RON, BOIES FERRELL. The Next United States Senator From Pennsylvania.

Evening Herald

MONDAY, JANUARY 4, 1907.

A CORRESPONDENT from Shepton writes to the Herald to know how far he ought to go in an attempt to reform a crying evil in that community. We have not seen the evil nor heard it cry, neither do we glean from our correspondent's letter the nature of the evil complained of. However, we would say by all means go just far enough to effect the reform.

The hysterical fits of the Pottsville Republican editor, because of the fear that the representatives from this county will not vote as he would desire them, is amusing indeed. The fact of the matter is, the Republican is so solid within the party boundaries that it imagines the people of this county favor the man it paid to advocate. The Republican should turn around and view its childish antics as the public sees them.

The Republican caucus to select a successor to United States Senator J. Donald Cameron will be called together at Harrisburg to-morrow evening. We have no reason to change our views as to who will be Senator Quay's colleague. We still think that Boies Penrose is the coming man, and that Senator Quay's estimate of 150 votes in the caucus for the brainy young Philadelphia man is much less than what he will actually receive. Wannaker's friends are pulling up a great bluff, but Penrose will receive the prize.

INSURANCE COMMISSIONER LAMBERT has taken the initiative towards securing for cities and boroughs the money intended for the establishment of firemen's relief funds. For several weeks the Insurance Department has been receiving communications of inquiry respecting the act of 1905, under which one-half of the 3 per cent tax on gross premiums of foreign fire insurance companies is to be returned to the several cities and boroughs of the State. While there is nothing in the act providing that this money is for the use of the firemen's organizations, it is well known that the bill was passed in deference to their wishes and they are expecting to get the benefit of it. It has imposed a good deal of labor and additional duty upon the Insurance Department, and Commissioner Lambert has had added to the blanks for annual statements of the foreign companies a tabulated list of the cities and boroughs upon which the detailed returns of the gross premiums can be made.

EVERY newspaper man in the course of his troubled career has influenza brought to bear upon him to suppress legitimate news, which we have been taught to believe, from many years serve in the newspaper business, to be the chief stock in trade of a daily journal. The pressure most frequently exerted to keep the press silent is called "family considerations," which naturally appeal to the better instincts of the hard-hearted man who holds down the editorial tripod. If a young man becomes involved in a disagreeable case, the home paper is often called upon to take no cognizance of the fact, as it would hurt the feelings of the family which has the misfortune of owning him as a member. Even when the editor, in consideration of the transient parties, consents to put the band of suppression upon the reportorial work, he is rewarded by the sneers of his readers for lack of independence or want of the necessary newspaper enterprise. Truly the path of the average newspaper man is strewn with anything but roses!

It appears that the full statement of Detective Tilford, in his affidavit charging bribery on the part of the Wannamaker people, has not been published in full by the Wannamaker organs. The News, of Harrisburg, gives the following list of interesting facts to Selkirk county people. The detective says: "I went on November 20 to Pottsville and saw Mr. C. H. Deagler, and asked him to help me get the names of some business men for the Wannamaker Business Men's League. We called on Editor Zerley, who is a rampant Wannamaker man. He said that the Selkirk delegation stood as follows: Senator Loch, Wannamaker; Senator Coyle, Quay; Kershner was for Wannamaker because he did not like Coyle; Strubink for whoever would pay him most; Witman was under the control of Lashly Orme was for Quay; Kehler was controlled by Dave Phillips, one of Loch's local lieutenants. Zerley claimed that Coyle had gotten \$1000 of Wannamaker's money prior to his election and charged that S. H. Edwards, the County Chairman, had got \$200 from the same source, and both were now against Wannamaker. I called on Edwards, who talked bravely of Wannamaker and gave me a list of business men in Pottsville. I got a number of names from Ashland from J. H. Janes and some names from Shenandoah from other sources. I wrote to Rudolph Blankenburg that night, sending him the list of names, telling him that I had been requested to do so by Van Valkenburg and suggested that he should correspond with them." TO CURE NERVOUS DYSPEPSIA.

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of an Indianapolis Gentleman.

No trouble is more common or more mischievous than nervous dyspepsia. People having it think that their nerves are to blame and are surprised that they are not cured by nerve medicine and spring remedies; the real seat of the mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in other the kidneys are affected; in others the bowels are constipated with headaches; still others are troubled with loss of flesh and appetite, with accumulation of gas, acid eructations and heartburn.

Mr. A. W. Sharper, No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A note of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is written not for notoriety, but is based on actual fact."

Respectfully yours, A. W. Sharper, 61 Prospect St., Indianapolis, Ind.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headaches.

Miners' Wages to be Reduced.

MARSHFIELD, O., Jan. 4.—Notices have been posted at all the mines in the Marshall district of a reduction in the prices of pick mining from sixty-one cents to fifty-one cents per ton. The notice says a rate of sixty cents has been agreed upon in Pennsylvania under the long established system whereby the Ohio rate is nine cents less than that of the Pittsburgh district, therefore the fifty-one cent rate will be maintained under existing conditions. About 4,000 men are now out, but it is thought they will resume work and continue till after the joint meeting of operators and miners at Columbus, Jan. 12.

The St. Louis Globe-Democrat—Semi-Weekly—Tuesday and Friday—eight pages each issue—fifteen pages every week—only one dollar a year, is unquestionably the biggest, best and cheapest national news journal published in the United States. Strictly Republican in politics, it still gives all the news, and gives it at least three days earlier than it can be had from any weekly paper published anywhere. It is indispensable to the farmer, merchant or professional man who desires to keep promptly and thoroughly posted, but has not the time to read a large daily paper; while its greater variety of well selected reading matter makes it invaluable as a home and family paper. Remember the price, only one dollar a year. Sample copies free. Address: GLOBE PUBLISHING CO., St. Louis, Mo.

New York Emerges from Fog.

NEW YORK, Jan. 4.—At 9 o'clock last night a dense fog which hung over the city, the harbor and North and East rivers lifted, and traffic, which had been impeded on water and land, was resumed. At 9:30 last night the Cunard line stamper ship Aurania, from Liverpool, dropped anchor off the Sandy Hook lightship. The Aurania is the first vessel sighted since 7:40 Saturday night, when the Orinoco, from Bermuda, arrived at the bar.

IN SENATE AND HOUSE.

The House Is Expected to Get Down to Serious Business.

WASHINGTON, Jan. 4.—The house will get down to serious business as soon as it remembers after the holiday recess to-morrow. Probably the two most important pieces of general legislation to be acted upon at the short session have been made special orders and will consume the entire week. They are the Land bill to amend the laws relating to second class mail matter so as to prevent the shipment of books and serial publications, in connection with newspapers, at the current postage rate, and to cut off the newspaper company copy privilege, and the bill prepared by the Pacific railroad committee to fund the debts of the Pacific railroads and extend their payment for fifty years at 2 per cent.

The fund bill has already been debated one day, and under the order adopted the debate will continue tomorrow and Wednesday, and the bill will be brought to a vote on the latter day at 4 o'clock. The Pacific railroad bill will be taken up on Thursday. The general debate will continue until Friday evening. On Saturday the bill will be upon an amendment under the five minute rule, and on Monday the vote will be taken on the bill and pending amendments. The fate of the measure will determine whether the government will foreclose its mortgages on the Union and Central Pacific.

Beyond the fact that the bill providing for free homesteads on former Indian reservations on the calendar is the "unfathomable business," the senate has no program for the day. There is liable to be a sharp clash of interests in the effort to secure consideration and a possibility that this clash may develop an interesting situation.

The friends of the Pacific railroad re-funding bill will make an effort to get that measure up for consideration unless they conclude that in doing so they may impair its chances of passage. Until the past day or two it appeared to stand that the Cuban resolutions would be sprung immediately after the beginning of business on Tuesday. It is now possible, even probable, that both questions will go over, at least for a few days.

FREE CURE FOR MEN.

A Michigan Man Offers to Send His Discoveries Free.

There is always more or less suspicion attached to anything that is offered free but sometimes a man so overflows with generosity that he cannot rest until his discovery is known to the world, in order that his fellow men may profit by what he has discovered. It is upon this principle that a resident of Kalamazoo, Mich., desires to send free of any form of nervous debility; relieves them of all the doubts and uncertainties which such men are peculiarly liable to and restores the organs to normal size and vigor. As it costs nothing to try the preparation it would seem that any man, suffering with the nervous troubles that usually attack men who never stopped to realize what might be the final result, ought to be deeply interested in a remedy which will restore them to health, strength and vigor, without which they continue to live an existence of untold misery. These lands, however, are the result of many years research as to what combination would be peculiarly effective in restoring to men the strength they need, it would be offered by mail, with a guarantee of a full refund if it does not cure.
