The present trouble has been brewing

Christmas at the White House,

Washington, Dec. 26.—Christmas was celebrated in a joyous, homelike fashion at the White House. The children, not only of the president, but of the entire cabinst circle, held high carnival in the white House library. A noble fir tree stood in the center of the big semi-circular room, so tall that it touched the lofty ceiling and so thick and broad that it almost filled the large room. Until late in the night many willing hands had worked under Mrs. Cleveland's direction in beautifying this Christmas tree, and it was a tree worthy of the White House. The children were early awake, and were soon gloating over the presents that lay piled up around the foot of the tree and over the contents of their stockings, wh were generously filled by Santa Claus.

BOSTON'S STREET CAR SNARL The Company Discharging Men for Precip-

ituting a Strike. Boston, Dec. 24.—What threatened to be the most extensive strike in the history of this city was averted by the action of the supreme council of the Motormen's and Conductors' union, when, after a protracted session, the strike was declared off at 12:30 yesterday morning. Traffic has been resumed on all lines, and matters

quickly assumed their usual aspect.

The first official act of the West End management yesterday morning was to discharge 120 conductors and motormen of Division 6 (Charlestown). Young, of the Conductors, Motormen and Drivers' union, headed the list. More than 100 discharges were also made on Division 2 (Lenox street line), and it is said that a blacklist has been opened by the company, which takes the name of every employe of the company who took part in the strike.

President Young says the strike is off as far as the supreme council of the union is concerned. He admits that some of the men, having once disregarded the action of the conference committee, may ignore the ultimatum of the supreme council and inaugurate another strike.
