WILL DEMAND OFFICES.

Polish, Lithuanian and Hungarian Voters Organize for Politics,

Yesterday offernoon about four hundred. Poles, Lithuanians and Hungarians assembled in the basement of St. George's Lithuanian Roman Catholic church, on South

Jardin street, and inaugurated a movement which they intend shall play an important part in the borough election next spring. The notices of the meeting were launed from the pulpits of the Lithuanian and Greek Catholic churches last Sunday, and the obof the meeting was to make arrangements for an organized demand for recognition of the nationalities named in the nominations for

nationalities named in the nominations for borough officers to be made next spring. The meeting was presided over by Rev. Melukas, one of the assistant priests of the Lithmanian church. Among the speakers were A. P. Tabor, P. W. Bierstein, Charles Schwartz, Charles Radziewicz, John Makof-ski, Frank Gröblich, Mike Brunza and William Bakkar. The minimal addresses William Eakles. The principal addresses were in line of explanation of the number were in line of explanation of the number and character of borough offices and the mainer in which they were filled. Special attention was given to the duties and empl-uments of the offices of Receiver of Taxes. Chief Burgess and Borough Justices, as well as certain influences attached to the positions of Councilmen and School Directors. Mr. Dissettin depended biomelfor expectations to the Bierstein devoted himself especially to this subject and said that the reason the Poles, Lithuaniaus and Hungarians have no repre-sentatives on the police force or on the corps of school teachars is that they have none of their people on the Borough Council or School Board.

The addiesses having been concluded it was decided to appoint a committee of twelve, four from each of the three nationalities, to wait upon the standing committees of the respective political parties and demand sub-stantial recognition in the election to be held next Spring. Eight members of the com-mittee, four from the Polish and the same number from the Lithuanian elements, were production of everything pertain-ing to this line for consultation with Rev. Cornelius Laurisin, the priest of St. Michael's Greek Catholic church, who is absent from the town. The appointments will probably be made by next Monday It has been learned that the committee will

first wait upon the Citizens' party, and if that wing fails to give the recognition de-manded, the Democratic will then be asked to give it.

The nature of the domand will be fixed by the committee, but it has already been hinted that the committee will ask that some one of the nationalities be given the nomination for Receiver of Taxes, or Chief Burgess, and possibly one or two nominations for Borough Council and School Board. It is stated upon the same authority that the nomination of A. P. Tabor for Chief Burgess will be asked.

The members of the committee as it stands now are : Polish-Walter Rynkawicz, Michael Mocarawicz, Peter Macufaki and T. Fad-rowski. Lithuanian-A. P. Tabor, P. W. Bierstein, Andrew Meluskey and William Snyder. It is understood that P. W. Bierstein will seek a nomination for Borough A meeting of the committee is to

A MARVELOUS EXHIBITION.

The Swiss Village Exposition is Here and Should be Seen by All. Without doubt the largest, most wonderful and most interesting collection of antomatic works ever on exhibition in this or any other country is now open to the public in Shenandoah at the Francy building, corner of Main and Oak streets, and attracting large crowds of our best people. You have never seen such a puzzling piece of mechanism as this, and you will be astonished that such work is possible to come from the mind and hands of HAGE DIST.

The principal feature is Bergman's cele-brated "Swiss Village" so perfect and life-like in diverse movements, so ingenious in con-struction and so complicated in mechanical devices that visitors look and study with wonder and astonishment at the results of human genius and patience. Prof. Berger's cabinet collection, repre

senting ancient and modern life, scenery and character, are spectacles of the highest and grandest type of artistic mechanism.
