THE GREAT HUXLEY.

What Huxley, the Great English Scientist. Considered the Best Start in Life.

The great English scientist, Huxley, said the best start in life is a sound stomach: Weak stomachs fail to digest food properly because they lack the proper quantity of digestive acids (inclic and hydrochloric) and peptogenic products; the most sensible remsdy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsis Tablets because they supply in a pleasant. harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsh Tablets will cure every form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood. strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggints sell Stuart's Dys pepsia Tablets at 50 cents full sized parkage. Send for free book on Stomach Troubles to Stuart Co., Marshall, Mich.

MORE BANK FAILURES.

Minneapolis Institutions Two Close Their Doors.

WILL PROBABLY REOPEN AGAIN.

Three Industrial Establishments in Chicago Also Forced to the Wall Through the Collapse of the National Bank of Ill-

inois-An Italian Banker's Victims. ST. PAUL, Doc. 23 .- State Bank Ex-

aminer Kenyon yesterday took possession of the Bank of Minnesota, and as a result of the closing of this bank the Union Stock Yaris bank also closed. The Bank of Minnesota's capital is \$2,000,000, and it was considered one of the strongest banks in the west. This bank, in common with all the other banks in the city, had a share of the deposit of state money, and at the time of the last statement had about \$70,-000 or \$83,000 of state money on deposit. It was also the depository for the county, and until recently was the main bank themselve through which the city business was transacted. William Dawson, Sr., was president and William Dawson, Jr., was cathler. The Dawsons ranked high among financiers. Among the heavy depositors was Noman Kitison, whose every dollar was in the bank. The Union Stock Yards bank, which closed its doors simul-taneously with the Bank of Minnesota, was owned by the latter, and its president was William Dawson. The bank is perfeetly solvent, and there is absolutely no danger to any of its depositors.

Judge Otis, of the Ramsey county dis-trict court, has appointed Frank Sey-mour, eashier of the Merchants' National bank, and an attorney not yet decided on to be receivers of the Bank of Minnesota. The state bank examiner, after making an examination of affairs, says he does not consider the failure a bad one, but expeets that the bank will resume business before long. The officers of the bank say that they had been hoping to carry the in-stitution through the hard pressure of the winter, but had found it too great a task, and had concluded to call in the state ex-minute of the bins table charge. They aminer and have him take charge. T action may have been influenced by Their th clearing house, which sent word for them not to "clear" yesterday, for the bank closed soon after receiving the notice.

The Bank of Minnesota was the oldest in the city and one of the best known throughout the northwest. It had many correspondents, among them being the National Bank of Illinois, but it wa was stated today that the failure of the big Chicago bank had nothing to do with the closing of this concern. The small bank the stock yards that closed as a result the other failure was a branch of the at the Bank of Minnesota, but no other local banks are at all affected by the failure.

More Failures in Chicago.

CHICAGO, Dec. 23 - The failures of An gus & Gindele, general contractors: the American Brewing, Malting and Eleva-tor company, the George A. Welsse Maliing and Elevator company and George A Weisse individually, all of these being due to the collapse of the National Bank of Illinois, and small runs on three banks were the echoes yesterday of the bank failures of Monday. Runs were made on the Garden City Banking and Trust com pany, the Hibernian Savings bank and the Illinois Trust and Savings bank, and

none of the runs was of much importance. Hefore the close of banking hours the ex-citement had completely died out.
