MINE WORKERS' CONVENTION

An Important Quarterly Meeting Held in Pottsville Yesterday.

LEGISLATIVE MEASURES DISCUSSED

A Committee Appointed to See That Proper Mine Laws Are Enacted—Funds to be Raised—Resolutions Condemning John Wanamaker Adopted.

The convention of the Anthracite United Mine Workers at Pottsville yesterday proved a very important one. There were two sessions and the second one did not conclude until 5 p. m. Among the items of business transacted was the consideration of plans for drafting bills against the company store course, regulating the payment of wages, better ventilation laws and legislation of a similar character. The most important action taken was the unanimous adoption of resolutions denouncing the Hon. John Wanamaker as the enemy of the workingman and calling on the members of the State Legislature to withhold from him their support for United States Senator, the position for which he is at present making such a fight.

District President John Fahy presided and among the first subjects taken up were the charges against William Smith, superintendent of Williams colliery, on the Thurston tract, preferred by Thomas Pott, a discharged employe, were brought to the attention of the delegates and fully aired. Pott charged Superintendent Smith, before Justice of the Peace Knobler, with violating certain sections of the mine laws of the state. Pott charges that the superintendent has employed more than 30 persons at one time without providing two outlets separated by a strata of not less than 60 feet in breadth and 100 feet at the surface with safe and distinct means of ingress and egress at all times available, according to Section 1, Article 4, Act of 1891, thereby running great risk of grave accident. The superintendent is also charged with violating Rule 17, Article 12, by permitting more than 10 men to be hoisted or lowered at one time. The complaint concludes with a petition to the court to issue a warrant to the Sheriff for the arrest of Supt. Smith for trial on the charges. The case will be tried in all probability at the next term of criminal court.

The interest the Mine Workers will take in matters of the kind will only be such as may affect the affairs of the miners in the region generally. The convention decided to raise a fund for the purpose of paying the expenses of a committee at Harrisburg during the next session of the Legislature, whose duty it will be to further the bills for the benefit of miners and to see that the members of the Legislature do their duty. With that end in view resolutions were adopted urging local unions to appoint committees to solicit subscriptions from mine workers and requesting the business men and newspapers to lend their aid in raising funds. The legislative committee is also empowered to solicit and all money will be sent to ex-Sheriff Wall, of Pottsville, who will make public acknowledgments.

Miles Daugherty, of Shamokin; P. W. Doyle, of Columbia, and John Fahy, of Pottsville, were appointed to constitute the Legislative committee.

In connection with the discussion of proper legislation the following preamble and resolutions were adopted:

WHEREAS, One of the chief fundamental principles of the United Mine Workers of America is that which looks to legislation for the best possible laws for the just protection of labor in its rights, believing, as we do, that the proper course of action along this line is in the end more effective and of more lasting benefit to labor than that which is accomplished by such methods, which seldom result in permanent good and usually tend to widen the breach between capital and labor; therefore we recognize the great importance of working people being properly represented in our National and State legislative halls, and accordingly we have during the late election taken an active and effective part in the election of State legislative candidates;

WHEREAS, We believe that equal in importance to our State Senate and House of Representatives, comes the interest in our behalf to endeavor to have the House of Representatives and Senate at Washington composed of men, in sympathy with the interests of American labor, men who not only favor additional protective legislation for us, but who themselves comply with that same duty and are constituents of the legislators in the mining regions we stand opposed to; Hon. John Wanamaker, of Philadelphia, one of the candidates mentioned for the district of the United States Senator, our reasons for which are:

First. He has proven himself unfriendly to labor by his action toward the street car men of Philadelphia, during the last winter he granted a permit to them which were not returned, thus making himself obnoxious, not only to street car men, but to other workmen and fair-minded citizens.

Secondly, because of his having been convicted in the United States District Court, in the City of Philadelphia, April 28th, 1896, of the offense of importing contract labor into the United States, in violation of the Act of Congress, passed in 1885.

Resolved, That we call upon all the members of the Legislature of Pennsylvania, friendly to the cause of the free workingmen of America, to satisfy themselves as to the truth of these resolutions by a reference to the record of the proceedings had in a certain action of Assumpsit to No. 2, May session, 1895, in the District Court of the United States for the Eastern District of Pennsylvania, wherein the United States of America is plaintiff and John Wanamaker and others, including as John Wanamaker, are the defendants, and find, the same to be true, we call of them that they withhold their support from this candidate for that high office; and that they will select from among the candidates a man who has never been convicted by a violation of this law, but to select a man, who, in private life, as well as public utterances, is in full harmony and consonance with the spirit and reason of our immigration laws.

District President Fahy was endorsed for any office for which he may become a candidate on the National Executive Board and given discretionary powers in all matters that may come before the national convention. The bill introduced at the last session of the Legislature for a tax on pass books, checks and the company store system was unanimously endorsed.

The convention adopted resolutions recommending the passage of a law creating a Bureau of Mines and Mining and also endorsing the project to establish another hospital in the northern part of Schuylkill county.

Greetings from the Cigarmakers International Union No. 1, of Pottsville, were read and heartily applauded.

Mr. Boyle, representing the miners of Anderson and vicinity, asked that organizers be sent into the Lehigh region. He said the semi-monthly pay law, company store sys-

tem and other matters in that region require the attention of organized labor.

The adjournment of the convention was followed by a session of the executive committee, which was prolonged until a late hour last night.

The Carroll Funeral.
Mrs. Catherine Carroll, mother of the late Thomas J. Carroll, who died at St. Louis, Mo., on Wednesday last, to-day received a telegraphic message informing her that the remains had been sent from St. Louis and will probably arrive in this town in time to have the funeral on Monday, next. The deceased was a single man 30 years of age. He left here for St. Louis about nine years ago and at the time of his death was a railroad. He was a member of the Brotherhood of Trainmen at St. Louis and that organization took charge of the remains and saw that they were properly shipped to the relatives here. Before his departure for the West the deceased was a very popular member of the National Club, of town. He was a brother of Patrick Carroll, ex-District President of the United Mine Workers.

Soup, kroat, pork and baked potatoes will be served as free lunch on Monday morning.

A Boy Injured.
George Aker, 18 years old and residing on East Coal street, injured his side by a fall in the Indian Ridge breaker so badly yesterday that he is confined to bed. He was standing on a chute and one of his feet slipped. His side struck a board. The boy got up, but almost immediately fainted and fell again. The boy deems that he fell in a fit and the family says he has never been subjected to fits. This statement is made to offset reports that have been made to the contrary.

A FATAL DRUNKEN RIOT!

It Results in the Death of Three Men at Durycan, Pa.

AMERICANS AND POLES FIGHT!

From the Testimony of the Saloonkeeper in Whose Place the Fight Occurred the Americans Were the Aggressors. Eight Arrested, Two Escaped.

PITTSBURGH, Pa., Nov. 28.—Three men were fatally shot and several others more or less seriously wounded in a drunken riot at Durycan early yesterday morning. The dead are: James Motel, shot in abdomen, died almost instantly; Frank Lambert, shot in breast three times, died yesterday afternoon; John Betts, who was shot in the leg, cannot recover.

The injured are: John Toy, shot in thigh; William Moskowitz, shot in side; two Poles, names unknown, wounds slight.

Durycan is a small mining village three miles north of Pittston, and there is a large colony of foreigners there who work in the mines. They celebrated Thanksgiving Day principally by drinking, and the tavern of Anthony Palley was their headquarters.

As the day grew older and the miners grew drunker trouble began to brew, but nothing serious occurred until late Thursday night. There is little or no police protection in the place, and soon after dark a condition bordering on riot prevailed, and continued throughout the night. Respectable residents of the town declared that it was a veritable reign of terror, in which it was unsafe to be at large, and the assertion is made that fully a score of men were held up and robbed at pistol point in various sections of the place.

The shooting occurred about 3 o'clock in the morning, and the story of its origin as told by Palley, the tavernkeeper, is the only one yet heard. He says that a number of Poles were drinking in his place when a party of young Americans entered. After much drinking they began to taunt the foreigners. This led to a quarrel, in which the Americans assumed the aggressive and set upon the Poles with canes. The first blow had no sooner been struck than the foreigners drew their guns and bullets began to fly, and the Americans beat a retreat.

The shooting was so general and promiscuous that it is impossible to tell who fired the fatal shots. Lambert was carried away by his friends and Motel and Betts were found on the floor when the fusillade was over. The two wounded Poles were taken to their homes, where their wounds were dressed.

The authorities promptly started an investigation, and yesterday afternoon arrested Palley, the saloonkeeper, and his bartender, William Cosgrove; James Ryan, James Brady, J. Clark, Samuel Barlow, J. Flood and Alexander Wiley. They are charged with being the ringleaders in the riot. While they were being taken to Pittston Barclay and Flood escaped from the constable and fled to the mountains.

Mrs. Costello Won Her Case.

WILLIAMSPORT, Pa., Nov. 28.—In the Potter county court yesterday Mrs. Sarah C. Costello was given a verdict in the proceedings for divorce that her husband instituted against her five years ago. John H. Costello, the plaintiff, is a millionaire lumberman of Potter, and for nearly a year had a woman detective follow his wife in order to obtain incriminating evidence in the divorce case, which was based on alleged infidelity. Mrs. Costello was victorious, and had her husband and Miss Helen Embody, the detective, arrested on a charge of conspiracy.

Price for a Single Bryan Lecture, \$3,000.

DES MOINES, Nov. 28.—W. J. Bryan's managers evidently expect that his coming lecture tour will amply repay them for their promise to pay him \$50,000 for the series, as their figures for engagements are very high. The women of the Asbury M. E. church of this city wrote asking Mr. Bryan's terms for one lecture, and received the following reply: "Can book Bryan in to January for \$2,000." The figure was considered prohibitive, and Mr. Bryan will not lecture in Asbury church.

Dismissed for Collecting Assessments.
WASHINGTON, Nov. 28.—The secretary of the treasury has dismissed William H. Morley, engineer of the public building at Denver, Colo., for collecting political assessments from government employes in violation of the civil service laws. Morley's room in the postoffice building was a political headquarters during the campaign. The case has been referred to the attorney general for prosecution of those persons alleged to have violated the law.

Killed by a Train While Drunk.

CHAMBERSBURG, Pa., Nov. 28.—George D. France, aged 35 years, of Mason and Dixon, was run over by a Cumberland Valley train at Kaufmanns, and was instantly killed. He was intoxicated, and got off an earlier train at the wrong station and started to walk along the railroad tracks, and either became sleepy or succumbed to the influence of the drink and lay down on the tracks. He leaves a wife and three children.

Their Church Debt Cancelled.

The congregation of the Primitive Methodist church, of town, are congratulating themselves upon the fact that their church is entirely out of debt. Last night the remaining indebtedness was cancelled, including mortgages, etc., aggregating \$2,200. The event will be appropriately celebrated on Sunday, December 6th, and the Monday following an entertainment will be given. The prosperous condition of this church is in a great measure due to its able and faithful pastor, Rev. James Moore, who by his indefatigable efforts has created a more active feeling among the members of the congregation and many new names added to the church record.
