HON. BOIES PENROSE. The Next United States Senator from Pennsylvania.

Evening Herald SATURDAY, JANUARY 2, 1907.

It is announced from Rome that Dr. Guesell has discovered the germ of yellow fever. Will the good doctor kindly keep it there?

There is something new in Texas. A county treasurer has committed suicide because he was short in his accounts. Moral: Personal reasons like this has not heretofore been very closely to Lone Star civilization.

A New York department store has employed a well known pugilist to sell sporting goods from its counters. This is evidence that the talking abilities of the modern prize fighter are beginning to receive due appreciation.

The women of Colorado, Utah and Wyoming voted this year to throw away half the value of their market money and tin money. This ought to reconcile women in other states to keep out of politics until the fantastic proceeding can be explained.

The unavailability of the news from Cuba has induced the Pittsburg Times to send its city writer to that country to send them special and reliable news. By their fruits ye shall know them. "By their fruits ye shall know them" is certainly the way of the Times, as no letter paper is published in that city.

The Congress of Mothers does push the convention mania fairly over the verge of absurdity. There is no more justification for a "Congress of Mothers" than for a "Parliament of Fathers," a "Conference of Maiden Aunts," or a "Symposium of Second Cousins." What is the name of Mrs. Hannah Moore, who has the mother of the earth to gain by gathering from the four corners thereof (this does not apply to Shenandoah in particular) to "reason" about the duties and beauties of motherhood?

We are in receipt of the Evening Chronicle almanac for 1907, which contains much valuable information in reference to Schuylkill county and the outside world. If anything, the present edition is an improvement upon previous issues, and the contents are available information to its professional and laymen alike, as well as others. Our friends of the Chronicle are to be congratulated upon their enterprise, which is no doubt appreciated by its large circle of readers.

It is easy to attach more significance to the bank wrecks in Chicago, St. Paul, Minneapolis and West Superior, Wis., than the facts of the situation warrant. The wreck of the first and largest of these institutions, the Illinois National, was due to parsimony and incompetency in about equal parts, and several of the other failures were brought about by this one. Either of these causes might bring any sort of a business to disaster even in the best of times. As a matter of fact, each of them does this every year. Apparently incompetency had a good deal to do with the first and largest of the Minneapolis bank wrecks, and one or two of the other failures in the same state resulted from this collapse. Other banks in different states have gone into voluntary liquidation. Now this is far from being a pleasing situation, yet there is nothing in it to excite alarm.

THE NATIONAL EMBLEM. A circular has been sent out from the headquarters of the state camp. Patriotic leaders of America, by the state executive committee, to all subordinate camps, calling attention of members of the order to the significant fact that it is their duty to keep the national emblem free from insult of any kind and see that it waves triumphantly over every school house in the commonwealth as the Star Spangled Banner of Freedom.

The circular calls particular attention to the desecration, pollution and insult of the emblems of liberty has suffered during the past year, and there is no law to punish the offender.

In addition to the circular petitions have been prepared for signatures to be sent to the representatives in the legislature, to be presented praying for the speedy enactment of a law making it a crime punishable with fine and imprisonment for any person who shall willfully and maliciously deface, pollute, injure, remove or in any manner damage or destroy any flag or flag-staff, which now are or hereafter may be put, erected or placed upon any private dwelling or building, or any private grounds or any private highway. Other states have provided the Keystone state in this protective measure, and other will follow until in due time Old Glory will be amply provided for, and its safety flag in the provision statute to punish all such offenders as criminals.

Schuylkill county for many years held all other counties in the number of camps, and it almost every town and hamlet in the coal region the American flag is displayed. It is a matter of pride, and fully attests the patriotic spirit of the people of Schuylkill, that no attempt has yet been made to take down or to in any manner disgrace the Stars

and stripes, whatever may have occurred in other localities. The people of the coal region can always be depended upon to defend the national emblem with their lives.

The length of life may be increased by lessening the dangers. The majority of people die from lung trouble. These may be averted by promptly using One Minute Cough Cure. C. H. Hagenbuch.

Robbed Their Employers for Years. ST. LOUIS, Jan. 2.—A wholesale conspiracy, having for its object the systematic robbery of one of the largest department stores in the city, entered into and successfully carried on for a number of years by employees of the firm, has been exposed by the arrest and confession of six of the employes. The firm is the William Barr company, and the loss will amount to thousands of dollars. The conspiracy, it is said, will include a number of other employes of the firm. Those arrested are Cassius Emlach, P. J. Lee, William Harp, William Jackson, William McFarland and Luther Shole, all between the ages of 41 and 60.

Wrecked Steamer Heaved. REAL COVE, N. H., Jan. 2.—The tug Steam King, of St. John, arrived here yesterday to anchor a survey of the wrecked steamer Waverick, at Yellow Mill Lodge, which is twelve miles from here. Soon after the tug arrived, the crew went ashore and the crew attempted to reach land. The boats, however, were smashed to pieces in the heavy surf. The crew managed to reach the ship to safety and stung to the rigging from Wednesday night till the following day when two more boats were launched and the entire crew of fifty men crowded into them. In the afternoon the Gloucester schooner George S. Bondwell hoisted in sight and took the men aboard. They were put ashore at this point.

Progress of Washington State. TACOMA, Wash., Jan. 2.—The Ledger's annual New Year's edition shows the progress of the state during 1906. The record is summarized as follows: Washington's dairy products were worth \$1,500,000; packing house products, \$1,500,000; fish, fresh and canned, \$3,300,000; coal output, 4,300,000 tons; fruit crop, \$2,000,000; lumber, \$60,000,000; shingles cut, 2,200,000,000; value of live stock, \$9,000,000; value of five stock, \$9,000,000; production of gold, silver and lead, \$1,000,000; wheat crop, 10,000,000 bushels.

Sealy eruption of the head, chapped hands and lips, eczema, scalds, burns are quickly cured by DeWitt's Witch Hazel Ointment. It is at present the most used for these ailments always cures them. C. H. Hagenbuch.

To Defend Edward J. Ivory. NEW YORK, Jan. 2.—Assistant District Attorney Schlichter called on the Campaign Levy for London to defend Edward J. Ivory, who is charged with conspiracy. Mr. Ivory is expected to prove that the case against Ivory is the darkest and most malignant case of political persecution ever committed by any set of men, and that if their play is given, he will have Ivory set free.

The old way of delivering messages by post-hoys compared with the modern telephone, illustrates the old tedious methods of "bracketing" colds compared with their almost instantaneous cure by the Minute Cough Cure. C. H. Hagenbuch.

Denouncing Cecil Rhodes. PHOENIX, Transvaal, Jan. 2.—Upon the occasion of the New Year's day wishes calling at the presidency to offer President Kruger their congratulations, Judge Jorison made a speech in the course of which he said that the gratitudo which his countrymen felt at the deliverance from the attack upon the independence of the country was mingled with fears for the future. He proceeded to complain bitterly that the republic had been invaded by the evasions recorded in Cape Colony to Cecil Rhodes, who, said the speaker, "was undoubtedly the chief criminal in the despicable assault upon our country. This is an insult to you, to us and to the whole republic." Cecil Rhodes has been welcomed with unbounded enthusiasm at Cape Town, where 6,000 persons joined in singing "God Save the Queen." A gigantic banquet in honor of Rhodes has been fixed for next Tuesday.

When most needed it is not usual for your family physician to be away from home. Such was the experience of Mr. J. Y. Schneck, editor of the Galdo, Ind. Ter. Banner, when his little girl, two years of age, was threatened with a severe attack of croup. He says: "My wife insisted that I go for the doctor, but as our family physician was out of town I purchased a bottle of Chamberlain's Cough Remedy, which relieved her immediately. I will not be without it in the future." 25 and 50 cent bottles for sale by Grubler Bros., druggists.

Governor Pingree's Simple Inauguration. LANSING, Mich., Jan. 2.—President and form were thrown to the winds yesterday in the inauguration of Governor Haxon E. Pingree and the other state officers. Mr. Pingree arrived accompanied by Mrs. Pingree and a coterie of personal friends. Shortly after he entered the executive parlor accompanied by retiring Governor Rich and Commissioner French, of the state of Ohio, where Chief Justice Long, of the supreme court, administered the oath of office. An introduction followed by the chief justice, and all present shook hands with and congratulated the new governor. Thus began the gubernatorial career of a man who is considered one of the greatest and most progressive personalities in the United States and who holds at the same time the offices of mayor of Detroit and governor.

# CLEVELAND'S LAST RECEPTION.

The President and Wife Shake Hands with Seven Thousand People. WASHINGTON, Jan. 2.—Seven thousand persons lined outside the White House yesterday for periods varying from one to six hours. But patience had its reward in every case, for the president and Mrs. Cleveland shook hands with every one of them.

The closing New Year's reception of the present administration was the most brilliant of Mr. Cleveland's whole eight years in office, and old Arthur Simmons, the president's famous messenger, whose service in the White House dates back thirty years, shook his head sadly as he viewed the far rower crowd from an upper window, and declared it "the greatest reception since '64."

The diplomatic corps, as usual, furnished the high lights in the pictures. Foreign uniforms and decorations of every sort, from the white and silver of the German military attaché to the green and crimson stripes of the Chinese minister, all most served to pale the Paris gowns of the receiving party and of the official guests behind the line. Only a shade more subdued were the uniforms of the army and navy, a study in blue and gold, somewhat marred by the yellow plumes of the cavalry and the scarlet facings of the artillery.

A background for this picture was set the dead black of the evening dress of the South American diplomats, worn in accordance with their own social law in such matters, and the sober morning costume of the civil officials.

The center of the picture was Mrs. Cleveland, the most simply gowned of the receiving party. She was just slightly flushed by the rapid exercise of handshaking, but smiled as cheerfully and shook hands as vigorously with the last of her 7,000 callers as she had with the first.

Absolutely pure, perfectly harmless, and perfectly reliable as to the quality of the Minute Cough Cure. It cures colds, coughs, croup and lung troubles. Children like it because it is pleasant to take and it helps them. C. H. Hagenbuch.

Fireman and Workman Killed. SCENESDALE, N. Y., Jan. 2.—A rear end collision occurred yesterday between two freight trains on the Central Hudson railroad, five miles west of this city, resulting in the death of John Cook, fireman, and Charles Vogel, brakeman, both of Albany. A number of cars were derailed, and caught fire. The damage will amount to \$30,000.

# FREE CURE FOR MEN.

A Michigan Man Offers to Send His Discovery Free. Claims to Be a Benefactor to Weakened Mankind. There is always more or less suspicion attached to anything that is offered free, but in this case the offer is so generous that it cannot rest until its discovery is known to the world, in order that his fellow men may profit by his discovery. It is upon this principle that a resident of Kalamazoo, Mich., desires to send free to mankind a prescription which will cure them of all nervous debility, relieve them of all the doubts and uncertainty which attend upon such ailments, and restore the organs to natural size and vigor. As it costs nothing to try the experiment, it would seem that any man, suffering with the nervous troubles that usually attack men who never stopped to realize what might be the final result, ought to be interested in a remedy which will restore them to health, strength and vigor, without which they continue to live an existence of mental and physical suffering. It is the result of many years research as to what combination would be peculiarly effective in restoring to men the strength they need, it is the final result of his research, and is offered free to all who are afflicted with any form of nervous weakness ought to write for such a remedy at once. A request to H. C. Olds, Box 1712, Kalamazoo, Mich., stating that you are not interested in question was the result of many years research as to what combination would be peculiarly effective in restoring to men the strength they need, it is the final result of his research, and is offered free to all who are afflicted with any form of nervous weakness ought to write for such a remedy at once.
