**May Be Abandoned.**  
Affairs at Preston No. 3 are practically unchanged. The pumps do not seem to be gaining any on the water. Several new pumps are to be placed in position, and it is expected with the assistance of these they will make a continual gain on the large body of water in the mines. While the officials feel confident that they can get the water out, there are others who say the colliery will ultimately be abandoned as it will be impossible to pump or hoist the water out.

**The Columbia's Practice.**  
Members of the Columbia B. & S. P. E. Co. last night practiced for the first time with their new combination hose and chemical wagon. At the first sound of the regular test alarm at 7:30 the practice started and within 1 minute and 58 seconds the hose was connected with the plug at the corner of Julia and Cherry streets and the 550 feet of hose was unrolled and ready for service on Cherry street, the horses having been hitched up and all other work having been accomplished within the specified time. Members of the Phoenix Fire Company saw the Columbia run out and they followed with their hose carriage, supposing that a regular alarm had been sounded.

**FREIGHT TRAIN WRECKED.**  
An Engineer on the Catawissa Branch Falls Asleep.

A four and a half ton freight train occurred on the P. & R. railroad a few miles north of Hagerstown yesterday whereby an engine and several freight cars were wrecked and two of a crew were injured. It is alleged that the engineer of a freight train following one that was running at slow speed fell asleep and awakened too late to avoid the crash. Fortunately no person was dangerously injured. The wreck caused a delay to passenger and freight trains all along the line to Hagerstown and there was no traffic for several hours.

Another accident occurred near Brandywine. The fire of a wheel fell from a dirt burning freight engine, which jumped from the rail and was thrown crosswise on the track. Nerves were wrecked and no personal injury was sustained by any of the crew.

**Shoes Retailed at Factory Prices.**  
**Bull Dogs \$4.00 per Pair.**

Strange that we should be selling Bull Dogs, but here is the how of it:

The newest style winter shoe is called the Bull Dog, because the toe of the shoe is supposed to look like a bull dog's nose. Now you would naturally think this a very homely shoe, but it isn't. The sole is very heavy and extension edge, the upper is calfskin, a reddish brown color. It is the most complete shoe you ever had on your foot, and is made so it will not bag out at the side.

They are being sold in regular stores all over the country for \$5 and \$6 a pair, but the Factory price is

**== \$4.00. ==**

Checks with every purchase, and \$25 worth gets a beautiful
