Sir Philip Currie May Leave Turkey. London, Feb. 8.—The removal of Sir Philip Currie from the British embassy at Constantinople at an early period is said to be certain. The Right Hon. George N. Curzon, parliamentary secretary of the foreign office, defended him in the house recently against accusations from the conservative side. But it is no secret that Lord Salisbury is dissatisfied with Sir Philip, and that the cabinet would concur in his transfer to some other post. If a long period of diplomatic quiet becomes the prospect at Washington he might be sent there.

Train Crashed Through a Trestle. Baltimore, Feb. 8.—Passenger train No. 4, which left Columbia at 10 o'clock Saturday night over the Cumberland and Pennsylvania railroads, crashed through the trestle of the bridge at Franklin. The engineer was killed, and the fireman, brakeman, conductor and several passengers were more or less injured. The bridge structure had been weakened by the pressure of an ice gorge.

The Stricken Senators. Washington, Feb. 8.—The condition of Senator Harris, of Tennessee, was not so satisfactory yesterday as had been hoped for. In the early hours of the morning he experienced a relapse, which left him in a weak condition. His pulse became quite feeble. In the afternoon and night he appeared slightly stronger, and is apparently more comfortable. Senator George's condition has so far improved as to warrant his physicians in believing he will be able to leave the city for his Mississippi home later in the week.

God Will Not be in the Cabinet. Canton, O., Feb. 8.—Judge Goff has written to Major McKinley a letter couched in such terms as to warrant the announcement that he will not be in the cabinet. His name must now be erased from the cabinet lists. Judge Goff declines that the climate of Washington would be dangerous to the health of his wife.

Charged with Killing His Cousin. Hazleton, Pa., Feb. 8.—Michael H. Roserick was arrested Saturday afternoon charged with the murder of his cousin, George Roserick, of Latimer. The latter came to the hospital in this city two weeks ago for treatment for a fractured skull. He refused to tell how he received his injury, but the police officials believe he was struck by his cousin during a drunken brawl.

The Truth is Mighty. From Mahanoy City American. The American's columned contemporary, the News of Shenandoah, last evening stated that the unfortunate discussion of the past few days between the American's Shenandoah correspondent and the News had descended to a question of veracity between a reporter of the News and the American's correspondent. In justice to the latter and to be fair with our editorial brethren on the News, it is but right to say that the statements were made by Mr. Thompson. We are sorry to be compelled to say so, but he has left us no alternative. He did say to Manager John Henker, of the News, that he intended to be managing editor of the News. He made the same statement to several employees of the American, to Manager Bladen, of the City Hotel; to Mr. D. M. Graham, to Mr. C. W. Kennedy, to John O'Donnell, of the American, and to dozens of others equally reliable and above question.

Rivers Full of Floating Ice. Pittsburgh, Feb. 8.—Both the Allegheny and Monongahela rivers are full of floating ice, and are rising rapidly, but a dangerous flood is not apprehended. A good heading stage of water is assured, however, and between 7,000,000 and 10,000,000 bushels of coal will be shipped to southern ports during today and tomorrow. The Monongahela and the Allegheny above Brownsville are still frozen over.

A Sure Something For Nothing. The only time we are sure that our readers get something for nothing is when those who are sick or out of health accept the great offer of free consultation by letter of Dr. Greene, 35 West 14th St., New York City, who is a physician of the most famous and successful business in curing disease. You can write Dr. Greene about your case and he will send you his opinion, advice and fully explain your disease free. If you follow his directions a cure is sure.

Expensive Murder Trials. Altoona, Pa., Feb. 8.—Private investigation of the Blair county accounts has shown that the amount already paid the Bunting & McSweeney Detective Agency on the Bonneville murder case reaches the sum of \$22,736.22. Calculating the commonwealth's expenses on the trials of Frank Wilson and James Parrel, the convicted murderers, the amount expended will reach the enormous sum of \$30,000. From present indications both of the convicted murderers may get a new trial, which may nearly double this sum.

Letters Granted. Letters of administration of J. S. H. & A. were granted to Mary S. Williams on the estate of David Davis, late of New Castle township, deceased; to Henry Baumgarten and Joe J. Kennedy on the estate of Ellen Kennedy, late of Pottsville, deceased; to Ella Lewis on the estate of Lewis Lewis, late of Caladale, Pa., deceased; and to Elizabeth S. Schaeffer, late of Schuylkill Haven, deceased.

Ice Gorge in the Ohio Gives Way. Louisville, Feb. 8.—An ice gorge fifteen feet high and twenty miles long, which has been forming for several days, gave way yesterday afternoon. Several New Orleans and Memphis packets have been caught in the ice and compelled to lay up. If these have not succeeded in finding refuge in the tributaries the loss may be large. A telephone message from the seven late today says the Buckeye State ran into Blue river to escape the ice.

Secretary Kitchin's Successor. Pittsburgh, Feb. 8.—Saturday night Stephen Madden was elected secretary of the Amalgamated Association of Iron and Steel workers to succeed John C. Kitchin, deceased. John Williams was elected assistant secretary.

Arkansas Sweeping Anti-Trust Bill. Little Rock, Ark., Feb. 8.—The house, by a unanimous vote passed Parker's trust bill. It prohibits the formation of any trust or combination in the state, and prescribes a fine of not less than \$500 nor more than \$2,000, and a sentence of one to ten years for violation of the provisions of the act. A similar bill has passed in the senate and is still pending in the house.

PERSONAL MENTION.

Men Died Suddenly at St. Clair and Pottsville.
John D. Clinton, a telegram operator at St. Clair, aged 25 years, dropped dead while at his work at 2:30 o'clock yesterday morning. The young man, who had charge of the wires by night, had complained a few minutes before his death of a slight indisposition. He also remarked that the atmosphere of the room was oppressively warm, and without donning out door garments, proceeded to the porch, outside. A moment after Daniel Baseman, the yard-master, and other occupants of the office, were startled by a noise on the stairway outside of some one tumbling, and rushing out they found Clinton. The letters pressed upon his breast, bleeding from cuts in the face, half-conscious and moaning. He had evidently been overcome while standing on the porch and had fallen down the flight. He was removed to the office, became unconscious and ten minutes after he had completed of illness was dead. His remains were removed to the home of his parents in Mechanicville. He is unmarried.
Lewis P. Garrigue was stricken with sudden illness at his home in Pottsville yesterday morning and died within a few minutes of the attack. It was supposed that the illness came from him while he was in bed and that he arose to summon aid, but he fell upon the floor of his bedroom. The deceased had suffered from an affection of the heart for some time.

Saved His Daughter. Another instance where Thompson's Diptheria Cure was the means of saving his comes from Charles Karich, of South Williamsport, Pa., who says: "Several months ago my daughter was taken with a severe case of diptheria. Our physician did all he could until she became so weak that he had to give her up. I used Thompson's Diptheria Cure and she recovered. I credit her recovery to this excellent remedy, and would like to express my appreciation of the medicine." Sold at Kirlin's drug store at 50 cents a bottle.
Compromise Effected. It is said that the County Commissioners and John O. Ulrich, Esq., have effected a compromise in the matter of the dispute over the appointment of a County Solicitor. On January 1st last the Commissioners appointed Charles E. Berger to succeed Mr. Ulrich, but the latter claimed that he was elected one year ago as Solicitor for a term of three years and demanded his salary for that length of time. The compromise is said to have been brought about by the Commissioners agreeing to pay the big Tamaqua lawyer \$750.

MAHANAY CITY.
Two Prominent Young Men Became Stage Struck and Ran Away. William Schafer and Edward Roads, two well known young men belonging to prominent families, boarded an afternoon train yesterday with the intention of joining the Beach family routeville troupe, which played here last week. A telegram was immediately sent to Captain O'Brien, of the P. & R. police force at Philadelphia, who detailed Officer Kirkpatrick to board the train at Columbia avenue, where he took a seat behind the pair. When they arrived at the Terminal station they were taken to the nearest police headquarters and locked up. It was also said that they "flushed the roll" before leaving Mahanoy City, but this is denied by the parents of the parties. Mr. Roads, a father of one of the runaway boys, has left for Philadelphia and expects to return home to-night with the young men.
