# NECESSITY FOR ACTION

Senator Morgan's Attitude on the Cuban Question.

### PRESIDENTIAL VETO OVERRIDDEN.

It Was on the Bill Granting Nancy Allabach a Pension-House Discusses the Loud Bill Regarding Second Class Mail Matter.

WASHINGTON, Dec. 16. - Senator Mor-gan, of Alahama, held the attention of the senate and well filled galleries for an hour yesterday by his carnest advocacy of a strong and decisive policy in dealing with the Cuban question. He spoke in dispositionate style, although his words had a directness and soverity in picturing the horrors existing in Cuba such as is seldom heard in the senate. Mr. Morgan spoke freely of the possibilities of war, welcoming it if necessary to guarantee the protection of American citizens. H assorted that Spain's bankruptoy would prevent the collection of any indemnity for wrongs. The senator questioned the wisdom of the president's position that

the granting of beligerent rights would be "untimely." Mr. Morgan's views on the line of action which should be adopted was summed up in the following: "Although I believe that belligerent rights should be accorded the Cubans, in-

assnuch as the president prefers a more coercive policy and warns Spain that the time is near at hand for decisive action, 1 will support him in any movement that will save our people on that island from further outrage. I will not obstruct his course with questions of propriety, but will follow the colors when planted by the president on the advanced ground that the concession of belligerent rights has be come 'untimely,' and that our duty now demands active intervention. If that crumbles away 1 will again fall back to the position that a just care for our own people requires us to declare an armed people requires us to incluse an infini-neutrality, ready to assail either bellig-eront that inflicts wrongs on our people. If the president should say 'the time has arrived, the hour has struck,' would any American he so have as not to hold up his hands while the battle is raging?"

At the close of Mr. Morgan's speech his resolution was adopted requesting the secretary of state for papers and informa-tion relative to the Competitor prisoners and other American citizens held in Cuba

and other American citizens held in Cuba by the Spanish authorities. The question of passing the bill grant-ing Nancy Allabach a pension, the veto of the president notwithstanding, occasioned considerable debate. Mr. Cockrell ex-pressed surprise that Mr. Palmer, of Ill-nois, should be in charge of a movement to override the president. The Illinois sonator answered that he directed his course as a senator without reference to the president. The bill was finally passed over the veto by a vote of 41 to 11. Early in the day Mr. Allon introduced a

Early in the day Mr. Allen introduced a solution for the appointment of a committee of pine senators to investigate the extent to which money was used in the recent presidential election.

The house entered upon the consideration of the Loud bill, to amend the law relating to the transmission of second class mail matter. The bill denies the right of serial novels to admission to the mails at the newspaper cent per pound mains at the howspaper cont per point rates; denies to newspapers the sample copy privilege: prohibits the return of unsold publications at pound rates, and makes some other changes in the present law designed to correct existing abuses. It is estimated that the abuses of the law has cost the government \$240,000,000 in has tost the government genomous in the last ten years. The opposition is hope-ful of defeating the measure when it is put on its final passage Mr. Loud de-clared that the bill would save the gov-

ernment \$20,000,000 annually. Before this bill was brought up the bill to reorganize the Atlantic and Pacific Railroad company was called up and passed, with some amondments, after an hour's debate. The bill as passed gives to the purchasers under foreclosure sale all the rights of the old company under its government charter, but it provide. that it shall assume all the debts and obligations of the old company and that the lands uncarned July 6, 1882, along the

New You Can Make It Well and Vigorous. Words of Wis Jom by a Well-Known Physician.

A well-known physician writes a very interesting article in regard to what to give children, especially weak, nervous and run-down children, in order make them strong, vigorous and well. Mr. and Mrs. Thomas Hallows, sava this writer, of Peekham St., Globe Village, Fall River, Muss., thank Dr. Greene's Nervura blood and nerve remedy for restoring the health and proba-bly preserving the life of their little who, almost from infancy, was son, troubled with indigestion and nervous troubles. An attending physician, who was called, advised the parents to give the child such medicine as seemed best fitted to such a condition. Dr. Greene's Nervurn blood and nerve remedy was recommended.

The taking of a few bottles of Dr. Greene's Nervura effected a cure, and the little one is healthy to-day, enjoying play with the other children. and Mrs. Hallows say they must give the credit of the cure to Dr. Greene's Nervura blood and nerve remedy.

EVERETT HALLOWS.

What a change! The sickly child transformed into a happy, hearty, robust little one; and by the use of Dr. Greene's Nervura, the great nerve and blood remedy. This medicine has proved a blessing to thousands of boys and girls throughout the world by giving them sound health and vigorous strength. Children who use it have less sickness, better health, better growth, and longer and more vigorous lives. It is purely vegetable and harmless, and parents should give it to every child who is not in perfect health. The discoverer of this wonderful remedy is the celebrated physician, Dr. Greene, of 35 W. 14th Street, New York City, who allows all who wish to consult him personally or by letter, free of churge

The Pennsylvania Railroad Company, recognizing the need of a more comfortable and pleasant way of crossing the continent, inaugurated a series of annual tours to California, running a through train of Pullman palace cars from New York to the Pacific Coast, and stopping at the principal points of interest en route. The great popularity of these tours demonstrates the wisdom of the movement. For the season of 1897 three tours have been arranged to leave New York, Philadelphis, and Pittsburg, January 27, February 24, and March 27. The first tour will run direct to San Diego via St. Louis and the Santa Fe Ronte, and roturn from San Francisco via Salt Lake City, Denver, and Chicago, allowing five weeks in California. Catiornia. The second tour will run via the Mammoth Cave and New Orleans to San Diego, stopping at the "Croscent City" during the Mardi Gras Carnival. This tour will return via Salt Lake City, Denver, Omaha, and Chicago, allowing four weeks in California. The third tour will run via Chicago, Denver, and Salt Lake City, allowing passengers to re-turn by regular trains via different routes within nine months. All of these tours, either going or returning, will pass through the famous Colorado region, Glenwood Springs, Leadville and the Garden of the Geds.
