A BUSINESS TO BE POPULAR
Must be broad gauge in its methods and have the confidence of the buying public. The buying should be right and the selling just. We have a competent staff of experienced and capable salesmen, all know our business methods. All goods must be as represented and your money back if you want it.

CLOAKS ALWAYS FIRST.
We lead in style, in finish and in price. It goes without saying that we sell more nice CLOAKS and WRAPS than all our competitors combined. This Daylight store of ours was built for the business; good judges of architecture have said there isn't a room in the state that has better arrangement for buying comfort than our great Daylight store. Of course the price must be right or we couldn't do the business of the county.

Plush Capes, \$5.00 to \$35.00.
Cloth Capes, 98c. to \$10.00.

OUR DRESS GOODS STOCK
Is without a peer. A New York salesman said to-day he hadn't seen such an array of choice dress fabrics outside of New York. Our prices are always right.

THESE TWO HINTS OF DRESS GOODS and CLOAKS
Are only a suggestion of what we have to sell. Every department is so complete and prices are so inviting, you can't help buying the greatest bargains of the season, now offered by Shenandoah's greatest store.

A Strong Cast.
Ferguson's theatre will have for its attraction Wednesday, December 2nd, the reigning musical travesty, "Miss Philadelphia," over which so much interest seems to center that it leaves little doubt of its having a large and brilliant gathering on its introduction to theatre-goers in this town. Few, if any, extravaganzas have been presented within recent years that seem to have commanded the serious attention this production has. Judging from reports that have reached us in advance, it is dressed in a scenic splendor that leaves nothing to be desired in that line, while its costumes and sumptuous appointments have occasioned much favorable comment, by those who have seen the production in other cities. Manager VanOrten has been very liberal in his expenditures in making his production of "Miss Philadelphia" absolutely perfect. He has given it a splendid cast of principals and will bring to this town one hundred people, including the ladies' famous orchestra, that seems to have hit Baltimore so hard last week. The unctuous Willie Collier is the chief mirth provoker in the long list of comedy favorites, while sweet and vivacious Inez Macomber, as the demure and sedate "Miss Philadelphia," is said to be altogether charming.

Col. P. H. Monaghan, of Girardville, last night officially inspected Watkin Waters Post No. 146, G. A. R. Delegations were in attendance from the Ashland and Girardville Posts and the inspection was followed by addresses by several of the visitors, after which an adjournment was had to a restaurant, where a temporary supper was served. Several hours were spent in singing and an exchange of camp fire tales.

The old way of delivering messages by post-box compared with the modern telephone, illustrates the old tedious methods of "braking" colds compared with their almost instantaneous cure by One Minute Cough Cure. C. H. Hagenbuch.

THE BOARD OF HEALTH.

Business Meeting of a Routine Character Held Last Night.
A regular monthly meeting of the Board of Health was held last night at which no business of special importance was transacted. The rules and regulations committee was instructed to consider the revised rules as prepared by the secretary so that they may be considered at the next meeting of the Board.
The Epidemic Committee reported the following cases since October 30th: Diphtheria, 3; scarlet fever, 1; membranous croup, 1; diphtheritic croup, 2; measles, 68.
Under the new rules it is contemplated, in line with the state law, to drop measles from the list of communicable diseases. The Board does not now planar the disease, but each case is reported.

The nuisance committee had nothing to report on the Flynn case, other than progress pending the determination of the injunction suit.
There have been 31 deaths in the borough since October 30th.
A report was made that the Jenkins' home on Union street had been investigated, but nothing definite had been discovered to account for the epidemic of typhoid fever in the place.

Secretary Curtin said he had written to Superintendent Boyart for a statistical report of vaccinations pursuant to communication with the School Board, but had received no reply. He was instructed to communicate with the School Board again.

It Hits the Spot That's Right.
What? Pan-Tina for coughs and colds. At Grubler Bros., drug store.

Two Interesting Subjects.
The services in the Primitive Methodist church to-morrow will be of special interest. Rev. James Moore, the pastor, will preach in the morning and evening, the subject for the former being, "The source of Martin Luther's divine encouragement during the darkest hours of the church's history." In the evening the subject will be: "Mathematical description of Heaven, or Heaven measured." The public is extended a cordial invitation to be present at both these services.

To My Patrons.
I shall be out of town for about six weeks, from Nov. 30th, (Monday). I intend to give some time to the study of some "special subjects," pertaining to medicine. It will be my pleasure to leave my patients in the hands of our town physicians, with all of whom I am not only on the best of terms, but in all of whom I have full confidence as physicians. Dr. M. S. Kistler will attend the "out-door post" during my absence. Upon my return I shall be pleased to see all my friends at No. 24 South White street.
Very Respectfully,
D. W. STRAUER, M. D.

Their store is beautifully decorated with all the latest foreign and domestic novelties suitable for gifts for everybody, besides which they carry an extensive line of choice books, instructive and amusing games, toys, dolls, etc. Fine paintings on glass is also another pleasing feature of the display. Special Volunteer Service.
The Volunteers of America will have special meetings to-night and all day to-morrow, conducted by Capt. Haywell, of Philadelphia, who is the private secretary to Staff-Captain Lindsay, who recently presented the colors to the local post. He will be assisted by 1st Lieutenant Haslam and Cadet Unangst.

There! This is Just the Thing.

A Costly Necktie.
Last night a young Polish man entered the store of J. Obelak, on West Centre street, and while the clerk, Morris Miller, had his back turned slipped a necktie into his pocket. The clerk missed the tie, made the Pole return it and then caused his arrest. The matter was subsequently settled by payment of \$9.45 costs.

"Excuse me," observed the man in spectacles, "but I am a surgeon, and that is not where the liver is." "Never you mind where his liver is," retorted the other. "If it was in his big toe or his left ear DeWitt's Little Early Risers would reach it and shake it for him. On that you can bet your gizzards." C. H. Hagenbuch.

OVERCOATS WILL BE SLAUGHTERED.
The people of Shenandoah may expect in the near future the greatest slaughter sale in overcoats ever known here. Last week the great New York clothing firm of Lessers, Beers & Co. failed for \$300,000 and in response to a telegram L. Refowich, the clothier of town and proprietor of the One Price Clothing House at No. 10 South Main street, went to New York to attend the sale of the firm's great stock by their assignee. It is well known that stock at such sales is sold at less than the cost of manufacture, so that when Mr. Refowich returns he will be able to offer overcoats and suits at prices that will bring the goods within the reach of the poorest. The stock is entirely new and every garment well made, so that the bargains will be rare ones. Mr. Refowich will also dispose of some of the stock at wholesale and dealers will be able to get an advantage of 25 per cent, by calling on him immediately after his return. The purchase will also include a full line of fancy gloves, smoking jackets and other gents' furnishing goods suitable for Christmas presents.

TRIED MANY REMEDIES.

Paine's Celery Compound Was the Only One That Succeeded.

The essential differences between Paine's celery compound and the bewildering number of sarsaparillas and nervines that its success has brought into existence is that Paine's celery compound furnishes just the appropriate nutriment to the exhausted nerves, and securely builds up the system against disease, while the unscientific remedies confuse and add to the derangement of the organs.

Paine's celery compound not only relieves, but effectively and permanently cures. The most permanent and direct cure for debility, nervous weakness, languor, and a "run-down" condition, is the strong, reliable Paine's celery compound. The rasping, irritating effect of a badly nourished nervous system upon all the organs of the body ceases when this medicine is used.

Paine's celery compound is the most advanced nerve and brain strengthener and restorer known to medical science. The tired, worn-out sufferer who is not advancing towards health, is falling back. There is no standstill in bad health. One can endure a headache or backache once; one can endure it twice, but the repeated sick headache and the constant pain in the back and in the region of the heart must be got rid of. For the permanent and positive cure of these unhealthy states of the body, as evinced by repeated attacks of rheumatism, neuralgia, sleeplessness, or kidney trouble, there is nothing else.

"My little daughter was away from home on a visit, and came home looking as if she had had a hard sickness. I went right away and got her a bottle of Paine's celery compound, and she has had better health since than she ever had in her life, eats hearty and is growing fast."

There is no woman, who, in justice to herself, can fail to take Paine's celery compound under similar circumstances.
