Tours to Florida.

No district in America presents, during the winter season, so many varied attractions as the State of Florida. Besides its delightful climate, which to one escaping from the cold and unhealthy changes of the North seems almost ethereal, it is pre-eminently a land of sport and pleasure. Along its eleven hundred miles of salt-water coast and its twelve hundred fresh-water lakes are fish of almost every conceivable variety, from the migratory tribes common to Northern waters to the tarpon, pompano and others of a more tropical character. Nowhere in all our broad land can the angler find a greater variety of game fish sport.

Here also the most enthusiastic hunter finds snipe, deer, turkeys, hares, partridges, and wild cats roam at large through the more sparsely settled regions, where birds of all kinds may be found in abundance throughout the State. The more novel sport of alligator and muskrat hunting may also be indulged in by the more adventurous tourist. With its matchless climate, its orange groves, its rivers and lakes, its hunting and fishing, its sporting and other pleasures, its extensive forests, Florida presents unvaried attractions for the sportsman, the lover of nature, the sportsman and the explorer.

To this attractive state the Pennsylvania Railroad Company has arranged four specially-conducted tours during the season of 1897, leaving by special train January 20, February 6 and 20, and March 9. The first three tours will admit of a journey of two weeks in this delightful land; tickets for the fourth tour will be valid to return until May 31 by regular trains.

Rates for the season 1910, \$50.00 from New York; \$45.00 from Philadelphia, and proportionate rates from other points.

For tickets, itineraries and other information, apply to ticket agents, special traveling offices, or address: Geo. W. Boyd, Assistant General Passenger Agent, Broad street station, Philadelphia.
