BUSINESS OUTLOOK Review Predicts a Large

LAST YEAR'S NUMEROUS PAILURES

They Were Heavier Than in Any Previous Year Except 1893-There Has Been No. Monetary Pressure to Cause Trouble. Holiday Duliness Has Been Intensified.

Revival in Industries.

men may profit by what he has discovered. It is upon this principal that a resident of Kalamasoo, Mich., desires to send free to mankind a prescription which will cure them of any form of nervous debility; relieves them of all the doubt and uncertainty which such men are psculfarly liable to and restores the organs to natural size and vigor. As it ests nothing to try the experiment it would seem that any man, suffering with the nervous troutles that usually attack man who never stopped to realize what might be the final result, ought to be deeply interested in a remedy which will restore them to health, strength and vigor, without which they continue to live an existence of untold misery. As the remedy in question was the result of many years research as to what combination would be peculiarly effective in restoring to men the strength they need, it would seem that all men suffering with any form of nervous weakness ought to write for such a remedy at once. A request to H. C. Olds, Bex 1712, Kalamasoo, Mich., stating that you are not sending for the prescription out of Idle curlosity, but that you wish to make use of the medicine by giving its trial, will be answered promptly and without widence as to where information came from.

The prescription is sent free and although some may woulder how Mr. Olds can afford to give away his discovery, there is no doubt about the offer being genuine. Cut this out and send to Mr. Olds when afford to give away his discovery, there is no doubt about the offer being genuine. Cut this out and send to Mr. Olds when afford to give away his discovery, there is no doubt about the offer being genuine. Cut his out and send to Mr. Olds can afford to give away his discovery, there is no doubt about the offer being genuine. Cut his out and send the with the may know how you came to write him. NEW YORK, Jan. 1.-R. G. Dun & Co.'s weekly review of trade says: There have been more commercial failures in 1896 than In any previous year, except 1868, about 16.500, against 18,107 last year, with Habilities of about \$235,000,000,against \$173,125,-000 last year, an increase in number of about 12 per cent, and in liabilities of 29 per cent. The holiday makes it impossible to give exact figures until next week, but the monthly returns heretofore prepared show that \$35,000,000 of the excess over last year was in two months, August and September, in which manufacturing lia-bilities were \$15,000,005 farger than last year, trading \$10,100,000, and brokers and other commercial \$10,300,000 larger.

Of the latter class \$11,041,416 out of about \$18,600,000 were in those two months; of the manufacturing class \$94,910,300 out of about \$28,230,000 in the whole year word in those two menths, and of the trading class \$21,831,880 out of \$109,560,000 in the whole year. The ratio of defaulted liabilities to clearing house exchanges was \$4.37 per \$1,000, against \$3.25 last year and \$0.39 in

The average of defaulted liabilities po firm in business was \$190.57, against \$145 last year and \$230.65 in 1808. Detailed monthly statements are also published for the last quarter of the year 1893, showing commercial liabilities amounting to \$64,-

Miseton. The reason for this action on the part of the governor is violation of the military code by General McLewsein having made public his annual report without first submitting it to his superior officer, The year closes with an epidemic of failures, mainly at the west, and in banks, loan and trust companies, or concerns dependent in them. The action of the clear-ing houses in various places indicates no want of confidence, and several banks which have falled will be enabled to pay in full, but disclosure of unsoundness in a few widely known institutions, in the abnormal state of popular feeling after an excited contest on monetary issues, he ner. Morrow & Co., that closed its doors last September, was made public to-day. The itabilities aggregate \$333,730.27. The good assets foot up \$84,000, and the uncollectable accounts \$80,000. The caused distrust and suspicion where it is frequently undeserved.

There has been no monetary pressure to cause trouble, nor have important western products declined in value. There has evidently been too liberal assistance given by some fiduciary concerns to speculative operations. No drain on eastern funds has resulted since the first alarm at two large failures, and the money then sant has all returned. Failures often grow more frequent as annual settlements ap

Holiday duliness has been intensified by the failures and the efforts of combinations to make new arrangements. With iron, coke, wool, cotton and hides all somewhat lower there is almost universal confidence that business will soon become larger and safer than before for a long time, and several large establishments, among them the Yonkers Carpet works, which employs 7,000 hands when full, and the Maryland Steel company, will now Vice, of which the Roy. Dr. Parkhurst is start operations.

"Excuse me," observed the man in spec tacles, "but I am a surgeon, and that is not where the liver is," "Never you mind where his liver is," retorted the other. "If it was in his big too or his left sar DeWitt's Little Early Risers would reach it and shake it for him. On that you can bet your gig-lamps." C. H. Hagenbuch.
