Gratifying Prospects in the Reduced Number of Business Fallures.

He declined to discuss the contest for United States senator, except NEW YORK, Dec. 5 --- R. G. Which Do You Prefer.

In a large majority of cases of diphtheriawhether among children or grown people-death is sure to follow. Absolutely stating the facts as they are, there is no reason under the sun for a single individual to die from diphtheria, croup quinsy, or any known throat affectior. Thompson's Diphtheria Cure has never failed to cure every case where the directions for use were strictly carried out. Now do you prefere to die or FRAN s putting his ad, in the HEBALD to have your friends die when 50 cents expended in time will save life? This is the exact fact in the case.
