It can be, however, and usually is, productive of more or less debate on our foreign relations. It is possible that an effort will be made in the house, as it was in the committee to raise the malaries of the consuls below \$2,500 to the latter

figure. But the attempt, if made, will probably fail. The week in the senate opened with fur-ther discussion of the Niesragus canal-bill. It is expected that this bill will be disposed of in some manner during the first half of the week. It is thought now that if Senator Morgan asks for a night session at all he will not do so until to-morrow. It is admitted that a majority of the senate favor the bill and will vote for it if it comes to a vote, but whether they will voluntarily deprive themselves of a night's rest to insure its passage remains to be seen. Senators Vilas and Turpic will oppose the bill by all the means at their command, and will fillbuster to prevent its passage. They will also have assistance from other senators. If the bill does not reach a vote by the middle of the week there will be great pressure to get up other measures. Senator Lodge ex-

WILRESHARRE, Pa., Feb. 1.—Detectives Kline and Honeywell claim to have discovered some startling evidence in con-nection with the escape of Charles Shaffer According to their story, the original plan was to secure the liberty of two murderers. One of the latter was Peter Wassell, alias "Terrible Pete." Wassell is accused of killing a number of men in his lifetime. There were ten witnesses called for the owners, whose valuations of the property ranged from from \$45,000 to \$100,000. On the part of the water company there were called five witnesses, whose figures ranged from \$12,000 to \$10,000. Mr. Edward Beck, of Cressona, who owns property adjoining the Shannon estate, called by the owners, testified that in its opinion the market value of the Shannon property in 1895 was \$45,000. From measurements made the quantity of water flowing in the streams is about \$800,000,000 gallons a year.

The jury retired Friday afternoon, and on Saturday returned a scaled verdict, the jury finding in favor of the owners for \$15,000 as the value of the property in November, 1895. The outcome of this suit has created much interest in Shenandoah from the fact that the Borough Council has a similar suit now
