. H. Hagenbuch.

Hospital Admissions. The following admissions were made to the hospital at Fountain Springs yesterday: John Galter, 54, miner, St. Nicholas, severe burns, face, neck and both hands by gas. Wm. Backson, 19, Brownsville, state prisoner, severe laceration of hand and fingers, by falling sheet iron; Joseph Clary, 31, laborer, residence Glen Carbon, hurt at Taylorville, strained back, car run over his foot; Jacob Wazski, 26, miner, Mt. Carmel, injured Monitor colliery, fracture of shin bone. The cases treated at the dispensary were: John Mastley, 17, driver, Ashland, injured at Entorprise colliery, foreign body in eye; John Murray, 46, laborer, Girard Estate, injured at Lost Creek, confused chest; Anthony Monahan, 48, miner, Girardville, injured at Colorado colliery, catarrh; Edward Manley, 28, conductor, Franeyville, ulcer of cheek; John Hess, 49, Mahanoy, ulcer carious veins in legs; Michael Milroy, 23, miner, Brownsville, deviated septum of nose, result of a blow; Frank Bohrer, 39, Shenandoah, driver, West Bend Ridge colliery, osteomyelitis neuralgia; Thomas Moore, 16, Lost Creek, schoolboy, severe contusion and sprain of shoulder joint, owing to a fall; Michael Burns, 28, Heckescherville, laborer, Thomas, laceration middle finger of right hand.

How Autostrated Kraft is Made. There are others who make suerkratt but none to half equal the foreigners, says the Haden Standard. Their superior method for making this edible consists solely in the way they have for pressing the cabbage after it has been cut the requisite size. Instead of making it compact by means of a wooden pounder, the stoutest and biggest footed soldiers of the household are ordered into the barrel in their bare feet two at a time. If the barrel is large enough, and there they jump and dance to their heart's content, to be relieved when they are exhausted by other fellows. These things are considered insignificant among the Hays whose fondness for suerkratt makes them forget how it is made. The writer and a half dozen friends witnessed such a scene near the Audenried depot.

THE Ashland Bore Hole. The bore hole at the Ashland reservoir is 1,217 feet. Tuesday. The drill has cut through the sandstone rock, and is now entering into the red shale measure again. The water in the hole is increasing in force, and the supply at the present time reaches about ten millions each minute. The drill now are confident of striking water in abundant quantity before they reach a depth of 2,000 feet.

FITRY POINTS. Happenings Throughout the Region Chronicled for Busy People. Freehold wants a public building. Freehold wants an electric road to Hazleton. The Onondaga colliery is working twelve hours a day. The Ladies' Catholic Society, of St. Joseph's Catholic church of Girardville, held a supper in Armory hall last evening. The Patterson breaker near Mt. Carmel which was blown down some time ago has been rebuilt and is in operation again. The Grand Union Tea Company has put a handsome new tray on the road. The team complete presents a very enterprising appearance. While a theatrical company was stringing a banner across Main street from the Watson Hotel, a part of the cornice was pulled down by the weight of it. Superintendent Llewellyn's force of men this morning hauled eighteen loads of dirt off the paved square on Main street, between Oak and Centre streets. The formation of a gas company at Freehold, which has been discussed for some time, seems likely to materialize at no distant day. Wilkesbarre capitalists are said to be interested in the scheme. Amanda M. Kahley, a popular young man of Brandonville, and Miss Caroline Kochler, of West Hazleton, were quietly married Tuesday morning at the Lutheran parsonage, West Hazleton, by Rev. Ritter. Michael Barrett, of Centralia, while oiling cog wheels at the Best colliery, was hit on the hand with a piece of coal that fell from the upper portion of the breaker. One of his fingers was cut so badly that it had to be amputated.

A Hit for Coughs and Colds. What? Pan-Tin, 35c. At Grubler Bros. drug store.

Falls of Coal. Anthony Yusefki, a resident of the First ward, received a cut on the face and across the left eye by a fall of coal in the Suffolk colliery yesterday that required eight stitches. Frank Watons was injured yesterday about the head, back and left hip by a fall of coal in the Wm Penn colliery. Dr. Stein attended both men.

Obituary. Edward Brennan, 76 years of age, died at his home in Jacksons yesterday after an illness of a year. He was one of the oldest residents of Mahanoy township. He leaves six children. His wife died about a year ago.

An "American Firebrand" in Cuba. PHILADELPHIA, Nov. 18.—Jose Maresca, a Cuban who landed in this seaport a month ago, is now making a name for himself in the city. He is a very important position under General Maresca. Osgood was reported as having been killed in a cavalry charge a month or two ago. So conspicuous has been Osgood's energy and bravery that General Maresca has made him chief of artillery, a position he thoroughly enjoys. Osgood's daring on the field has won for him the title of "The American Firebrand."

Cuba's Chances for Recognition. WASHINGTON, Nov. 18.—Diplomats well informed regarding the conditions and sentiments of South and Central American republics are authority for the statement that there is no intention on the part of the governments of those countries to recognize Cuban belligerency. Bolivia has evidenced a purpose to grant such recognition, but it is explained that Bolivia has no ports nor commerce that can be affected, and could take the step without fear of any disastrous consequences at the hands of Spain.

To cure all old sores, to heal an indolent ulcer, or to speedily cure piles, you need simply apply DeWitt's Witch Hazel Salve according to directions. Its magic-like action will surprise you. C. H. Hagenbuch.

College Bazaars Arrested. RASTON, Pa., Nov. 18.—Henry M. Payne, of Southold, Long Island, a member of the class of '90, Lafayette college, has had five of his classmates—Archie Bileigant and George J. Shaw, of Shenandoah; Edw. J. O'Connell, of Honesdale; Alexander T. Waller of Staunton, Va., and Alford E. Yester, of Mainville—arrested for assault and battery, and the defendants have furnished bail for a hearing. Payne had long black side whiskers, which were the source of frequent jests. The students wanted them removed, but Payne was unwilling to part with them. Tuesday, after the class had been photographed, about thirty students, headed by the defendants, rushed Payne to a nearby barber shop, where his whiskers were removed by one of the number.

It Will Retire to Private Life. LONDON, Nov. 18.—A Singapore dispatch to The Times says it is rumored that Li Hung Chang will retire to private life, being disgusted with the treatment he received on his return from his journey around the world. The dispatch also states that the new China-Japan treaty gives no concession to foreigners.

Russia's New Foreign Minister. LONDON, Nov. 18.—The Chronicle's St. Petersburg correspondent says that the czar has invited General Count Vorontzoff Dushoff to succeed the late Prince Lobanoff as minister of foreign affairs. The correspondent adds that it is understood the count accepts the invitation. Count Vorontzoff Dushoff was appointed governor general of Moscow last May after the resignation of the czar to succeed the Grand Duke Sergius, whose wife is the czar's sister and whose post of czar was removed to St. Petersburg on that account.

Tennessee's Official Vote. NASHVILLE, Nov. 18.—The state board of canvassers completed the official count of the vote of Tennessee yesterday, with the following results: For president: Bryan, 104,641; McKinley, 148,774; Palmer, 1,001; Leavering, 3,095. Bryan's plurality, 14,878. For governor: Taylor, 106,523; Tillman, 149,374. The vote was the largest ever polled in this state by 9,000 votes, although a system like the Australian exists in the largest counties.

BANK ROBBERS CAPTURED. They Had Hid Their Plunder in the Cellar of Their Den. HASTINGS, Neb., Nov. 19.—Chief of Police Lepinsky has returned from Hanover, Kan., where he traced the Davenport National bank robbers, and succeeded in unearthing an organized gang of the boldest kind of robbers, which have been operating through this part of the state for the last six months.

Last Saturday morning the Davenport bank was robbed of everything in the safe, which amounted to several thousand dollars. The work was done by professionals. Chief Lepinsky got on their track and followed them to Hanover, Kan., where he arrested three of them. The robbers' den was what is called a "hole in the wall," and was run by one of the gang who disposed of the stolen goods.

In searching the cellar the officer dug up about \$500 in gold, \$30 in silver, plenty of gold watches and jewelry, besides a large lot of script and several dynamite bombs. Among the silverware found was that which the banker's name engraved. The fellows when searched had upon their persons \$1,200 in currency, several large revolvers and four large shotguns.

Two of the robbers were captured while asleep in their room, and the third one, being the proprietor of the dive, was captured while on duty. The three robbers were taken to Washington, Kan., to await trial. Special police are busy scouring the state for other members of the gang.

"Excuse me," observed the man in spec- icles, "but I am a surgeon, and that is not where the liver is." "Never you mind where his liver is," retorted the other. "If it was in his big toe or his left ear DeWitt's Little Early Risers would reach it and shake it for him. On that you can bet your gigmumps." C. H. Hagenbuch.

Successful Fight Against Consolidation. TRENTON, Nov. 18.—The court of errors and appeals yesterday affirmed the opinion of the supreme court setting aside as illegal the proceedings under which it was sought to incorporate the city of Bloomfield, in Essex county. The incorporation was attempted under the law of 1895, which provides that the inhabitants of any district within any county having a population of 5,000 may become incorporated as a city, with the proviso that such district is not to include any territory already within the limits of any incorporated city or town. The territory sought to be included in the city of Bloomfield embraced a portion of the borough of Glen Ridge, and the borough authorities carried the matter to court.

Major McKinley's Message to Canada. TORONTO, Ont., Nov. 18.—The Evening Telegram sent a representative to Canton to interview President-elect McKinley on matters that will be interesting to Canadians, but especially so to his views concerning reciprocity with this country. The major, however, was non-committal. He rejected his inability to make any prophesy as to the results of any reciprocity negotiations. Mr. McKinley sent this message to the people of Canada: "I hope that the amity and good feeling between the two countries will continue, and that we may know more of each other as the years go on. We have so much in common that we are justified in expressing that hope."

To Resume the Investigation. PHILADELPHIA, Nov. 19.—According to arrangements made some time ago by Chairman Andrews of the state senate investigating committee, that body will resume its inquisitorial functions in room 502 of the city hall, at 2 o'clock this afternoon. Silas W. Pettit, counsel for the committee, declines to disclose anything regarding the immediate program of the committee or the identity of the witnesses who will appear. There is ample reason for believing, however, that the alleged improper conduct of certain police officers during and preceding the recent election will be one of the earliest matters that will receive the committee's attention.

Nothing, and not irritating, strengthening, and not weakening, small but effective—such are the qualities of DeWitt's Little Early Risers, the famous little pills. C. H. Hagenbuch.

Students Honor Joseph Jefferson. BALTIMORE, Nov. 18.—Joseph Jefferson, the veteran actor who is playing an engagement at Ford's Opera House, was the recipient yesterday of a touching testimonial at the hands of the students at the Maryland General hospital. Mr. Jefferson delivered a lecture to the students, at the conclusion of which he was escorted to his carriage by a delegation of his hearers. When he reached the vehicle he discovered that the top had been lowered, the carriage filled to overflowing with flowers, and the horses removed. A bevy of admiring young men lifted him into the vehicle while a hundred others grasped long lines attached to it, and hailed him through the streets to his hotel, several blocks away, amid cheers from the spectators.

Ohio Miners on Strike. BELLAIRE, O., Nov. 19.—At Trella two mines and Franklin & Neff's mine on the Baltimore and Ohio railroad west of this city are all closed down today for the reason that the miners all went on strike against a reduction of from sixty-one to forty-five cents. Over 200 men are out, and say they will not go back until their demands have been granted. Two mines here have given their miners the price demanded, and are at work.

Dan Stuart's Mexican Monte Carlo. SANTA FE, N. M., Nov. 19.—It has been stated here by a prominent sporting man from El Paso that Dan Stuart and a powerful syndicate here have at last succeeded in securing from the Mexican government a concession that will permit them to establish at Durango, across the Rio Grande, on El Paso, a great international Monte Carlo.

Distinguished Thanksgiving Turkeys. WESTFIELD, R. I., Nov. 19.—Horace Vose, a veteran turkey dealer who has furnished the White House with Thanksgiving birds for several years, has three magnificent birds at his yards here which will be sent to three distinguished people. One will go to the White House, the second to President-elect McKinley and the third will be sent to William J. Bryan.

Absolutely pure, perfectly harmless, and invariably reliable are the qualities of One Minute Cough Cure. It never fails in colds, croup and lung troubles. Children like it because it is pleasant to take and it helps them. C. H. Hagenbuch.

FITZSIMMONS' MANAGER TALKS. Only a Flinch Fight Will Satisfy His Man, Says Julian. SAN FRANCISCO, Nov. 19.—In an interview with Martin Julian, manager of Robert Fitzsimmons, the pugilist, concerning the offer of President Generalizing of the new Bohemian Athletic club, of New York, for a twenty round contest between Corbett and Fitzsimmons, Julian returned to a condition of the offer that "Honest" John Kelly should act as referee. "If 'Honest' John Kelly is ever present at a contest in which Fitzsimmons fights it will be merely as a spectator," said Julian. "We will not have him as referee at any price. We don't want a repetition of the Corbett-Mitchell fight in Florida. Kelley was referee of that affair, and he did not seem to have the use of his eyes when Corbett struck Mitchell a foul blow. "But, even with John Kelly eliminated, the offer does not suit," continued Julian. "The purse is a liberal one, to be sure, but it is for a twenty round go, and that is not the kind of a fight we are looking after with Corbett. We want to meet him to a finish. Corbett knows this as well as we do, and he knows further that no such fight can be handled in the state of New York. His speech in Boston Tuesday night indicates he is willing to go anywhere on earth to settle this business with Fitzsimmons, and I am satisfied an offer will be forthcoming before very long that will inform the sporting world where the men can be put into a ring to fight until one of them cries enough. Dan Stuart has got such a place, and there are others in the field looking for a battle ground, as well as Stuart."

BOSTON, Nov. 19.—The offer of \$25,000 by President Generalizing, of the Bohemian Athletic club, for a twenty round boxing match between Corbett and Fitzsimmons, was topped last night by Jimmy Colville, a well known sportsman of this city, who offered Corbett \$25,000 in behalf of a New York club, whose name he would not disclose. Corbett reiterated his statement that if by tomorrow there was no higher offer he would accept it. Colville stated that he would be on hand Friday to increase his offer in case other managers make higher bids.

STEAMER WRECKED, ELEVEN DESTROYED. LONDON, Nov. 19.—The British steamer Memphis, Captain Williams, from Montreal Nov. 4 for Bristol, went ashore in Dunlough bay, near Slizen Head, on the south coast of Ireland. Captain Williams and part of the crew of the Memphis were saved, and have arrived at Crook Haven. The Memphis struck at 10 o'clock Tuesday night. Her crew took to the rigging, where they remained all night. Thirty-seven of them were rescued in an exhausted condition by means of a line conveyed to the ship's crew. Eleven of the ship's company perished. The vessel is a total wreck.

Disobedience of Orders Caused a Wreck. SALISBURY, N. C., Nov. 19.—A disastrous wreck occurred Tuesday night at Old Fort on the Western North Carolina division of the Southern railway. The Chattanooga and Norfolk vestibule limited collided with a helper engine, which was backing down the mountain. John Howard, fireman, and Engineer William A. James, of the limited, were killed. Postal Clerk William Henderson (colored) had his leg cut off. The accident was caused by Engineer Terrell, of the helper, disregarding an order.

Valentine Pleads Guilty. NEW YORK, Nov. 19.—William E. Valentine, alleged to be the chief of a gang of swindlers operating in various cities of the United States and Canada, pleaded guilty in the Kings county court yesterday to the charge of forgery in the second degree. Valentine also pleaded guilty to the charge of abduction, the victim being May Wintage, whose attempt to commit suicide it was that led to the exposure of the gang. Valentine will be brought up for sentence tomorrow.

A New Receiver Appointed. TOPICA, Kan., Nov. 19.—District Judge Meyers, at Okaloosa, yesterday appointed ex-Senator John Martin to be receiver of the Atchison, Topeka and Santa Fe railroad, vice Charles F. Johnson, who refused to qualify. The attorneys for the road will apply to United States Judge Foster for an order restraining Martin from interfering with the operation and management of the property, pending the hearing of the case in the federal court.

Will Not Perform Miracles But It Will Cure. DR. MILES' RESTORATIVE NERVINE. Cures nervous prostration. Not miraculously, but scientifically, by first removing the germs of disease, and then supplying healthy nerve food, increasing the appetite, helping digestion and strengthening the entire system. Desperate cases require prolonged treatment as shown by that of Mrs. M. B. Reed, of Delta, Iowa, who writes: "As the result of a lightning stroke, the physicians said I had a light stroke of paralysis, my limbs would all draw up. I would have thoughtings in my chest that seemed unendurable. For three months I could not sleep and for three weeks I did not close my eyes. I prayed for sleep, and felt that it would not come. I would be dead or insane. I took Dr. Miles' Restorative Nervine and the second night slept two hours and from that time on my health improved; slowly at first, but steadily and surely. I took in all 40 bottles, and I cannot express how grateful I am, for I am now perfectly well, and have taken no medicine for over four months." Dr. Miles' Nervine is sold by druggists on guarantee that first bottle brings cure money refunded. Book on heart and nervous free. Dr. Miles Medical Co., Elkhart, Ind.
