WILLIAMSPORT, Pa., Dec. 18.—Train wreckers attempted to wreck an excursion train near Austin, Potter county. The excursionists had been to Galeton, and on their return trip the train was run into a siding, where it collided with a log loader. The passengers were badly bruised and the train damaged.

Sheehan and a companion named Patrick Hegley started to run, hotly pursued by a large number of men, women and children. Sheehan was about to fire into the crowd when one of the women struck him on the head with a hatchet, fracturing the skull, and inflicting injuries from which he will die. Hegley was badly beaten.

Even baby understands that it is not right that the mother should be always sickly, nervous, fretful and cross. Baby wonders what is the matter. Baby would willingly help if he could. It lies with the woman herself to help herself. No one else can do it. She can help herself if she will. If a woman will take proper care of her womanly self, if she will use the right remedy for weakness and disease of the organs that bear the burdens of maternity, she will soon be healthy, vigorous and amiable. She will be able to help baby, instead of leaving baby to try and help her.

A wonderful remedy for weakness and disease of the organs that make wifehood and motherhood possible is found in Dr. Pierce's Favorite Prescription. It acts directly on these organs. It makes them strong and healthy. It has transformed thousands of suffering, pain-racked women into healthy, happy wives and mothers. It always inflammation, soothes pain, and steadies and invigorates the nerves. It prepares for wifehood and motherhood. It insures inherently healthy children. All good druggists sell it. There is nothing "just the same" or "just as good." The druggist who tells you there is, is either mistaken or dishonest.

Mrs. Joseph Simmons, of Hazelgreen, Grant Co., W. Va., writes enclosed the certificate in postage stamps, for which please send me the Medical Adviser in cloth cover. I have used your Dr. Pierce's Favorite Prescription, and his "Golden Medical Discovery" and "Pellegrini" and have received a great deal of benefit from them.

When a story writer puts in a doctor he is always said to "look wise." Over one million people have looked wise and acted wisely. They have bought Dr. Pierce's Common Sense Medical Adviser. Of these wise folks, 680,000 of them paid \$1.50 a copy for the book. It is cheap at that. It is a book of 700 pages, with 300 illustrations. Think of that. A medical book too. Everybody knows how expensive a medical education is. Now there is a great edition of this book, that is being given away. You pay the cost of mailing, that's all. You send 31 one-cent stamps for the book in strong manilla covers. If you desire a fine embossed French cloth cover, send 31 one-cent stamps. Address, World's Dispensary Medical Association, Buffalo, N. Y.

**A Woman's Fearful Crime.**  
CHILLICOTHE, O., Dec. 18.—There is great excitement at Bethel, a small town three miles south of Kingston, this county, occasioned by a horrible atrocity which occurred there yesterday afternoon. Two married women, named Susan and Shell, quarreled, and the Shell woman threw a bucket of strong lye water into the face of Mrs. Moon and her infant daughter. Both have their eyes burned out and their heads and faces also terribly burned. The baby died in a short time and the mother is in terrible agony, her death being looked for every moment. Mrs. Shell made her escape, but is being pursued, and if captured a lynching is probable.

The old way of delivering messages by post-bags compared with the modern telephone, illustrates the old tedious methods of "breaking" colds compared with their almost instantaneous cure by One Minute Cough Cure. C. H. Hagenbuch.

**The Threatened Race War in Oklahoma.**  
GUTHRIE, O. T., Dec. 18.—Reports received last night from Stillwater indicate great excitement among whites and negroes growing out of the murder of the Morrow, father and daughter, near Perkins, and the arrest and detention of Thomas Laughlin, the negro who is under suspicion. Sheriff Crow has telephoned to the governor asking that troops be held in readiness to quell any threatened outbreak between the whites and blacks. Every threat to lynch the negro provokes the negroes to fresh declarations that any attempt upon the life of Laughlin will be resisted by the blacks.

The length of life may be increased by lessening its dangers. The majority of people die from lung troubles. These may be averted by promptly using One Minute Cough Cure. C. H. Hagenbuch.

### RIOTOUS ITALIAN STRIKERS.

**They Add to Their Numbers by Forcing Others to Quit Work.**  
SYRACUSE, N. Y., Dec. 18.—The second strike within two days on the Erie canal improvement occurred yesterday in and west of this city. Soon after going to work in the morning about a hundred men employed by Contractors McDonald & Sayre, in the western part of the city, most of whom are Italians, quit work and demanded \$1.50 a day instead of \$1.20, as they have been paid. This was neither granted nor positively refused. The men wanted money right away, and not getting it they started westward along the canal, arming themselves with clubs and picks.

The first gang of men they met were on another section, also in the employ of McDonald & Sayre. These men were intimidated by those already aroused and were obliged to quit work also, part of their number joining the mob. Those who did not sympathize dared not return to their work.

The men marched along the canal, sweeping everything before them. They broke down stagings, smashed wheelbarrows, threw tool boxes in the canal and appropriated a lot of new pick handles for weapons. The mob gradually added to its numbers. It marched along to the territory where Dunfee & Co. have the contract and induced their men to quit work also.

The contractors have asked for police protection from the city, and police are on hand to see that the workmen are not interfered with. No raise in wages is probable, as the contractors claim that they can get all the workmen they want at present prices.

### Earthquake Shocks in Great Britain.

LONDON, Dec. 18.—Two strong shocks of earthquake were felt throughout Wales, the Midlands, and the south of England yesterday morning. Houses were violently shaken, beds moved from their places, doors forced open and furniture overturned. Many people in Windsor, Cheltenham and other places rushed out of their houses, but no one was hurt. At Hereford one woman died from fright.

Colorless and Cold.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the rosiest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying to her friends.

Missed Kentucky Postmaster.  
NEWPORT, Ky., Dec. 18.—Postmaster F. F. Hetch, of Newport, Ky., was missing from his office yesterday and his place was taken by his brothers, who are his bondsmen. They refuse to say where he is, but it is stated that since Tuesday two post-office inspectors have been examining the books, and that they had discovered a deficit in his accounts of nearly \$6,000. The only explanation of the cause of the shortage is that Hetch was a frequenter of the race tracks and was accustomed to make large bets.

Will Cure Any Case.  
It makes no difference how severe the case may be Thompson's Diphtheria Cure, if applied in strict accordance with printed instructions given, will positively cure any case of diphtheria to which it may be applied. Wm. A. Wolfinger, Milton, Pa., writes: "To all whom it may concern: I certify that I cheerfully recommend Thompson's Diphtheria Cure to all; and if used according to directions it will positively cure any case of diphtheria." Sold at Kirlin's drug store at 50 cents a bottle.

### IT CAN'T BE DONE.

**No One Can Remain Well, No Chronic Disease Can Be Cured Unless the Stomach is First Made Strong and Vigorous.**

This is plain because every organ in the body depends on the stomach for its nourishment. Nerve, bone, sinew, blood are made from the food which the stomach converts to our use.

How useless to treat disease with this, that and the other remedy and neglect the most important of all, the stomach.

The earliest symptoms of indigestion are sour risings, bad taste in the mouth, gas in stomach and bowels, palpitation, all-gone feeling, faintness, headache, constipation; later come loss of flesh, consumption, liver and heart troubles, kidney diseases, nervous prostration, all of which are the indirect result of poor nutrition.

Any person suffering from indigestion should make it a practice to take after each meal one of Stuart's Dyspepsia Tablets, allowing it to dissolve in the mouth and thus mingle with the saliva and enter the stomach in the most natural way. These Tablets are highly recommended by Dr. Jounison because they are composed of the natural digestive acids and fruit essence which assist the stomach in digesting all wholesome food before it has time to ferment and sour.

Stuart's Dyspepsia Tablets are sold by druggists, full sized packages at 50 cents. They are also excellent for invalids and children. A book on stomach diseases and thousands of testimonials of genuine cures sent free by addressing Stuart Co., Marshall, Mich.

### NUGGETS OF NEWS.

Secretary Herbert has accepted an invitation to attend the annual banquet of the Wilmington, Del., board of trade.

Four persons were injured in a rear end collision on the Lehigh Valley railroad in Buffalo yesterday. Rev. William S. Hubbard, of Buffalo, had his arm broken.

The Connecticut state agricultural convention adopted a resolution asking that William D. Hoard, of Wisconsin, be appointed secretary of agriculture.

The McKinley inauguration committee has already begun to receive applications from civil and military organizations in different parts of the country for places in the grand parade.

It is officially announced that there have been 1,511 cases of bubonic plague in Bombay and 1,094 deaths from that disease up to date. It is stated that 200,000 persons have fled from the city.

Major C. T. Picton is manager of the State Hotel, at Denison, Texas, which the traveling men say is one of the best hotels in that section. In speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy Major Picton says: "I have used it myself and in my family for several years, and take pleasure in saying that I consider it an infallible cure for diarrhoea and dysentery. I always recommend it, and have frequently administered it to my guests in the hotel, and in every case it has proven itself worthy of unqualified endorsement. For sale by Grahler Bros., druggist."

A Thousand Made Homeless by Fire.  
SONORA, Cal., Dec. 18.—The old mining town of Jamestown, famous in California literature as "Jintown," was almost completely destroyed by fire yesterday. All the buildings were of wood, and the fire was unchecked until all but two or three isolated dwellings were consumed. Jintown was the supply station for an important group of mines, including the well known Rawhide mine. A thousand people are homeless as a result of the fire. The town possessed no fire department, and before assistance could be sent from Sonora the town had been obliterated.

The wife of Mr. D. Robinson, a prominent lumberman of Hartwick, N. Y., was sick with rheumatism for five months. In speaking of it, Mr. Robinson says: "Chamberlain's Pain Balm is the only thing that gave her any rest from pain. For the relief of pain it cannot be beat." Many very bad cases of rheumatism have been cured by it. For sale at 50 cents per bottle by Grahler Bros., druggists.

Vitriol Thrown Sentenced.  
READING, Pa., Dec. 18.—Henry Steffel, who was convicted of throwing vitriol over his wife as she was returning home from church, three weeks ago, was sentenced by President Judge Ermentrout to eighteen months imprisonment. Mrs. Steffel and her husband had not lived together since Aug. 1. Steffel testified in his own behalf and positively denied the charge. The woman was not disfigured, but her garments were ruined.

Rheumatism Cured in a Day.  
"Mytic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits; 75 cents. Sold by C. H. Hagenbuch, Druggist, Shenandoah.

Murdered with an Ax.  
MAYNARD, Mass., Dec. 18.—John Dean, aged 70 years, a farmer living just outside of town, was brutally murdered yesterday afternoon, presumably by robbers. The old man's body was found in his kitchen by his two daughters when they returned home in the evening. The head was frightfully wounded, and blood was spattered over the floor and up one wall almost to the ceiling. Beside the body was a bloody ax, owned by Mr. Dean, which had been used by the murderer. The ax had almost split his cranium. He recently cashed a check for a large amount and brought the money home. This money cannot now be found.

Self Confessed Murderer Released.  
HARRISBURG, Dec. 18.—Chief Weston yesterday received the following letter from Sheriff T. W. Buggs, at Fort Smith, Ark.: "Acting under instructions from our state's attorney, I wired you the other day to arrest and hold George Erb, supposed to be in your city. Our grand jury failed to indict Erb and informed me to notify you to release Erb, as far as we are concerned. I am sorry to have caused you any trouble in the matter, but was acting in good faith." Erb was released from jail this morning.

Death of Hermann, the Magician.  
ROCHESTER, N. Y., Dec. 18.—Alexander F. Hermann, the magician, died yesterday in his private car at Great Valley, near Salamanca. He was on his way to Bradford. Hermann completed an engagement at the Lyceum later in this city and had

### FIFTY THOUSAND ORPHANS.

**Plans for the Care of Child Victims of Turkish Brutalities.**  
WASHINGTON, Dec. 18.—The full extent of the Armenian massacres is indicated in a report to the state department by United States Consul Bergholtz, at Erzeroum, wherein he says:

The number of Armenian children under 18 years made orphans by the massacres of 1895 is 50,000, according to the estimates of the missionaries. The question of what shall be done with these orphans is receiving the attention of the Christian world. The American board of commissioners is giving the matter serious thought. It has formulated no general plan of relief, although the question of creating orphanages, clothing factories and industrial institutions is under consideration.

German charitable or religious societies are preparing to establish industrial orphan asylums at Oorpha, Cessira, and elsewhere, and the Kaiserswerth deaconesses of Germany has made provision for receiving Armenian orphans at Smyrna, and thirty have been sent there from here. The British government, or its ambassador at Constantinople, has initiated a movement looking towards settling a number of widows and their children on the Island of Cyprus, more particularly, at present at least, those within the province of Erzeroum, who number in the cities of Erzeroum, Erzincan and Balbourt 2,019, who are without means and are recipients of relief. In Erzeroum there are 180 widows, with 700 children; in Erzincan, 100 widows, with 450 children; and at Balbourt, 119 widows, with 500 children. The widows of Balbourt are in particularly distressing circumstances, not a male adult remaining.

Saved from Hydrophobia.  
NEW YORK, Dec. 18.—Five of the eight boys who were bitten by a mad dog in Baltimore on Dec. 1, and who have since been under treatment at the Pasteur Institute, were yesterday discharged as cured. The five, who left for their homes last evening, are: Lawrence E. Wilson, aged 11; Brova Kiel, 10; Conrad Eppers, 15; William Ashley, 14; and Joseph Buehl, 14. The other three boys left for their homes today. They are Robert Henry, aged 8; Robert Perry, 16, and Frank Perry, 13. The boys were treated by Drs. Giffier and Labadie personally. Yesterday four victims of savage dogs were taken to the institution. Mrs. Della Robinson and Miss Mary Broadwater, aged 16, were admitted from Isis, Scotts county, Va., and Leslie J. Smith, aged 9, and Louis B. Smith, aged 4 years, of Cecil county, Md.

Confirmed by the Senate.  
WASHINGTON, Dec. 18.—The senate in executive session yesterday confirmed the following nominations: MacGrane Cox of New York, to be envoy extraordinary and minister plenipotentiary to Guatemala and Honduras; C. Max Manning of Georgia, to be secretary of legation at Monrovia, Liberia; John Ridgely Carter of Maryland, to be secretary of the embassy at London; Isaac M. Elliott of New York, to be consul at La Guayra, Venezuela; Joseph L. Hance of New York, to be consul at Cardenas; Charles A. Prouty of Vermont, to be interstate commerce commissioner; William H. Cooper, to be collector of customs for the district of Delaware; Michael A. Nagen, to be assistant collector of customs at Jersey City.

Delaware's Constitutional Convention.  
DOVER, Del., Dec. 18.—At yesterday's session of the constitutional convention the committee on elections made its report, and in it was incorporated the anti-tribery clause, over which there has been so much speculation. The report also attempted to regulate the registration laws of the state, but the whole matter, after a short discussion, was referred to the committee of the whole. A resolution was passed instructing the superintendent of the state house to display the American flag from the staff each day during the sessions of the convention. The four Republicans from Kent county were not present. They have finally decided to remain away from the convention for the present.

When most needed it is not unusual for your family physician to be away from home. Such was the experience of Mr. J. Y. Schenck, editor of the Caddo, Ind. Ter., Banner, when his little girl, two years of age was threatened with a severe attack of croup. He says: "My wife insisted that I go for the doctor, but as our family physician was out of town I purchased a bottle of Chamberlain's Cough Remedy, which relieved her immediately. I will not be without it in the future." 25 and 50 cent bottles for sale by Grahler Bros., druggists.

Brutally Beaten by Robbers.  
DEFIANCE, O., Dec. 18.—Three robbers visited the house of Fred Buckleman, a well to do farmer living near here, last night. Buckleman was lured outside, beaten into insensibility, and bound hand and foot. Then the robbers entered the house, where Mrs. Buckleman was also beaten and bound. The robbers secured only a small amount of money.

Three Perished in the Wreck.  
PENSACOLA, Fla., Dec. 18.—The owners have received a telegram from Captain Andrew Lang, of the fishing schooner Edwin Booth, of this port, dated at Port Eads, stating that the vessel was lost in the gulf six days ago. Five of the crew reached Port Eads with him, but three others went down with the wreck.

A PEOPLE OF FEW WORDS.  
"Let your speech be yea, yea, and nay, nay," says the Good Book, "for whosoever is more than these cometh of evil." The Shakers abide by the spirit of this rule. Their words are few, simple, sincere and direct. They waste no energy in idle talk; they use it in thinking and doing. And whatever they do they do with their might. They are content with nothing short of the essence and principle of the things they investigate. They take pains and are patient. And thus the doors of many strange truths open to them. In this way they discovered what may almost be called the unity of disease. A venerable Shaker says of it: "It is said that one man's meat is another man's poison. That is but half the truth. Any man's meat is any man's poison, under certain conditions. If the grain never got further than the hopper we should never have bread; and if bread never got further than the stomach we should never have strength. When the stomach is torpid, helpless and inflamed the food lies in it and rots. This fermentation produces poison which may, and often does, disorder every other organ and function of the body. This is the...

### Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MRS. SIDLEY, of Torrington, Conn., Suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. Jas. B. Sidley writes Oct. 25, 1895: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and also improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.
