After the article appeared in the paper Joyce called at the American office and had a controversy with Editor O'Donnell, during which the latter was knocked down. The latter arose and went upstairs and Joyce followed him, continuing the hostilities. Several of the employes interfered, but Joyce swept them aside and got in his whacks, at the same time upsetting several cases of brovier, minion, etc., and leaving the office in a condition similar to such as might be expected after a visit of a built to a chima shop. O'Donnell has caused a warrant for Joyce's arrest on a charge of assault and battery with intent to kill.
