Holiday Tour to Old Point Comfort, Richmond, and Washington.

For the approaching midwinter vacation season the Pennsylvania Ballroad Company has arranged another of its annual holiday tours to Old Point Comfort, Richmond, and

has arranged another or its annual holiday tours to Old Point Comfort, Richmond, and Washington. The great popularity of these tours in past seasons attests the high estimation in which they are held.

Old Point Comfort as a fashionable winter resort, and as a point of historic interest, needs no introduction to the traveling public. Nor does Richmond, the one-time capital of the short-lived Confederacy. Washington, always attractive, will be made pseuliarly so by the festivities of the holiday season.

Tour will leave New York and Philadelphia Saturday, December 26. Rates, returning via Richmond and Washington, \$35.00 from New York, \$43.00 from Philadelphia; returning direct, \$16.00 from New York and \$14.00 from Philadelphia. Proportionate rates from other points.

For tickets, litheraries, and ether information, apply to ticket agonts, special booking offices, or address (ico. W. Boyd, Assistant General Passenger Agent, Broad street station, Philadelphia.

MINISTER COOPER'S MISSION.

To Urge Annexation and Thus Prevent Japanese Ascendancy.

SAN DIEGO, Cal., Dec. 17.-The secret of Henry Cooper's mission to the United States is out. Mr. Cooper is the Hawaiian minister of foreign affairs. He formerly lived in San Diego, and was a prominent member of the bar. He is here today, and is quoted as saying that he came to the United States to urge annexation, owing to the fears that the Hawaiian government has of Japan.

The situation in Hawaii, according to Judge Cooper, is that the Japanese far outnumber all the other foreigners. The Americans are a handful in comparison. Hawaii has a treaty with Japan and can-not exclude the Japanese, who are pouring into the island steadily and pushing into every business. They are losing the humble demeanor that characterizes their countrymen on this coast, and through their great numbers and the prestige of the Japanese-China war are beginning to chafe for the elective franchise. If they force Hawaii to give them the right of vote then American ascendancy will be at an end forever.

Judge Cooper has laid the situation before influential men in the east and has so won upon their judgment that he be-lieves great strides will be made during the next year toward annexation under

Trial of Barcelona Anarchists Ended. BARCELONA, Spain, Dec. 17.—The court nartial of the anarchists arrested for complicity in the recent disturbances here has been concluded. The sentences imposed are kept secret, and any one divulging tham is to be severely punished. It is be-lieved, however, that twenty-eight of the anarchists have been sentenced to death and lifty-nine others to penal servitude. The outrage for which these men were tried was committed on June 7 last, during the religious procession of Corpus Caristi. Just as the procession was entering the church of Santa Maria del Mar a bomb was thrown into the procession and ex-ploded, killing six persons instantly and wounding fifty others, many of whom subsequently died of their injuries.

PAWNED BOGUS WATCHES. How a Couple of Clever Swindlers

Fooled the Pawnbrokers. New York. Dec. 17.—Pawnbrokers all over this country and Canada have been swindled by an elaborate scheme which operated from this city as a center. The

men engaged in it overworked the fraud when they found it succeeded easily, and two of them have been arrested here. Their names are John Palmer and George
Wilson. Palmer says he is a jeweler.
Wilson is a printer from Philadelphia.
The common method of valuation for a
watch is to "touch" with acid the rim

only, such a process applied inside being disturbing to the works. This test the suspected watches have stood perfectly, and \$15, \$30 and as high as \$35 had been loaned on them. The actual loaning value WAR \$5 to \$10.

The deception was through the pretense that the watches were all gold, while only the parts usually tested by pawnbrokers was this metal. Works and cases bore counterfetted marks of standard manu Wilson was arrested while he was trying to pawn one of the fletitions watches, and upon his person a second of the time pieces was found. Upon his statement Palmer was taken into custody, several packages of watch works, others of cases, and a satchel of jeweler's tools being found in his possession. The things came to Palmer by express from Philadelphis by way of Boston. So far the police estithat \$10,000 has been lost by Palmer's operations.

Murderer Smith's Last Day on Earth. BALTIMORE, Dec. 17.-Less than a day of life remains for James Smith, the negre nurderer of Miss Margaret Drown, of Prince George's county, yet he is as un-concerned as if his life was not to end on the gallows in the Marlboro jailyard. He chais and plays checkers with the death watch, and manifests not the slightest uneaslness. In fact, to look at him no one would suspect him to be a condemned murderer. Sheriff Underwood will come to Baltimore tonight and take charge of Smith early tomorrow morning. He will take Smith to Marlboro on an early morning train and hang him soon after his ar-

Accused Contractors Vindicated.

COLUMBUS, O., Dec. 17.—The famous West Side sewer cases, which resulted in an unsuccessful criminal prosecution against Contractors Abbott, Hallwood, Townshend and Adams, and the indictment of City Engineer Kinnear, were finally disposed of yesterday afternoon by a board of arbitrators composed of three leading business men, who unanimously found a claim of \$18,000 for the contractors. The city sued to collect \$39,000 alleged to have been overdrawn by the contractors, who are vindicated by the finding of the

To Improve Fort Wadsworth

WASHINGTON, Dec. 17.—There will soon be at least one thoroughly modern and complete fortress in this country, if the fortifications board can secure the assent of congress to its plans. At the monthly meeting here, just adjourned, the board decided to place Fort Wadsworth, one of the defenses at the entrance to New York harbor, on this basis. The plan is to complets this fortress immediately by concen trating work upon it and make it a mode fortress in every respect, which can be done at an expense of about \$20,000 in ad-dition to the sum already allotted for the reconstruction of Fort Wadsworth. DEFENDING THE TEXAS.

Secretary Herbert Insists that the Vessel Is Not Defective.

WASMINGTON, Dec. 17 .- The mavy department yesterday made public the find-ings of the court of inquiry which investi-gated the facts connected with the sinking of the Texas in dry dock at New York recently. Secretary Herbertalso gave out a statement in which he says the vessel represented the best accepted type when she was designed, that she has no more defects than are inherent in all new ships, and that other vessels in our navy, which he cites, are quite as much in need of changes, although they have not been so unlucky; that the Texas has suffered from surreptitious attacks by naval officers, which must cease; and that Captains Evans and Glass pronounce the Texas the best sea boat of the squadron.

The secretary quotes a letter from Charles Cramp criticizing Rear Admiral Brown for attacking private shipbuilders as conspirators against the Texas, and carnestly defending the vessel herself as a good ship for her time, and the secretary points out that all of this talk is damaging to the interests of the navy and disastrous to the aspirations of our shipbullders seeking foreign contracts.

The court of inquiry found that the ves-sel sunk because of a flaw in a valve yoke easting, which broke and let in the water.

and that no one was to blame. Secretary Herbert, however, finds that there was carelessness exhibited by Chief Engineer Farmer of the New York navy yard and Chief Engineer Moore of the Texas, in not putting in a blank flange when the valve was disconnected. No further proceedings are ordered.

The Laurada Averts Trouble.

WASHINGTON, Dec. 17.—The announce-ment by cable that the notorious steamship Laurada had sailed directly from Palermo for Gibraltar, instead of forcing her way into the harbor of Valencia, gave great satisfaction to the officials here, who feared that international trouble was about to be caused without adequate reason. It was admitted that, as a matter of law, the Laurada had a right to enter any Spanish port, but Valencia has always been regarded as a danger spot, and it was feared here that the appearance there of the Laurada might lend to bloodshed, and perhaps through an attack upon the United States consulate a casus belli-might result. Therefore the officials here breathed easier when it was made known to them that the vessel's owners had con-cluded to avoid trouble by taking on their cargo at Gibraltar instead at Valencia.

Petrifying Human Bodies.

CHIDAGO, Dec 17 .- Charles D. and Frank D. Boydston, of this city, think they have discovered a method of turning human bodies into stone and preserving them forever. In the basement of their estab-lishment there is the body of a young woman who died on July 18 last. This body since it was treated by them, has turned to stone, or to a substance resembling it and appears to be imperishable. In an upper room of the establishment is another body of a woman who died Aug. 22, which appears also to have become petrified. The brothers have been experimenting for years.

Schooner Wrecked, Crew Saved.

HULL, Mass., Dec 17.—The three masted schooner Ulrica, which left Hillsboro, N. B., last Friday for Hoboken, N. J., with a cargo of plaster rock, was totally wrecked on Nantasket beach yesterday. Captain John Patterson and his crew of six men were rescued in an exhausted condition, after undergoing a terrible experience. The men, who were lashed to the rigging, were taken off by the life saving crew, the the hands and feet of several being frozen. At the first attempt the life savers' boat upset, nearly drowning them
