

FREE CURE FOR MEN.
A Michigan Man Offers to Send His Discovery Free.
Claims to be a Benefactor to Weakened Mankind.

There is always more or less suspicion attached to anything that is offered free by a man who overflows with generosity that he cannot rest until his discovery is known to the world, in order that his fellow men may profit by what he has discovered. It is upon this principle that a resident of Kalamazoo, Mich., desires to send free to mankind a prescription which will cure them of any form of nervous debility, unless them of all the doubt and uncertainty which such men are peculiarly liable to and restores them to their natural state and vigor. As it will be at once seen, there is no doubt that any man, suffering with the nervous troubles that usually attack men who have overworked their brains, or who have been subjected to any of the causes mentioned above, would be deeply interested in a remedy which will restore them to health, strength and vigor, without which they cannot live an existence of any real value. As the remedy in question was the result of many years' research as to what combination would be peculiarly effective in restoring to men the strength they need, it would seem that all men suffering with any form of nervous weakness ought to write for such a remedy at once. A request to H. C. Oids, Box 1718, Kalamazoo, Mich., will be answered at once. It is not to be understood that you are not sending for the prescription out of idle curiosity, but that you wish to make use of the medicine by giving it a trial. It will be at once seen, there is no doubt as to where information came from. The prescription is sent free and although some may wonder how Mr. Oids can afford to give away his discovery, there is no doubt about the other being genuine. Cut this out and send to Mr. Oids so that he may know how you came to write him. 12-28-78.

FOR PERMANENT PEACE.
The Arbitration Treaty with Great Britain Signed.
PRESIDENT CLEVELAND'S MESSAGE
He Declares That "The Experiment of Submitting Civilized Methods for Settling Force Will be Tried Under the Happiest Auspices."

WASHINGTON, Jan. 12.—Secretary Olney, in behalf of the United States, and Sir Julian Pauncefote, on the part of Great Britain, yesterday affixed their signatures to a new treaty by which for a term of five years the two English speaking nations agree to abide in peace and without resort to arms, all possible questions of controversy being referred to a court of arbitration, with the single exception that neither nation surrenders its honor or dignity to the judgment of arbitration. Later in the day, President Cleveland sent the treaty, and a message earnestly approving it, to the senate. The message is in part as follows:

"Though the result reached may not meet the views of the advocates of immediate arbitration, and irrevocable arbitration of all international controversies, it is nevertheless confidently believed that the treaty cannot fail to be everywhere recognized as marking a long step in the right direction, and as embodying a practical, working plan by which disputes between the two countries will reach a peaceful adjustment as matter of course and in ordinary routine."

"It is apparent that the treaty which has been formulated not only makes war between the parties to it a remote possibility, but precludes those fears and rumors of war which of themselves too often assume the proportions of a national disaster."

"It is eminently fitting as well as fortunate that the attempt to accomplish results so important should be initiated by kindred people, speaking the same tongue and joined together by all the ties of common traditions, common institutions and common aspirations. The experiment of substituting civilized methods for brute force as the means of settling international questions of right will thus be tried under the happiest auspices. Its success ought not to be doubtful."

The treaty consists of twelve articles, and in print would fill about one newspaper column. One of the first points to be decided was that King Oscar II of Sweden and Norway is to act as the final arbitrator in case the others fail to agree on the final member of the court. The acceptance of the king and the final agreement of the court was not reached in Washington until late Sunday night, and even then a small detail remained to receive the approval of the British foreign office. Yesterday a cablegram from Lord Salisbury removed this last question and the way was clear for the formal execution of the treaty.

The twelve articles constituting the treaty deal with the subjects which are to be submitted to arbitration and the manner in which the court of arbitration is to be constituted. The language used in settling the treaty is the most dignified and chosen with the greatest care, the purpose being to make the terms so comprehensive that no question can arise in the ordinary dealings between the two governments which will cause a resort to war. The articles of the treaty are so framed as to be carefully framed that ordinary questions which to some extent involves a nation's honor could not be brought within it.

The period of five years was fixed as the limit of the treaty as a means of observing the efficacy of the arrangement, the purpose being to make the treaty permanent if the five year trial brings the good results contemplated.

ORDERS ISSUED BY THE POPE.
LONDON, Jan. 12.—A Rome dispatch to The Daily Mail says that the pope has issued an order forbidding priests not belonging to the Roman curia to say Mass there under penalty of suspension. It also threatens measures against the resident clergy who are seen on the streets after the religious curfew bell. The pope has sent his thanks and congratulations to Emperor William for his attitude toward dealing. It is understood that the pope will endeavor to persuade Austria and France to suppress duelling.

AWFUL BRUTALITY OF SPANIARDS.
BOSTON, Jan. 12.—The Cuban-American junta of New England has received news from its agent in Cuba of an act of brutality which, it is alleged, was perpetrated on a Cuban plantation near Cienfuegos. The plantation was taken by the Spanish troops and all those who did not make themselves known were killed. These consisted of an old woman of 74, her grandchild of 12 years, and another family. All of these, the agent says, were put into sugar hogsheads, which were set on fire and burned to death.

AN INTERNATIONAL EPISODE.
YOKOHAMA, Jan. 12.—The greatest excitement prevails in diplomatic and other circles at Tokio and in this city, owing to a meeting of the committee by the German minister to Japan, Baron von Guizend. It appears that while the minister was out driving he lashed across the face a Japanese student, who had in no way provoked him. The newspapers demand the recall of the baron, and the affair has been taken up by the Japanese foreign office.

SANITARY CONFIDENT OF ELECTION.
DOVER, Del., Jan. 12.—The "rump" house held another session here yesterday behind closed doors. The only business transacted was the introduction of two bills, which Dr. G. W. Marshall said related to the change in the state floral emblem and to reforming the school laws. It was believed that Senator Robert J. Hanby would be present to assist in the organization of a "rump" senate by arranging in J. Frank Albee of Kent and Thomas Curry of New Castle, but Hanby refused to leave the regular body in the state house. Willard Saulsbury received his friends at the Capital hotel last night. He said he was confident of being elected United States senator.

COXLEY'S NEW PARTY.
ST. LOUIS, Jan. 12.—Jacob Coxley and his lieutenant, Carl Brown, of Commonwealth fame, arrived here last night from Madison, O. In an interview Mr. Coxley said: "I have withdrawn from the People's party, in whose national committee I was a representative from Ohio, and have called the conference to be held here today for the purpose of organizing a new national reform party, which cannot be turned over to one of the old parties, as that of the Populists was in the last campaign. It is our desire to form a party in which the people can have more direct control of their representatives than is now possible."

LONDON, Jan. 12.—Terrific storms have prevailed within the last twenty-four hours in the North sea and the Bay of Biscay. The steamer Three Brothers, belonging to Messrs. France, is overdue at that place, and it is reported that she has foundered off Ushant. She had sixteen men on board. The British steamer Diomedea, belonging to the Diomedea Steamship Company, of London, has been sunk in a collision with the steamer 'Aurora' in the Farn Islands. A number of Yarmouth fishing boats have been wrecked or damaged by the storm, but the loss of life is not known.

Excitement on the Cotton Exchange.
NEW YORK, Jan. 12.—Great excitement prevailed on the Cotton Exchange yesterday from start to finish. A rapid decline set in under disappointing English advices, the first call being a decline of five to eleven points. This was followed by indications of much larger receipts of cotton at the ports for the week than originally calculated upon. At the same time Fall River advices were unsatisfactory. Advances from the southern port markets were also very unsatisfactory. The close was barely steady at declines of seventeen to twenty-one points.

ALTBELD SNUBBED.
A Pointed Insult to Illinois' Retiring Governor.
REFUSED TO HEAR HIS ADDRESS.
When a Democratic Member of the House Rose to Invite Mr. Altbeld to Speak He Was Ignored by the Presiding Officer, and the House Adjourned.

SPRINGFIELD, Jan. 12.—A sensational scene marked the retirement of Governor John P. Altgeld. When Altgeld's successor, Governor John R. Tanner, had spoken an effort was made by State Senator Mahoney, of Chicago, to get the floor, but the speaker refused to recognize him. He wanted to make a motion that the joint assembly extend the courtesy of the floor to the retiring governor. While he was trying to get in this motion Representative Needles moved that the joint assembly dissolve. It prevailed, and the house then adjourned till today.

Governor Altgeld had expected to make a short speech, and his name was put on the program by the committee on arrangements. Some of the Republican members were opposed to letting him talk, and it was arranged with the speaker before the house met that he would not recognize any Democrats during the joint session. In this way Governor Altgeld was shut out. It has been customary in the past to recognize the retiring governor at the inauguration ceremonies. No reason was given for the snubbing of ex-Governor Altgeld.

The snub was made the more painful to the ex-governor and his friends from the fact that Mrs. Altgeld occupied a seat beside him on the stage and shared in the confusion resulting from the affair. The majority of the members of the joint assembly and the large audience did not appreciate the significance of the course taken until the motion to adjourn carried and put an unexpected end to the ceremonies.

Rival Railroads' Serious Fight.

A hand to hand fight took place yesterday, in which a large number of people were injured. The strike on the South Milwaukee, which is conducted on a head with a shovel and is seriously hurt. Two women and a number of men were wounded by a train thrown from the engine. Eighteen Chicago and North-western men, including Superintendent Hamilton, were arrested. Twenty-four electric workers have been sworn in to preserve the peace. A renewal of hostilities is expected.

Kansas Winsman's New Enterprise.
NEW YORK, Jan. 12.—Evanston Winsman, representing the Consolidated Canal and Lake Company, has been elected to the board of directors at a special meeting held yesterday. Mr. Winsman explained that his company expects to bring into New York annually 1,000,000 barrels of flour via the Erie canal. The leasing of this pier is a great blow at the railroads running into the metropolis and its vicinity, which have for some years monopolized the flour carrying business from the great lakes. In the matter of export trade alone it will be a hard blow on Philadelphia, Baltimore and Newport News.

Charges Against Kansas City Police.
JEFFERSON CITY, Mo., Jan. 12.—In the senate Senator Lyons introduced a sensational resolution making serious charges against the Kansas City police department and asking for the appointment of a committee of three to make an investigation. The resolution calls attention to newspaper charges which allege that the gambling in that city had been fostered by the police and police judges, that policemen had been compelled to pay certain sums for appointment and that the police force and police commission were taking offensive part in politics.

Government Prisoners for Trenton.
WASHINGTON, Jan. 12.—Attorney General Harrison yesterday completed arrangements for the care and confinement at Trenton of New Jersey state prisoners at Trenton of prisoners convicted in the District of Columbia of violating laws of the United States. Slater Donoghue Defeats Lawson.
WASHINGTON, Jan. 12.—At the week's skating contest begun here at the ice palace last night, Joe Donoghue, of Newburg, N. Y., and John Lawson, of St. Paul, raced for a mile and a half. There were two fouls, and the judges decided no race. Donoghue then defeated John Lawson, champion of Sweden, by a lap in a half mile contest, Lawson falling down in the fourth lap. Time, 1:32.

The People's Favorite.
A Man of Affairs, Who Has Long Been a Leader in Politics, and Whose Popularity Extends Beyond the Limits of His Town, Relates An Experience.

Alderman GEORGE FRY, Allentown, Pa.
It would be difficult to find a more popular city official than the gentleman whose portrait appears above. He has been so closely identified with all that relates to the well being of Allentown and Lehigh County, and been in public life so long that his numerous friends will be particularly interested in what he has to say. His neighbor, Mr. H. H. C. Smith, in commenting on Mr. Fry's case says: "It was pitiful to look at him, he was so nervous and wasted. He told me every day that he could not live long. I watched this case from day to day and noted the changes. The doctors could do nothing for him, but since he began taking Dr. Miles' Nervine I never saw a change so. He now looks better than he has in ten years. Everybody who has what brought about the change and he answers, Dr. Miles' Nervine." Mr. Fry sends us the following statement, dated May 11, 1895.

"In June 1894, I was terribly afflicted with nervous rheumatism, which was particularly severe in the shoulders. Physicians said it was the result of La Grippe which I had in 1891. They claimed my spine was affected and this would weaken my nerves. I took medicines from many doctors without relief. Last November I commenced taking Dr. Miles' Restorative Nervine and Nerve and Liver Pills. I took five bottles of the Nervine and several boxes of pills and the result is a perfect cure. I am as well now as I feel better than before I was sick. I am now 64 years of age. I can praise your medicines too highly, and would advise all those afflicted with nervous troubles to use them." GEORGE FRY.

The testimonials received by the Dr. Miles Medical Co. verify the saying "truth is stranger than fiction." Here is one of the best known men in the community where he resides, "so nervous and wasted it was pitiful to look at him," who by taking a few bottles of Dr. Miles' Restorative Nervine is brought to the enjoyment of better health than he had before his severe illness. His friends look upon his restoration as little short of a miracle. What a lesson for all readers not in the enjoyment of good health. From Mr. Fry's experience, Dr. Miles' Restorative Remedies will cure who doctors and other remedies have failed to give relief.
