MR. WHITE IS WILLING. The Ex-Minister Will Accept the Premicrahip if Tendered Him.

ITHACA, N. Y., Dec. 9.-Andrew D. White was interviewed relative to the re-ported offer to him of the secretaryship of state. He said: "I think it is too soon after the election for cabinet positions to be doulded upon. Frequently presidents elest make up a provisional cabinet and then detormine to recall it later. Then, also, it is often found necessary to obtain the consent of all before any can be agreed upon. Sometimes circumstances demand the appointment of some one man to the promiership, but I think McKinley has a goodly number from which to choose, and no one has any absolute claim on the place. I think that no human being knows who will compose the calinet yet. Of course, if I can serve the country and party in this way I will be glad to respond, but I can say nothing definitely.) time pleaded guilty to the charge the pleases guilty to the charge of for-gery in the second degree and abduction in the Kings county court yesterday. He was sentenced to ten years imprisonment by Judge Hurd. Valentine was at the head of a gang of forgers and swindlers whose operations extended all over the United States and Canada, and involved, it has been estimated, as much as \$7,000, 000. Valentine's arrest was brought about by the testimony of May Winters, who, by the centimenty of Mary Winters, who, out of remores and fearing arrest, tried to kill herself by firing a bullet into her breast. She recovered. They had lived together in a number of different places, and for the latter offense the abduction charge was drawn against the prisoner.

Pension Swindle Uncarthed.

ST Louis, Dec. 9.—The United States authorities believe in Henry F. Barkus, alias Samuel Myers, colored, they have a clow to a pension swindle which has been conducted on an extensive scale. Barkus, alias Myers, said he had served as a cor-poral in Company K. Ninety-seventh In-diana infantry. He made his application under the name of Samuel Myers, and the records at Washington show that Corporal Myers, of Company K, Ninety-seventh Indiana infantry, was living in the Hoosier state and drawing a pension When arrested Barkus made a statement that leads the United States officials to think the negro soldiers in a white regi-ment are in a common scheme for working pension frauda.

Suit to Recover a Bet.

CLEVELAND, Dec. 9.-Suit was begun esterday against D. R. Hanna, son of Chairman Hanna, of the national Republican committee, to recover \$150 paid to him as the result of an election bet. Mr. H. H. Jackson, a Chicago traveling man who makes his home in this city some of the time, bas instituted the suit. Mr. Hanna wagered \$150 that McKinley would have 50,000 more votes in Ohio than Mr. Bryan, and Mr. Jackson accepted it. During Mr. Jackson's absence from the city the money was paid to Mr. Hanna by the stakeholder Mr. Jackson claims that Hanna lost the bet, and as Hanna refused to give him the money Jackson brought suit to recover it.

SIGHT FOR A BLIND GIRL.

A Remarkable Operation Performed at Edison's Laboratory.

NEW YORE, Dec. &-The World pub-lishes the following: Guided by X-rays provided by Thomas A. Edison, a lancet, operated by Drs. W. O. Bailey and A. D. No. 8 " Wandell, has probably restored sight to 10-year-old Mary Schoeliner, of Newark,

Two years ago the girl fell on her head. When picked up her skull was apparently uninjured, and the scalp wound quickly healed. A few months ago she complained that there was a mist before her eyes. In a week she was totally blind. After a consultation it was decided to try the X-rays. The girl was taken to Mr. Edlson's laboratory at Orange. The X-rays were turned on and focused against the side of the child's head. Dr. Bailey could see the bone pressing down on the little girl's brain, and a dark shadow between its convolutions. It was a blood clot. A plaque was held before the child's eyes, while the rays were still being thrown on her head. She was able to see the shadow. An operation was performed, and it was found that the X-rays had told the truth. There was a bit of bone pressed upon the second a second of the brain, and a blood tions of the middle as an and pressed upon the nail, due to falling companying blindness Diphtheria's Enemylot was care

DANGER IN SODA.

Serious Results Sometimes Follow Its Ezconsive Use. Common sods is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of sods to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger : moreover the adda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and howels and cases are on record where it accumulated in the Intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and anrest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grain ozenges, very pleasant to taste and contain the natural acids, peptones, and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach dorangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach.

All druggists sell Stuart's Dyspepsia Tablots at 50 cts. per package.

> Monument to a Convict Murderess. AMSTERDAM, N. Y., Dec. 9.-Raymond Christman, a prominent business man and trustee of the Baptist church, has created a great sensation in this city by erecting in his family lot in Green Hull cemetery a handsome and costly monu-ment for the convict Florence Hann. It is inscribed, "Florence Viola Christman. Erected to the memory of a wronged child, dead to the world, but alive in Christ." Mrs. Haun shot and killed her lover, Charles Laundry, in this city in November, 1895, and is now serving a life sentence for the crime in Auburn prison. Christman has had himself appointed her guardian, has given her his name and is trying to secure a pardon for her. He claims she is dying with consumption, which led him to erect the monument.

Will Probably Investigate the Texas. WASHINGTON, Dec. 9.—The probability of an investigation by the house naval committee of the battleship Texas, whose

numerous mishaps culminated recently in her sinking in a few feet of water at the Brooklyn navy yard, is strong. An in-quiry into the alloged defects of the ship was started during the last session, in re-sponse to a resolution. The secretary of the navy sent to the committee a voluminous statement containing detailed in-formation regarding the construction of the Texas, which tended to prove that she was entirely senworthy, in consequence of which the investigation was informally nsequence of dropped. It is probable now that the investigation will be resumed.
