

WEYLER MARCHING ON.

But Thus Far He Has Not Met the Insurgent Forces.

THE SCENES OF DESOLATION

Through Which the Spanish Troops Passed in Their Reported Search for the Enemy. A Letter from General Garcia Reports His Troops in Good Condition.

HAVANA, Dec. 1.—Details of the movements of General Weyler reached here yesterday. At 3 o'clock during the afternoon of Thursday he left Artemisa, following the advanced guard of his columns, which were flanked by squadrons from the Principe regiment. He was accompanied by General Ruiz, who commands the brigades and by General Escarban, his chief of staff, and the aides de camp.

The Spanish forces followed the highway, and little else but ruins, ashes, dynamited culverts and desolation were seen in place of the once picturesque landscape. Twice the columns were compelled to halt on account of the partly destroyed roadway, and it was not until 7 o'clock the same evening that the troops arrived at the River Bayate, three miles from Cardelaria. By that time darkness had already set in, and so the columns camped there for the night.

The captain general was very gracious to General Escarban and to the correspondents of El Imparcial, of Madrid, who as a very great favor, was allowed to accompany the troops operating against Antonio Maceo. The captain general and his invited guests for supper that night had chicken and rice and omelettes.

The next morning breakfast was hurriedly prepared and at 6 o'clock the columns resumed the march to Cardelaria, still following the highway. Some time later the troops arrived in sight of a spot upon which an engagement evidently had been fought with the insurgents, as it soon became known that it was where the Spanish force, under General Sagura, met the enemy under Maceo on Feb. 7, and the former afterward occupied San Cristobal.

The troops, on Friday last, found the bridge near the spot destroyed by fire, and the highway being thus impassable the columns made a detour, camped for the night at a convenient place near the River Calveras and entered San Cristobal at 5 o'clock the next morning. There they found all the houses decorated, and were welcomed by a crowd of people.

During the past week a column of troops led by General Obregon has been reconnoitering in the direction of Sabana. Another column, commanded by General Sagura, has been operating in the direction of Puerros Gordos, and a third column, under General Hernandez, has been scouting for the enemy in the vicinity of Macuriges. But after five days of toil, some work, the commanders of the three columns report that the insurgents were not to be found, although they have recently destroyed a number of prefectures and country dwellings. Reconnoitering extended from the railroad to the coast.

At 9 o'clock yesterday morning a sick soldier in the Havana Military hospital, while looking out of a window, was shot by a sentinel, who had been ordered to prevent the inmates from looking out, inasmuch as persons who had been imprisoned for political offenses and were ill were in the hospital. The sentinel thought the soldier was one of these political prisoners attempting to escape.

La Lucha, commenting upon the letter from Fitzhugh Lee, Jr., son of the United States consul general, has been commenting for the enemy in the vicinity of Macuriges. But after five days of toil, some work, the commanders of the three columns report that the insurgents were not to be found, although they have recently destroyed a number of prefectures and country dwellings. Reconnoitering extended from the railroad to the coast.

THE SHAKERS DO THEIR DUTY.

"If a man discovers a valuable medicine," said Horace Greeley, "it is his duty to advertise it." Yes, and at once; for suffering demands the speediest relief possible. But let the man first be sure. Suffering had better wait than be deluded by false hopes. Medicine, like surgery, must often seem cruel in order to be really kind. On this principle the Shakers, of Mt. Lebanon, N. Y., withheld their great indigestion and dyspepsia remedy from the public for several years. With their right-doing is everything—money comparatively nothing. Hence the popularity and success of whatever they offer for sale.

Having satisfied themselves of the merit of their medicine by employing it in the worst cases of digestive disorders in their own vicinity for years, they did their duty—they advertised it, under the name of the Shaker Digestive Cordial. In all cases where there is distress after eating, pain in the stomach, chest and back; aversion to food with the resulting symptoms, such as headache, furred tongue, eructation of gas, with weakness and loss of flesh, etc., the Cordial has a most happy effect. Being itself a digested food with power to digest other foods, it relieves the weak and possibly inflamed stomach of the labor it is in no condition to perform; gives new strength to the body and promptly restores to the digestive organs their normal vigor. Taken immediately after eating this remedy restores the digestion of the meal and prevents the fermentation of the food, which is the source of most of the afflicted symptoms which accompany dyspepsia. It is also as agreeable to the taste as it is potent as a medicine.

To show their own confidence in it, and to hasten its universal adoption, the Shakers authorize druggists to sell trial bottles at the nominal price of ten cents.

Conflict Over an Historic Graveyard. CINCINNATI, Dec. 1.—There is about to be a legal disturbance over a graveyard contiguous to the tomb of ex-President William H. Harrison. The Harrison heirs claim that the cemetery in question is their property, and they have given notice to the township trustees that they will be held responsible if they attempt any act of ownership. It is said that the Harrison heirs propose to remove to the vicinity of Harrison's tomb the remains of John Clevins Symmes and other historic occupants of the cemetery, and then sell the cemetery for town lots, using the money thus obtained to improve the resting place of the distinguished dead. The friends of other occupants of the ground will push their objection into court if necessary.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, scalds, chafes, chilblains, corns, and all skin eruptions, and positively cures piles, or sores required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by A. Wasley.

Hawaiian Islands Prosperous. WASHINGTON, Dec. 1.—Mr. John W. Foster, former secretary of state, has returned to Washington from a six weeks' visit to Hawaii. In speaking of his visit Mr. Foster said: "The condition of business in Hawaii is flourishing. The islands are prosperous and their future is bright. The Pacific Mail has recently doubled its service, sending a steamer twice a month, and a new line is soon expected to be established by the Japanese. The people of Hawaii wish to be annexed to the United States. The present government has the approval of a majority of the native Hawaiians, and there is no likelihood that there ever will be a restoration of the monarchy."

Decided Against Broke Chapman. WASHINGTON, Dec. 1.—The supreme court of the United States has dismissed the writ of error in the case of Elverson R. Chapman, the New York broker, charged with violation of the statutes in refusing to answer questions put by the senate sugar trust investigation committee two years ago. This makes it necessary for Chapman to serve his sentence, at least technically. He will doubtless be promptly surrendered by his bondsmen and the case again carried to the supreme court on habeas corpus proceedings to test the constitutionality of the act on which the prosecution is based.

Grip-Colds-Headache. Why suffer with Coughs, Colds and La Grippe when Laxative Broom Quinine will cure you in one day. Put up in tablets convenient for taking. Guaranteed to cure, or money refunded. Price, 25 cents. For sale by Kiriln's Pharmacy.

Coming Events. Dec. 3.—Twenty-fourth annual supper under the auspices of the Welsh Baptist church, in Robbins' opera house. Dec. 21.—Second annual ball of the Patriotic Drum Corps in Robbins' opera house.

Scaly eruptions of the head, chapped hands and lips, cuts, bruises, scalds, burns are quickly cured by DeWitt's Witch Hazel Salve. It is at present the article most used for piles, and it always cures them. C. H. Hagenbuch.

A Market for American Wheat. WASHINGTON, Dec. 1.—United States Consul Herton, at Athens, in a report to the state department, says that in consequence of the bad wheat harvest in Russia, which supplies nearly two-thirds of the wheat used in Greece, prices of wheat are very high there, and are still rising. He is confident that there is a fine opening for the introduction of American hard wheats into Greece, and offers to assist would be exporters.

Gave His Life for His Child. FORT BRIGGSDALE, Tex., Dec. 1.—Sunday night the quarters of Post Chaplain M. C. Blaine were destroyed by fire, and the chaplain and his young daughter burned to death. Chaplain Blaine, after the fire had made some headway, missed his daughter and entered the building to rescue her. He was overcome by smoke, and perished with his child. His wife escaped without serious injury.

Relief in Six Hours. Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidney back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Shapin's pharmacy, 107 South Main street.

GALLANT LIFE SAVERS.

Statistics Regarding the Work of the Coast Guards.

THOUSANDS OF PEOPLE RESCUED

And Millions Worth of Property Saved from Destruction—The Percentage of Loss of Life and Property Greatly Reduced.

WASHINGTON, Dec. 1.—The report of Mr. Kimball, the general superintendent of the life saving service for the year ended June 30 exhibits the most satisfactory results yet accomplished by that service. Although the total number of disasters was greater than in any prior year the percentage of lives and property lost was less. The next best record was that of the year 1905. In that year the loss of life was one out of every 231 persons involved, and the loss of property 11 per cent of the amount imperiled, while during the last year the loss was only one person out of 390, and 11.5 per cent of property.

At the close of the year the establishment comprised 396 stations, of which 198 were located on the Atlantic and Gulf coasts, 55 on the great lakes, 14 on the Pacific coast and one at the Falls of the Ohio, Louisville, Ky.

The number of disasters to documented vessels within the scope of the service was 487, involving 4,068 persons, of whom 4,899 were saved and 13 lost. The estimated value of the vessels was \$8,889,140, and of the cargoes \$3,849,380, aggregating a total of \$12,738,520. Of this amount \$1,438,750 was lost. The number of documented vessels totally lost was 67. There were also during the year 246 casualties to undocumented all craft, sailboats, rowboats, etc. Of the 694 persons on board 587 were saved and 7 lost. The value of the property in these casualties is estimated at \$11,000, of which \$114,015 was saved. The total amount of shipwrecked persons accounted for at stations was 613. The total number of days snorer was afforded was 1,430.

Other persons (not on board vessels) to the number of eighty-two, were rescued from drowning, all of whom would probably have perished but for the vigilance and prompt assistance of the life saving crews.

In the year the crews saved and assisted to save 472 vessels valued, with their cargoes at \$4,851,110. Of this number 518 were saved without outside assistance, aggregating, with their cargoes, a value of \$677,495, with a loss of only \$11,718. In the remaining 154 instances the life saving crews assisted other agencies in saving property valued at \$4,233,775, out of a total of \$5,751,015 imperiled. Loss important assistance was rendered to 107 other vessels in distress.

The patrolmen also warned from danger by their night signals 210 vessels, and by day signals 13. The loss of life and property averted in these 223 instances, of course, cannot be estimated, but the circumstances under which a large proportion of the warning were made indicate that it must have been very considerable.

The cost of maintaining the service for the year was \$1,491,305. Attention is invited to the inadequacy of the compensation of the superintendents of life saving districts who are charged with onerous duties and required to furnish heavy bonds, in some cases with a penalty as high as \$50,000. An annual compensation of \$2,000 is recommended. The existing discrimination in the rates of wages paid the surfmen—a small minority receiving 80 per cent month while the majority receive only \$21—continues to be a source of serious discontent and complaint. The general superintendent recommends that a uniform rate be established, and that it be fixed at 65 per month.

I had severe attacks of gravel and kidney trouble and unable to get a medicine or doctor to cure me until I used Hop Bitters, and they cured me in a short time.—A DISTINGUISHED LAWYER OF WAYNE CO., N. Y.

COLORED AND OLD.—A young girl deeply regretted that she was so colorless and old. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the rosiest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying to her friends.

British Seeks Immediate Indemnity. LIVERPOOL, Dec. 1.—The steamship Batanga, arriving here from the west coast of Africa, reports that H. M. S. Alceste had arrived at Grand Bassa and had inquired into the outrages committed by Liberians. Some time since citizens of the negro republic Liberia maltreated natives of the British colony of Sierra Leone, living in Grand Bassa, and destroyed their houses. The Alceste made a demand upon Liberia for \$100,000 indemnity, and on the Liberians hesitating to comply with the demand, it is stated, the commander of the Alceste threatened to land soldiers unless the indemnity was paid by noon on the morrow. The Liberians paid the required sum the next morning.

A Missing College Student. WORCESTER, Mass., Dec. 1.—Frank Fickenger, a member of the sophomore class at the Worcester Polytechnic institute, disappeared from the school two weeks ago last Friday, and nothing has been heard of him since then, although his student friends have made an active search to ascertain his whereabouts. Fickenger was one of the students who was suspended recently for participating in a bonfire on the institute grounds, and it was thought he was under suspension that he went away. It is thought that he has either gone to Cuba to join the insurgents or that he has gone west and joined some theatrical company.

County Treasurer Held Up. DALLAS, Tex., Dec. 1.—While W. E. Coe, county treasurer, was at work in the court house at midnight two men appeared and compelled him at the point of a pistol to open the vault. While one stood guard all the valuable papers and contents of the inner vault were examined by the other robber. After placing a considerable sum of money in a canvas sack the robbers withdrew from the vault. Coe seized his pistol and shot at the robbers. The latter returned the fire, hitting the treasurer in the back of the head and inflicting a bad scalp wound. The treasurer says the robbers secured \$5,000.

Rheumatism Cured in a Day. "Mytic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by C. H. Hagenbuch, Druggist, Shenandoah.
