A CONVENTION and not a theory confronts the local Democracy.

This man who let loose the dogs of war now finds them in somebody else's yard.

Apparently the Pullman car people are not very liberal with passengers, judging from recent trends.

Underground journalism is preferable to the lost journalism which caters to the baser instincts of humanity.

The action of Superintendent Hettleridge in causing the arrest of a delinquent water consumer will set a good example for others.

To secure competent and faithful officials it is necessary that the citizens attend the primary elections, and see that such men are nominated.

The recent attitude of several bank officials is a timely lesson to those who are tempted to take the first step in unscrupulous trust funds.

Now New York has begun a war on the full church bonus. This looks very like a movement against feminine piety in its most popular form.

Governor Hastings is said to have his pruning knife ready and will use it effectively in reducing the useless expenditure of the state's finances.

If the Pattelle Republican does not like Mr. Foraker as United States Senator, it is his duty to cast his vote for the man who will succeed J. Donald Cameron.

Much favorable comment is heard among litigants and members of the bar in reference to the large number of cases prepared and disposed of by District Attorney Hechtel.

The departure of Debs from the Populist party affects it much as it is affected by the departure of Cozy. The fact that it has grown too conservative for them is a recommendation of the party to more conservative people.

We may call black white as often as we have a desire to delude ourselves, but the fact remains that the ends of justice seldom miscarry; but when they do, it is a crime against humanity.

The Herald starts the new year with a large number of orders in the job department. The excellent facilities and the quality of work turned out by us always brings the second order.

The Wasmaker Republicans, (correctly speaking, the Martin-Mages combine) will carry the war into the Legislature, hence to the next state convention. After that their millstone motto will probably be neither hot water, patriotism.

It is said that when certain Pattelle Republicans heard of the visit of Senator Quay and Foraker to Canton, they went at the foot of the Henry Clay monument. This one's fondest hopes are sometimes badly shattered.

We hear a great deal about the power of Richard Croker over Tammany Hall. The local Democracy has its own Croker, which is the difference that the Shenandoah species has not the power he would like to have in saying who shall be nominated for borough offices.

Frank's blood on the moon, at least that portion of it that illuminates Mahanoy City. We are informed that the irrepressible Thomas Julius Joyce is at the head of a syndicate that will establish a daily paper in our neighboring borough. And want there be fun!

Those who have business at the county court can fully testify to the truth of the statement that Controller Severa is keeping a faithful watch over the county's treasury. Especially is this true in reference to witnesses' fees, as well as in other departments at the court house.

While disclaiming all intention of interfering with Mayor McKinley in the selection of his Cabinet, we beg leave to call his attention to the town of St. Clair, which has never been represented in any President's Cabinet, although its citizens have died almost every other office and are still looking for mine.

In the event of Hastings' translation to the Cabinet, Lieutenant Governor Lyons will succeed Daniel H. Chien as the Chief Executive of this commonwealth. This then will be granting of teeth among the small fry politicians who occupy their time in barking at Senator Quay's heels. Schenckill county has a number of the latter.

It is business is dull, it certainly is not because the balance of trade is against us, for it is not. On the contrary, it is very largely in our favor. There is evidently plenty of money, but for some inexplicable reason there does not appear to be any disposition on the part of the holders to make business investments, as is usually the case under like circumstances. The uncertainty in regard to the tariff evidently has much to do with it.

Rev. P. F. Daugherty, the highly esteemed pastor of the church of St. Mary Magdalene, at Lost Creek, expressed his opinions in unmistakable terms in condemning the coal strike on Sunday. He declared the sheet metal to enter any home where there are youthful minds which would be liable to be contaminated by contact with such a publication. It is his only displayed the care to be expected of one in his sacred calling who

has the welfare of those under his charge in constant view, and reflected indignation in general, which is as outspoken as Father Daugherty was. Father McCullough, of Girardville, also spoke in strong terms upon the same subject. And to think the editor of the sheet had charge of our schools for three years!

NICARAGUA CANAL BILL

The Measure Will Be Pushed to Final Passage in the Senate.

WASHINGTON, Jan. 19.—The senate yesterday voted to take up the Nicaragua canal bill. This gives the measure the preliminary step of being the unfinished business of the senate, and that it will be considered from day to day until final action is secured. The prospect is that a final vote will be reached at an early day. Senator Morgan, of Alabama, opened the debate with a lengthy speech in favor of the measure. Mr. Morgan said it should be determined whether American control of the canal or the upholding of the Monroe doctrine was to be included among the differences to be submitted to arbitration under the Anglo-American treaty.

The canal bill provides for an issue of \$100,000,000 of mortgage-railroad company stock, of which the United States is to subscribe for \$70,000,000 worth of shares. The company is to issue bonds up to \$100,000,000, these to be guaranteed by the United States. It is substantially the measure introduced by the senate in the last congress. Mr. Chandler introduced the Republican caucus bill for an international monetary conference, and also a bill providing for a permanent census bureau, with a superintendent at \$3,000,000 salary.

The house passed three bills of public importance and devoted the remainder of the day to discussion of the bill. One prohibited the sale of intoxicating liquors to the Indians, one amended the existing patent laws in conformity with the recommendations of the American Bar association, and another provided for the use by the government of patents secured by naval officers, at compensation to be fixed by a board of three officers.

Me Kenney is a prominent lawyer of Dover. He was born in Sussex county in 1850 and was admitted to the bar in 1873. He was assistant general of the state National Guard under Governor Biggs, but has not held any public office. He has always voted the Democratic ticket, and was an ardent supporter of Bryan.

The "Trump" legislature, made up of four-term Republican representatives and three Republican senators, held a caucus on the 19th and unanimously selected J. Edward Adams as the Democratic candidate for state senator, Charles H. Atkins of Sussex for state treasurer, and Beriah Watson of Kent for county auditor. The caucus was entirely harmonious.

One short puff of the breath through the nostrils, and the nostrils with each puff of Dr. J. Kenney's Catarrhal Powder, diffuses this powder over the surface of the nasal passages, palatine and velvety to me. It relieves, instantly, and permanently cures Catarrh, Hay Fever, Colds, Headache, Sore Throat, Tonsillitis and Discharge. 50 cts. Sold at KIRKIN'S drug store.

California has been most fittingly termed the "Holy of Holies." All the delicious fruits, the cloudless sky, and the rich vegetation of California, are duplicated in this sunny land of the Pacific. Here nature looks in the sunshine of her own beauty; and here she has established her own sanctuary, where eternal spring invigorates the youth. With the snow-capped peaks of the Sierras upon the one hand, and the Pacific with its soft breezes upon the other, and a veritable paradise of flowers, fruits and plants between, man can find and needs no loverland. To visit such a country is a privilege, a blessing.

The Pennsylvania Railroad Company, recognizing the need of a more comfortable and convenient mode of travel, has inaugurated a series of annual tours to California, running a through train of Pullman palaces from New York to the Pacific Coast, and stopping at the principal points of interest en route. The great popularity of these tours demonstrates the wisdom of the management.

For the season of 1927 three tours have been arranged to leave New York, Philadelphia, and Pittsburgh, January 27, February 24, and March 27.

The first tour will run direct to San Diego via St. Louis and the Santa Fe Lake City, Denver, and Chicago, allowing five weeks in California. The second tour will run via the Mammoth Cave and New Orleans to San Diego, stopping at the "Crescent City" during the Mardi Gras carnival. This tour will return via Salt Lake City, Denver, Omaha, and Chicago, allowing four weeks in California.

A NEW DISCOVERY by the SHAKERS.

For more than a hundred years the Monks of Shaker have studied the cultivation of medicinal plants and sought to extract from them their healing essences. Their labor has not been spent in vain. They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine-tenths of our suffering are caused by dyspepsia or indigestion. Nearly every person you meet has this digestive trouble in some of its varied forms—flatulence, distention after eating, pain and fullness in the chest after eating, palpitation of the heart, nervousness, and all the symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Cordial has such an immediate and salutary effect is that it causes the food eaten to be digested, for it is undigested food that causes the distress. The Cordial causes the food to be digested before there is time for it to ferment and sour in the stomach. When the food is so digested it gives strength and vigor to the feeble body, makes one feel bright and cheerful, and makes one gain in flesh.

The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. It gives immediate relief.

Every druggist has been sent a supply of our handsome Donkey Puzzle Books, and a copy may be had for the asking. It tells all about the Cordial as well as LaSalle, the new taste oil.

Try a twenty-five cent bottle of Digestive Cordial and see what it will do for you.
